**DEFINITIONS**

"**Adult Hunting License**" is a resident or nonresident hunting license, resident combination angler’s and hunting license, disabled veteran’s angling and hunting license, pioneer’s angling and hunting license, or senior citizen’s angling and hunting license.

"**Agricultural Lands**" are lands not less than 10 acres in extent that have been cultivated and planted or irrigated to domestic crops that are currently in use. Isolated home gardens, abandoned farmsteads, logged lands, range lands and tree farms are not included in this definition.

"**Antler Point**" is a point at least 1 inch in length measured from tip of point to nearest edge of beam. This definition applies only to the 3-point elk and spike only elk bag limits.

"**Antlerless Deer**" means doe or fawn deer.

"**Antlerless Elk**" means cow or calf elk.

"**Bait**" for hunting game mammals means any substance placed to attract an animal by its sense of smell or taste, including, but not limited to, food items or minerals (such as salt). Applying a scent or attractant to one’s body or clothing while worn is not baiting.

"**Brace Height**" is the distance from the back of the bow’s riser at the handgrip to the string when the bow is at rest.

"**Broadhead**" see Unbored Broadhead.

"**Buck deer**" means a male deer with at least one visible antler.

"**Buck Pronghorn**" means a male pronghorn antelope with visible horns and a dark cheek patch below the ear.

"**Bull elk**" for the purposes of a bag limit definition, means a male elk with at least one visible antler.

"**Carcass**" means the skinned or unskinned body, with or without entrails, of a game bird or game mammal.

"**Cervid**" means any member of the family cervidae (deer), including gametes or hybrids.

"**Closed Season**" is any time and place when it is not authorized to take a specific species, sex, or size of wildlife.

"**Controlled Hunt**" is a season where the number or distribution of hunters is limited through a public drawing or other means.

"**Doe or fawn pronghorn**", for the purpose of pronghorn bag limits, means a female pronghorn without a dark cheek patch below the ear, or a pronghorn fawn (young of the year) of either sex.

"**Eligible Hunter**" is someone who will be 12 years of age by the time they hunt.

"**Established Airport**" is one that the Oregon Department of Aviation has licensed as a public-use airport, registered as a personal-use airport, or specifically exempted from either licensing or registration.

"**Feral Swine**" are animals of the genus Sus which meet the following conditions: (1) The animals are free roaming on public or private lands and not being held under domestic management confinement; (2) No notification to the land owner, manager, or occupant has been made by the swine owner or their representative of specifically identified and described swine having escaped domestic management confinement within a radius of five miles during the past five days; (3) The swine under consideration do not appear to be domesticated and are not tame; and (4) The swine under consideration do not meet the identification and description of escaped swine in section (2) above.

"**Furbearers**" are beaver, bobcat, fisher, marten, mink, muskrat, otter, raccoon, red fox and gray fox. Bobcat and Fox Hunters: Bobcat and fox are defined as furbearers. A Furterker’s License or a Hunting License for Furbearers is required to take furbearers including bobcat and fox. In addition, a bobcat record card is required prior to hunting, trapping, or harvesting furbearers. For more information please refer to the current Oregon Furbearer Trapping and Hunting Regulations, available at any ODFW office or by contacting Oregon Department of Fish and Wildlife, Trapper Education, 4034 Fairview Industrial Dr SE, Salem, OR 97302; 503-947-6000.

"**Game Birds**" are any waterfowl, snipe, banded-tailed pigeon, mourning dove, pheasant, quail, partridge, grouse, or wild turkey.

"**Game Mammals**" are pronghorn antelope, bighorn sheep, black bear, cougar, deer, elk, moose, Rocky Mt goat and western gray squirrel.

"**General Season**" is any season open to the holder of a valid hunting license and appropriate game mammal tag without restriction as to the number of participants.

"**Hunt**" means to take or attempt to take any wildlife by means involving the use of a weapon or with the assistance of any mammal or bird. Informational Note: As per ORS 161.405 “Attempt” described: A person is guilty of an attempt to commit a crime when the person intentionally engages in conduct which constitutes a substantial step toward commission of the crime.

"**Immediate Family**" means a landowner’s spouse, domestic partner, children, father, mother, brother, sister, step-children and grandchildren. For the purpose of Landowner Preference, “immediate family” also includes brother-in-law and sister-in-law.

"**Inedible**" means unfit for human consumption.

"**Juvenile hunting license**" means a resident, nonresident hunting license
or resident combination angling and hunting license for persons 9 to 17 years of age to hunt wildlife.

“Landowner” means a person who holds title in trust or in fee simple to 40 or more contiguous acres of land provided that a recorded deed or contract of ownership shall be on file in the county in which the land is located; and/or a corporation or Limited Liability Company (LLC) holding title in fee simple to 40 or more contiguous acres of land provided that the corporation or LLC shall be registered with the State of Oregon; and/or a partnership holding title in fee simple to 40 or more contiguous acres of land. Persons who hold title as part of a time share are not eligible for landowner preference.

“Muzzleloader” is any single barreled (shotguns may be double barreled) long gun meant to be fired from the shoulder and loaded from the muzzle with an open ignition system and open or peep sights. This definition applies to muzzleloader-only seasons and 641B, 644A1, 644A2, 644A3, 644T1, 649B and 652T2 and includes: open ignition in-line percussion; sidelock, under-hammer, top-hammer and mule ear percussion; sideloop flintlock and wheellock ignition systems. Matchlock ignition systems are not allowed.

“One deer” means a buck, doe, or fawn deer.

“One elk” means a bull, cow, or calf elk.

“Open Ignition” is an ignition system where the percussion cap, frizzen, or flint is visible and exposed to the weather at all times and is not capable of being closed or covered by any piece of the weapon.

“Point-of-Sale” (POS) is a computerized licensing system available at all locations that sell Oregon’s hunting and angling licenses. Licenses and tags are generated and issued directly to customers from a POS machine at the time of sale.

“Possession” means holding any wildlife or parts thereof in custody and any person who counsels, aids, or abets another person holding such wildlife is deemed equally in possession.

“Predatory Animals” means coyotes, rabbits, rodents and feral swine which are or may be destructive to agricultural crops.

“Protected Mammals and Birds” are any game mammal, game bird, furbearer, Threatened or Endangered species, fisher, ringtail cat, fringed myotis, Townsend’s big-eared bat, pallid bat, silver-haired bat, western small-footed myotis, long-eared myotis, long-legged myotis, yuma myotis, pika (cony), pygmy rabbit, white-tailed jackrabbit, white-tailed antelope squirrel, Washington ground squirrel, northern flying squirrel, chickaree (pine squirrel), golden-mantled ground squirrel, chipmunks, white-footed vole, all marine mammals and all nongame birds except European starling, house sparrow, Eurasian collared dove, and rock pigeon. Protected species may not be taken without a valid license and tag during authorized seasons or a Scientific Taking Permit. However, rabbits and rodents on private property may be taken with landowner permission.

“Pursue” means the act of trailing, tracking, or chasing wildlife in an attempt to locate, capture, catch, tree, or kill any game mammal or furbearer.

“Resident” is any person who has: (a) has resided in Oregon for a period of at least six consecutive months immediately prior to the date of making application for a license, tag, or permit; (b) Members of the uniformed services of the United States who: (i) Are permanently assigned to active duty in this state, and their spouse and dependent children, (ii) Resident in this state while assigned to duty at any base, station, shore establishment or other facility in this state, (iii) Resident in this state while serving as members of the crew of a ship that has an Oregon port or shore establishment as its home port or permanent station. (c) Aliens attending school in Oregon under a foreign student exchange program.

“Sabot” means any “Resident” of Oregon 12 through 17 years of age.

“Sabo” is a carrier, bushing or device in which a projectile of a smaller caliber is centered so as to permit firing the projectile within a larger caliber weapon. Cloth, paper or felt patches used with round balls are not considered a sabot.

“Shotgun” is a smooth bore firearm, designed for firing birdshot and intended to be fired from the shoulder, with a barrel length of 18 inches or more and with an overall length of 26 inches or more. Exception: Shotguns equipped with rifled slug barrels are considered shotguns when used for hunting pronghorn antelope, black bear, cougar, deer, or elk when centerfire rifles or shotguns are legal weapons.

“Spike Deer” is a deer with spike (unbranched) antlers.

“Spike only elk” for the purposes of a bag limit definition, means a bull elk with at least one visible unbranched antler (a brow tine is not considered an antler branch under spike only elk regulations).

“Tag” is a document authorizing the taking of a designated kind of mammal at a specified time and place.

“Take” means to kill or obtain possession or control of any wildlife.

“Three (3) point plus (+) elk” for the purposes of a bag limit definition, means a bull elk having 3 points or more on 1 antler including the brow tine.

“Unbarred Broadhead” means a fixed position arrowhead where the rear edge of the blade(s) forms an angle with the arrow shaft to which it is attached of 90° or greater. All of the dashed lines (Figure 1) designate an unbarred broadhead. Blades with rear edges that form an angle of less than 90 degrees in the direction of the arrow tip (Figure 2, for example) are not legal.

“Uniformed Services” means Army, Navy, Air Force, Marine Corps and Coast Guard, or their reserve components; the National Guard or Oregon National Guard, commissioned corps of the National Oceanic and Atmospheric Administration, and the Public Health Service of the United States Department of Health and Human Services detailed with the Army or Navy.

“Unprotected Mammals and Birds” means European starling, house sparrow, Eurasian collared dove, rock pigeon and any mammal species for which there are no closed seasons or bag limits. However, all general hunting regulations and licensing laws still apply. Common unprotected mammals include coyote, badger, gophers, moles, mountain beaver, marmots, porcupine, skunks, cottontails, black-tailed jackrabbit, rats, mice, opossum, nutria and weasels.

“Visible Antler” means a velvet or hardened horn that is visible above the skullcap and is capable of being shed.

“Waste” means to allow any edible portion of any game mammal (except cougar) or game bird to be rendered unfit for human consumption, or, to fail to retrieve edible portions except internal organs of such game mammals or game birds from the field. Entrails, including the heart and liver, are not considered edible.

“Weapon” means any device used to take or attempt to take wildlife.

“Wildlife” means fish, wild birds, amphibians, reptiles, wild mammals and feral swine.

“Wildlife Unit” means a geographic area described in the section, Wildlife Management Unit Boundary Descriptions, pages 91-95.
The Master Hunter Program is an advanced hunter education program designed to help hunters increase their knowledge and help them understand concerns of private landowners. The program’s objectives are:

- Foster positive relationships between hunters and private landowners.
- Increase hunting access to private lands by giving landowners a way to identify hunters who have had advanced training.
- Improve the hunting experience for graduates.
- Improve the public image of hunters.

The program includes a home study course, a 4-hour class that includes a written test, a test of firearms proficiency, and a requirement to perform 20 hours of volunteer service that benefits Oregon’s natural resources.

HUNTING AND ATV’S

**REQUIREMENT OR REGULATION?**

**The Choice is Yours!**

Nobody likes regulations; but if irresponsible ATV use continues to cause unacceptable impacts, then regulations will become necessary to ensure protection of public lands. A better alternative would be for ATV users to recognize the impacts their activity can cause and voluntarily take steps to reduce those impacts. ATV users are not unique in this respect - as more and more people use public lands for recreation, the potential impacts of these activities are growing fast.

**ROAD CLOSURES**

There are a number of reasons why some modes of travel are restricted on public lands. Reasons for restricting travel include:

- Wildlife and Habitat Protection
- Minimize Conflict Between Users
- Public Safety

**OREGON OFF-HIGHWAY
VEHICLE LAWS**

All ATVs operating on public lands must display an Oregon ATV Operating Permit. Please refer to the Oregon Parks & Recreation website for more information: www.prd.state.or.us.

Permits can be purchased over the telephone, through any Oregon State Parks and Recreation Dept. offices or at one of their 200 vendors. A current vendor list is available online at www.prd.state.or.us. For more information or to purchase a permit over the telephone, call 1-800-551-6949.

Refer to page 27 of this publication for hunting and ATV regulations.

**MASTER HUNTER PROGRAM**

A fish and wildlife violation background check will be conducted prior to certification, and no person with a violation in the past 5 years will be allowed to graduate. Additional checks will be conducted each time a certified Master Hunter applies for special hunting privileges. Any conviction or plea of guilt to a wildlife violation (including angling violations) will result in a five year suspension from the program.

**REDUCE ATV IMPACTS**

What you can do to reduce ATV impacts:

- Know the vehicle use regulations for the area you are hunting and respect road and area closures.
- Avoid the use of ATVs in wet areas or during wet conditions. Even though the lighter weight and low-pressure tires reduce impacts, ATVs can still do serious damage to wet areas.

**INTERESTING FACTS**

- Since 1995, the number of All Terrain Vehicles (ATVs) in Oregon has increased fivefold. There are now over 129,000 valid ATV Operating Permits in the state.
- Studies have shown that the harvest of bull elk increases with increased hunter access. Eventually this can lead to reduced hunter opportunity.
- Elk use declines in areas with adjacent roads open to motorized vehicles.

**MASTER HUNTER PROGRAM INFORMATION**

Information on the Master Hunter Program contact 503-947-6019.

For detailed information and the enrollment form go to: www.dfw.state.or.us/education/hunter/master_hunter.asp

**Special Opportunities:** Master Hunters applying between July 1 and July 31 are given priority when selecting hunters for emergency hunts.

**MASTER HUNTER ONLY HUNTS**

Unless you are eligible for and possess a landowner preference tag, you must successfully complete the Master Hunter Program before applying for these hunts:

- Lower Columbia elk
- Miami-Nehalem No. 3 elk
- 623B’s N Bank Habitat Area (deer)

**HUNTER ETHICS**

As a hunter, you are responsible to adopt and follow a personal code of ethics that reflects your values and your respect for wildlife, hunting and pass on the sport of hunting to those who come after you. Remember the following points to help ensure the future of Oregon’s hunting heritage.

**Respect Landowners**
- Ask for permission to hunt well before you plan on hunting.
- Leave all gates the way you find them.
- Follow all landowner restrictions.
- Offer to share part of your harvest with the landowner.

**Respect the Resource**
- Leave the land better than you found it.
- Adhere to fair chase rules.
- Know your capabilities and limitations as a marksman.
- Harvest no more than you will use, and take care of what you take.
- Abide by game laws and regulations.

**Report hunting violations to the Oregon State Police at 1-800-452-7888.**

**Respect Others**
- Follow safe firearm handling practices and insist your hunting partners do the same.
- Know what is beyond your target. Shot pellets can be fatal to both people and dogs.
- Don’t interfere with another persons hunt.
- If mentoring a youth hunter, be sure to pass on safe, responsible and ethical knowledge and skills.
- Wear hunter orange when hunting.

Be Safe – Be Seen.
The Mentored Youth Hunter Program allows youth ages 9 through 13 to hunt without first passing a hunter education class. It gives unlicensed youngsters the opportunity to receive mentored, one-on-one field training on the ethics, safety, responsibility and enjoyment of hunting while being closely supervised by a licensed adult.

Youth Participation
A youth may participate in the mentored youth hunter program, without first passing an approved hunter education program, provided the youth:

- Is 9 through 13 years of age. At age 14, a youth is no longer eligible to participate in the mentored youth hunting program. From age 14 through 17, a youth must pass an approved hunter education program and possess his or her own license and/or tags.
- Hunts while accompanied by a supervising hunter who is 21 years of age or older and who has a valid license and tag(s) for the dates, area and species being hunted.
- Annual registration is required.
- Has in possession proof of registration.
- Reviews and acknowledges understanding of material on safe hunting practices provided by the department by signing form.
- Follows all regulations regarding hunting in the given wildlife management unit, management area or location.
- Remains under the immediate control of the supervising hunter at all times while the youth is in possession of any legal weapon for the hunt.

Supervising hunter
The supervising hunter shall:

- Have a valid hunting license and tag(s) valid for the dates, area, and species being hunted.
- Maintain immediate control of the mentored youth hunter at all times while the youth is in possession of any legal weapon for the hunt.
- Ensure that all Oregon hunting regulations are followed. The supervising hunter shall be responsible and accountable for all actions of the mentored youth hunter while engaged in hunting.
- Supervise only one mentored youth hunter at any given time while engaged in hunting.
- Review information on safe hunting practices provided by the department with the youth.

Safety
While engaged in mentored youth hunting activities:

- The supervising hunter shall maintain immediate control of the mentored youth hunter at all times while the mentored youth hunter is in possession of any legal weapon for the hunt.
- The supervising hunter shall not accompany more than one mentored youth hunter at any given time while engaged in hunting.
- The supervising hunter and the mentored youth hunter shall not collectively possess more than one weapon legal for the hunt at any given time while engaged in hunting.

Seasons and bag limits

- Any wildlife harvested by the mentored youth hunter shall be counted towards the supervising hunter’s bag limit.
- A youth is not eligible to participate in the mentored youth hunting program if the youth possesses their own valid hunting license and tag(s) valid for the dates, area and species being hunted.
- The mentored youth hunting program is not applicable to designated youth only seasons and hunts.

Mentored Youth Preference Points

- Youth participating in the mentored youth hunting program will receive one mentored youth preference point for each year the youth registers for the program.
- The mentored youth preference points will be “banked” and held in the licensing system with no expiration date. To redeem banked points, the mentored youth will be required to fill out a form supplied by the department’s License Services Section that clearly states what species the mentored youth wants their mentored youth preference points moved to.
- Points must be used at one time and may not be split among species.
- Once Mentored Youth Preference Points are redeemed, they are converted to the Preference Point System and are subject to the Oregon Administrative Rules that govern preference points.

For more information please visit: http://www.dfw.state.or.us/resources/hunting/mentored_youth_hunting_program/index.asp

Register online at: www.dfw.state.or.us/online_license_sales or at any POS license agent.
Who Needs to Take Hunter Education?
- Anyone age 17 or under must have proof of hunter education in their possession (certificate or valid license that includes hunter education number) when hunting on land other than their own property, except youth participating in the Mentored Youth Program.
- Many states require ALL hunters to have passed hunter education - plan your out-of-state hunts accordingly.

Information for Youth:
- Youth may purchase licenses and tags prior to taking course, but must carry proof of having passed hunter education in the field.
- There is no minimum age requirement to take a class; however a child must be able to physically handle a firearm safely and understand the concepts of firearm safety and other topics covered in class.

YOUTH “FIRST TIME” HUNT PROGRAM

APPLICATION PERIOD
Begins July 1
(use application form on next page)

GUARANTEED BIG GAME HUNTING OPPORTUNITIES FOR YOUTH 12-17 YEARS OLD

The “First Time” program guarantees that youth hunters will be eligible to receive up to three tags: one buck deer (100 series), one antlerless deer (600 series) and one antlerless elk (200 series). It is one of many programs ODFW has in response to increased demand for youth hunting opportunities.

WHO MAY APPLY:

- Oregon residents age 12 to 17. See page 85 for Hunter Education requirements. Youths 11 years old may apply if they will be 12 by the time they hunt. Youths may not hunt with “First Time” tags once they turn age 18.
- To qualify for the “Youth First Time Hunt Program the youths must have applied in the Controlled Hunt Drawing for a hunt in hunt series 100, 200, or 600 (deadline May 15; see page 13) and been unsuccessful in the drawing.
- Qualified applicants must submit a “First Time Hunt Application,” see pg 87 for application and details. If in a previous year, the youth has been successful in one of the following hunt series 100, 200 or 600 they are no longer eligible to participate in the “Youth First Time Hunt Program” for that hunt series.

Important: The youth “first time” hunt program is not limited to just controlled youth hunts; however not all hunts are included in the program. Each hunt must meet a minimum tag allocation to be available to “First Time” hunters:

**HUNT SERIES** | **MIN. TAG LEVEL**
--- | ---
Buck Deer (100 series) | at least 201 tags
Elk (200 series)-antlerless only | at least 51 tags
Antlerless deer (600 series) | at least 51 tags

**HOW IT WORKS:**

- If you meet the criteria above, mail or fax a Youth “First Time” Program Hunt Application (see next page) to request a tag of their choice (TAG NUMBERS FOR THE HUNT MUST MEET THE MINIMUM TAG AUTHORIZATION LEVEL). No additional fee is required for this application.
- Applications must be received before the hunt begins.
- Enter up to five hunt choices per hunt series to ensure receipt of an eligible hunt (see min. tag level, per hunt series above).
- Youths participating in the “First Time” program are not eligible to participate in the Mentored Youth Hunter Program for that particular hunt for that year.

**IMPORTANT THINGS TO KNOW:**

- A youth loses eligibility for a “First Time” tag in a hunt series once they are successful for any hunt choice in that series (including youth hunts and LOP tags), except for leftover tags.
- Preference points will not be lost if participating in the “First Time” program.
- Youth that have applied for Point Savers in the same hunt series for the same year are NOT eligible for a guaranteed “First Time” tag.
- Applications must be received before the hunt begins.
- Adults who apply in a party with a youth in the controlled hunt drawing and are unsuccessful will not receive tags if the youth requests a “First Time” tag.
- Youths participating in the “First Time” program are not eligible to participate in the “Youth First Time Hunt Program” for that particular hunt for that year.
- For more information, call 503-947-6113 or 6117.

YOUTH HUNTER ORANGE REQUIREMENT

- Applies to youth hunters (age 17 under)
- When hunting all game mammals and upland birds (except turkey) with any firearm
- Hat OR exterior garment (shirt, jacket, coat, vest, sweater) visible in all directions
- Hunter orange camouflage acceptable
- Hunter orange NOT required for youth archery, turkey and waterfowl hunting

OREGON DEPARTMENT OF FISH AND WILDLIFE
2014 YOUTH “FIRST TIME” HUNT APPLICATION
(For Oregon Residents Age 12-17)
Application Period begins July 1
IMPORTANT INFORMATION!

To qualify for the First Time Youth Program, the youth must have applied in the Controlled Hunt Drawing (Deadline: May 15), been unsuccessful, and unsuccessful in previous years for that same hunt series. Youth that apply for a Point Saver in the same year are not eligible for a First Time Youth tag for that hunt series. Please see page 86 for more information.

MAIL TO: ODFW, Controlled Hunts, 4034 Fairview Industrial Dr. SE, Salem, OR 97302 or FAX TO: 503-947-6113 or 6117

THE FOUR PRIMARY RULES OF FIREARM SAFETY

- **MUZZLE**: Control the direction of your muzzle at all times
- **TRIGGER**: Keep your finger outside of the trigger guard until ready to shoot
- **ACTION**: Treat every firearm as though it were loaded-open the action and visually check if it is loaded
- **TARGET**: Be sure of your target and what is in front of it and beyond it

WEAR HUNTER ORANGE

Most firearm incidents during big game hunting are vision related - a hunter is shot because they were not seen. Hunter orange clothing makes it much easier for one hunter to recognize another hunter because nothing in nature matches this color. All hunters ages 17 and below must wear a hunter orange hat or vest while hunting big game and upland game birds (except turkey) with any firearm. ODFW strongly encourages you to wear HUNTER ORANGE.

Oregon Department of Fish and Wildlife
In order to be considered a person with a disability under the wildlife laws, a person shall provide either:

1. Written certification from a licensed physician, licensed physician assistant or certified nurse practitioner which states that the applicant:
   a. Is permanently unable to walk without the use of, or assistance from, a brace, cane, crutch, prosthetic device, wheelchair, scooter or walker;
   b. Is restricted by lung disease to the extent that the person’s forced expiratory volume for one second, when measured by a spirometer, is less than 35 percent predicted, or arterial oxygen tension is less than 55 mm/Hg on room air at rest;
   c. Has a cardiac condition to the extent that the person’s functional limitations are classified in severity as Class III or Class IV, according to standards established by the American Heart Association;
   d. Has a permanent, physical impairment that prevents the person from holding or shooting a firearm or bow or from holding a fishing rod in hand; or
   e. Has central visual acuity that permanently does not exceed 20/200 in the better eye with corrective lenses, or the widest diameter of the visual field is no greater than 20 degrees; or

2. Written proof that the last official certification of record by the United States Department of Veterans Affairs or any branch of the Armed Forces of the United States shows the person to be at least 65 percent disabled (ORS 496.018).

The “Oregon Disabilities Hunting and Fishing Permit” is not a license or tag. Hunters must still obtain a hunting license and apply for and/or purchase appropriate tags prior to specified tag sale deadlines to hunt in controlled and general big game seasons. You must be in possession of your “Oregon Disabilities Hunting and Fishing Permit,” license and tag while you are hunting (even holders of a Disabled Veteran/Pioneer license and tag). All license and tag fees are at regular rates. In addition you may only hunt in the time period specified for the tag you possess. Holders of a Disabled Veteran/Pioneer elk tag must also possess an “Oregon Disabilities Hunting and Fishing Permit” to be eligible for an expanded bag limit or to hunt from a parked motor vehicle.

An “Oregon Disabilities Hunting and Fishing Permit” does not allow the permit holder to travel on any closed road by means of a motor-propelled vehicle.

The following section applies only for persons defined in number (1). A visually impaired hunter must comply with all other tag, permit and stamp requirements of the Oregon Fish and Wildlife Commission and applicable hunting laws (ORS 498.170). See page 30 for allowable scope and sights for muzzleloader seasons.

A person who is not visually impaired and who accompanies a hunter who is visually impaired (1) that possesses an “Oregon Disabilities Hunting and Fishing Permit” may:

- assist the hunter in selecting a game animal or bird;
- assist the hunter aiming or sighting a firearm;
- advise the hunter when to fire a firearm;
- shoot a game animal or bird on behalf of the hunter while in the immediate presence of the hunter; and
- tag and retrieve game animals and birds on behalf of the hunter.

The person accompanying a hunter who is visually impaired:

- Is required to possess a valid hunting license.
- May also hunt game animals or birds if the person possesses the appropriate tags, permits, validations and stamps for the area and time period.

An “Oregon Disabilities Hunting and Fishing Permit” holder may:

- Hunt from a parked motor-propelled vehicle except on any public road or Hwy, or within Cooperative Travel Management Areas. A public road is the entire right of way of any road over which the public has a right of use. Public roads include, but are not limited to, road related structures that are in the right of way such as tunnels, bridges, or similar structures. Roads on federal, state, or local government lands are public roads. Hunting from a parked motor-propelled vehicle is allowed on private land with the landowner’s permission and on public land where off-road travel is permitted.

- Have an able-bodied companion accompany them and kill any animal wounded by the permit holder. The wounded animal must be killed using a legal weapon for the season and species designated on the tag. The companion must immediately attach the permit holder’s tag to the carcass of the animal. The companion is not required to possess a hunting license or tag, except a person accompanying a visually impaired hunter is required to possess a valid hunting license (OAR 635-065-0090(3)).

2014 OREGON DISABILITIES HUNTING AND FISHING PERMIT BAG LIMIT

ODFW produced a statewide map showing wildlife management units. The map is available for sale at ODFW Salem and regional offices and some sporting goods stores. To order the statewide map showing all wildlife management units, including land ownership, please call 1-800-845-9448. MasterCard and VISA only.

Hunters successful in the controlled hunt drawing, for a hunt for which a map is provided, will be mailed a map prior to the hunt. The department is beginning to make maps for some controlled hunts available for viewing on the ODFW website. Hunters may periodically check the department website for an updated listing of controlled hunt maps.

Each of the following sources produce and stock their own maps. Some maps are free. Others have a slight charge. A number of maps prepared by private commercial companies are available at sporting goods stores and other commercial outlets.

Hunting is prohibited in Crater Lake NP. Unloaded weapons may be possessed in a temporary lodging or mechanical mode of conveyance when such implements are rendered temporarily inoperable, or are packed, cased, or stored in a manner that prevents their ready use.
COOPERATIVE TRAVEL MANAGEMENT AREAS

Through cooperative agreement, motor vehicle use is limited to specific roads for dates and areas listed below. Maps of most areas will be available by Sept. We do not carry maps of areas that are easily plotted on forestry maps. Old maps should not be relied on because roads open to vehicles may change. There are two methods of posting roads for motorized travel: 1) Negative marking in which closed roads are marked by signs, gates, berms, designated on maps, etc. 2) Positive marking in which open roads are marked by round green reflectors (areas below where round green reflectors are used are indicated by *), orange centerline posts, designated on maps, etc. Note: A TMA may use more than one method, for example TMAs with positive markings may also use signs for some situations, such as confusing intersections. No person shall shoot from or across a public Rd or road right-of-way, except that persons legally hunting on closed Rds within Cooperative Travel Management Areas (TMAs) are not violating current prohibitions on shooting from or across a public Rd. The same is true for other Rds closed to use of motor vehicles by the public (See WA Regs. pages 98-100). There are additional travel management programs being implemented by other public agencies and private landowners. ODFW has no information on Rd closures not listed on these pages. Hunters need to contact the land management agency or landowner to determine the extent of such closures before going hunting.* Signifies TMAs that have maps.
