#### Points Information

- **PNT**
  - Tags Auth: Number of authorized tags.
  - Res Appl: # of applicants that applied with preference points.
  - Res Drwn: # of people that drew with preference points (in 75% portion of the draw).

- **ALLD**
  - NRES Appl: # of non-resident applicants.
  - NRES Drwn: # of non-resident people that drew the tag.

- **PNT DRWN**
  - All Pnt Apps: Number of hunters that applied with that # of preference points.
  - Hunters Pnt Drwn: Number of hunters that drew the tag with that # of preference points.

- **Non-Resident Columns**
  - Cum Pnts: Number of preference points.
  - All Pnt Apps: Number of hunters that applied with that # of preference points.
  - Hunters Pnt Drwn: Number of hunters that drew the tag with that # of preference points.

- **Non-Resident Pnt Drwn**
  - A subset of previous two columns, breaking down the non-resident draw.

---

Two hunters with 17 points applied and both drew the tag. One was a non-resident. Six hunters with 16 points applied and none drew the tag; all were non-resident.
