III. POLICY

A. Driving Record Checks - Operators of State Vehicles

1. All operators of state vehicles and personal vehicles used on the job shall hold a valid driver license and maintain an acceptable driving record. An acceptable driving record meets the guidelines detailed in this policy and in Attachment A.

2. Driving record checks shall be required for:

a. Applicants for positions where the operation of a state vehicle is a requirement of the position, prior to making a job offer.
b. Employees whose job duties require the operation of state vehicle. Record checks shall generally be conducted annually, and also as required at the discretion of the Human Resources Administrator.

Human Resources will conduct Oregon driving record checks on all finalists. Before making an offer of employment, the hiring manager shall contact the HR Records Specialist by e-mail to request the Oregon driving record on all finalists. The manager shall note the Oregon Driver’s License (ODL) number(s) in the e-mail and provide a copy of the ODFW Driving Certification form (Attachment A) completed by the applicant. Applicants from states other than Oregon shall present a current certified court print driving record at the time of interview for the state the applicant resides in, as required pursuant to the recruiting announcement. The hiring manager shall send this out of state record to HR for approval.

3. Acceptable Driving Record Guidelines.
   a. In general, the following kinds of driving records are acceptable:
      - No major traffic offense in the last 24 months. This includes reckless driving, driving under the influence of intoxicants, failing to perform the duties of a driver, criminal driving while suspended or revoked, fleeing or attempting to elude a police officer, and others;
      - No felony revocation of driving privileges or felony or misdemeanor driver license suspension within the last 24 months;
      - No more than three moving traffic violations in the last 12 months;
      - No careless driving conviction in the last 12 months; or
      - No Class A moving traffic infraction in the last 12 months. Class A moving traffic infractions include, but are not limited to, failure to obey or yield to a traffic patrol member, certain violations of speed limits, speed racing on a highway, failure to stop for bus safety lights, and refusing to obey a flagger.
   b. Application of these guidelines may vary from case-to-case, depending upon the relevance of the infraction to the position.

4. If the driving record is not acceptable:
   a. If the operation of a state vehicle is an essential function of the position, an applicant shall be denied employment. An employee may be subject to the removal or disciplinary process up to and including dismissal as provided by the collective bargaining agreement or HR Policy 470_02, Management Service Dismissal or Removal.
   b. If the operation of a state vehicle is a requirement of the position but not an essential function, an applicant shall be denied employment. An employee may be assigned other duties or may be required to provide an acceptable alternate means of transportation.
5. Disciplinary action may be taken against employees whose driving is unsafe, discourteous or results in an accident or citation. Such disciplinary action may include:
   - Suspension or revocation of the use of a state vehicles;
   - Formal disciplinary action up to and including dismissal from state service.

While citizen complaints can be relevant indicators of deficient driving, they should not be the basis of disciplinary action until their validity has been determined.

B. Criminal History Checks

The Human Resources Division Administrator, in consultation with the appropriate Division Administrator or Region Manager, shall designate certain positions as sensitive and thereby subject to criminal history checks. The department will conduct criminal history checks, including fish and wildlife violation checks, on individuals who are considered for employment and/or are employed with the department in subject positions. Criminal history checks shall also be conducted by HR annually on subject individuals in the first several months of each new calendar year, until such time as the sensitive duties are no longer assigned.

1. Individuals who are considered for employment and/or are employed with the department in subject positions shall:
   a. Complete, sign and submit to the department the ODFW Criminal History Check Form (Attachment B), and, if requested, a fingerprint card within ten (10) days of receiving the form. The department may extend the deadline for good cause.
   b. Within a reasonable period of time as established by the department, disclose additional information as requested by the department in order to resolve any issues hindering the completion of a criminal history check.

2. When the department determines that a criminal record check is needed, in addition to checking an applicant or employee’s fish or wildlife violation record, the department may request or conduct a LEDS Criminal History Check, an Oregon Criminal History Check, a Nationwide Criminal History Check, or any combination thereof.

3. An individual may be approved on a preliminary basis as fit to serve in a subject position if the Human Resources Division Administrator:
   a. Has no reason to believe that the individual has made a false statement; and,
   b. Determines that, after evaluating all available information, hiring or appointing the individual on a preliminary basis does not pose any risk of harm to the department, its client entities, the State, or members of the public.

4. Managers are responsible to ensure that a preliminary fitness determination is completed and approved prior to offering appointment to individuals who are applicants for positions which require a criminal history check and prior to assigning the employee sensitive duties.

5. In instances when an appointment is made prior to a final fitness determination, the appointment remains contingent on a final fitness determination.
4. If a subject individual is either approved or denied on the basis of a preliminary fitness determination, the department thereafter shall conduct a final fitness determination.

5. In making a final fitness determination about a subject individual, the department shall consider the factors in subsection a–f below in relation to information provided by the subject individual, any LEDS report or criminal offender information obtained through a criminal history check, and any false statement made by the subject individual. To assist in considering these factors, the Human Resources Division Administrator may obtain other information deemed relevant from the subject individual or any other source, including law enforcement and criminal justice agencies or courts within or outside of Oregon. To acquire other relevant information from the subject individual, the department may request written materials and/or may meet with the subject individual. The department will use the collected information in considering:

a. Whether the subject individual has been arrested, pled nolo contendere (or no contest) to, been convicted of, found guilty except for insanity (or a comparable disposition) of, or has a pending indictment for a crime;

b. The nature of any crime;

c. The facts that support the arrest, conviction, finding of guilty except for insanity, or pending indictment;

d. The facts that indicate the subject individual made a false statement;

e. The relevance, if any, of a crime or of a false statement made by the subject individual to the specific requirements of the subject individual’s present or proposed position, services or employment; and

f. The following intervening circumstances, to the extent that they are relevant to the responsibilities and circumstances of the services or employment for which the fitness determination is being made, including, but not limited to, the following:

i. The passage of time since the commission or alleged commission of a crime;

ii. The age of the subject individual at the time of the commission or alleged commission of a crime;

iii. The likelihood of a repetition of offenses or of the commission of another crime;

iv. The subsequent commission of another crime;

v. Whether a conviction has been set aside or pardoned, and the legal effect of setting aside the conviction or of a pardon;

vi. A recommendation of an employer.

6. If the final fitness determination is that the individual is unfit for the subject position:

a. The applicant shall be denied the position;
b. A trial service employee shall be removed from trial service;

c. An employee applying for a different position shall be denied promotion, demotion or transfer to a subject position.

9. Criminal history checks shall also be conducted as required at the discretion of the Human Resources Division Administrator. If an employee in his/her current position is determined to be unfit, he/she may be subject to the dismissal process as provided by the collective bargaining agreement, or HR Policy 470_02, Management Service Dismissal or Removal.

IV. POLICY CLARIFICATION

A. Under authority granted in ORS 496.121, the Department of Fish and Wildlife has the authority to conduct criminal history background checks at any time without notice.

B. The fact that the department approves a subject individual as fit does not guarantee the individual a continued position as a department employee.

C. The department shall verify that a driver meets its standards whenever the department learns of the driver’s involvement in an accident, traffic citation, or a major traffic offense, and may verify a driver’s qualifications at any other time.

D. Any individual who knowingly provides false, inaccurate or incomplete information for the driving record or criminal history check shall be subject to denial of employment or disciplinary action up to and including dismissal.

E. Except for positions which require the use, possession, issuance, transport, purchase, sale or forfeiture of firearms or munitions, access to firearms or munitions or the training of others in the use or handling of firearms, the department will not require a criminal records check on any current represented employee in his or her current position if the requirement was not in place when the employee was appointed to the position.

F. If the performance of sensitive duties is a convenience for the department, but not an essential function of the position, and the individual doesn’t pass a background check:

1. The applicant will be denied the position;

2. The Human Resources Division Administrator in conjunction with the appropriate Region Manager or Division Administrator shall determine whether the employee will be assigned duties that do not require the performance of sensitive duties.
