*Hunters must purchase the general season tag for that species prior to the deadline to be eligible for the additional tag.

- The agent fee is included in all prices.
- License, tag, application and agent fees are not refundable.
- Exchanges of tags and duplicate tags may be obtained only through ODFW’s headquarters, region offices and some district offices. Duplicate licenses can be obtained at any license agent. ODFW offices are closed on state holidays, and weekends.
- Hunting licenses may be exchanged for a Combination or Sports Pac within 90 days of purchase. Tags may be exchanged ONLY prior to the seasons for which they are valid.
- A non-resident member of the uniformed services may purchase licenses, tags, and permits at resident rates.
- License or tag may be purchased by mail or fax, in person, visit any license agent or via the internet, please visit our website at [www.odfw.com/online_license_sales](http://www.odfw.com/online_license_sales).
**LICENSE REQUIREMENTS**

**ALL HUNTERS**
- Must have a valid hunting license. (See exceptions for youths participating in the Mentored Youth Hunter Program at odfw.com/education/mentored_youth)
  - Hunting licenses are valid through December 31 of each year. Hunts extending into or beginning in the following calendar year require a new hunting license.
  - No one may possess more than one valid annual hunting license. However, for the purpose of acquiring preference points under the controlled hunts system and hunting big game, a youth between the ages of 9 and 13 may hold both a free youth license and a juvenile hunting license.
  - Hunters, 14 years of age and older, who will be hunting predators on public land, and western gray squirrels, unprotected mammals, and unprotected birds on public or private land must have a valid hunting license. No tags are required.
  - Any hunter with a valid Oregon or Idaho hunting license may hunt in the waters or on the islands of the Snake Rvr, where the rvr forms the boundary between the two states. All laws and rules of the respective states apply.
  - To apply for controlled hunts, all hunters must purchase a current hunting license.
  - To hunt big game you must have in possession a valid hunting license and a big game tag valid for the dates, area, and species being hunted.
  - Licenses, tags, and controlled hunt applications can only be obtained at license agents throughout the state, via the internet (www.odfw.com/online_license_sales), or through the headquarters office by mail, fax, or in person.
  - Licenses and tags may be purchased for you by a family member or friend.

**OREGON RESIDENTS**
- Obtaining hunting, combination, or Sports Pac license.
  - Oregon Administrative Rule (OAR) 635-010-0015(4)(a) provides the legal standard for purchasing a resident license: "A resident is one who has physically dwelled in Oregon continuously for the six months prior to applying for a license. Temporary absences from Oregon during that time period do not defeat a person's residency so long as such absences were not for the purpose of establishing residency outside Oregon."
  - These requirements are waived for certain active members of the uniformed services and for some foreign exchange students (see OAR 635-010-0015(4) for details). Submitting a false application is a crime.

**NONRESIDENTS (INCLUDING NONRESIDENT MEMBERS OF UNIFORMED SERVICES)**
- Must obtain a valid nonresident hunting license or nonresident juvenile hunting license if 14 years of age or older.
- Must obtain a valid nonresident tag for each species they will hunt.
- A nonresident license, or a nonresident uniformed services license, and/or tag may be purchased for a person by a family member or friend directly from a license agent or by mail, via the internet (www.odfw.com/online_license_sales), or fax.

**YOUTH (RESIDENT AND NONRESIDENT)**
- License, controlled hunt application and big game tag requirements.
  - All hunters 12 years of age and older must purchase a hunting license to apply in the big game controlled hunt drawing, to purchase a tag and hunt in any big game season and to apply for and receive landowner preference tags.
  - Youth 11 years of age are allowed to purchase a juvenile hunting license provided they will turn 12 at the time they hunt.
  - Youth 9-12 must purchase a hunting license to participate in the point saver program. See page 11.
- No one 11 years of age and younger may hunt for big game.
  - See exceptions for youths participating in the Mentored Youth Hunter Program at odfw.com/education/mentored_youth.
- Tags and applications requirements
  - Youth 13 years of age and younger are required to obtain a FREE license in order to purchase turkey tags or apply for sage grouse hunts and waterfowl reservations.
- Hunters 17 years of age or younger can buy a juvenile hunting license.
- Youth 13 years of age and younger while hunting on property other than land owned by parent or legal guardian must be accompanied by an adult 21 years of age or older.
- Youth 17 and younger must have a Hunter Education Certificate or a department issued document (ex. hunting license) which includes their Hunter Education Certificate Number in their possession to hunt anywhere except on land owned by their parent or legal guardian. See www.dfw.state.or.us/education/hunter/ for Hunter Education information.
- Hunters ages 17 and under must wear a hunter orange exterior garment (shirt, jacket, coat, vest, or sweater) or hat when hunting game mammals or upland birds (except turkey) with any firearm. The exterior garment or hat must have hunter orange visible in all directions (360 degrees).

**LANDOWNERS**
- A resident does not need a license to hunt on land upon which the person resides and is owned by the person or a member of the person’s immediate family, unless they are hunting a species for which a tag is required.
- If landowners are purchasing big game tags, applying in the big game controlled hunt drawings or applying for landowner preference tags, a hunting license is required.
- All landowners (residents and nonresidents) eligible for landowner preference must send in appropriate landowner preference forms, purchase a valid hunting license, and apply by specified deadlines to receive landowner preference tags. See page 13 for details.
- A landowner or landowner agent does not need a hunting or trapping license to take predatory animals on land they own, lease, lawfully occupy, possess, or have charge of or dominion over. See page 72 for the definition of a predatory animal.

ABOUT LICENSES, CONTROLLED HUNT APPLICATIONS AND TAGS

The ODFW POS system and online sales are available 24 hours a day. Check with your local license agent to determine store hours for POS sales.

Note: As a hunter it is your responsibility to:

■ Ensure the hunts you apply for (all choices in all series) are hunts you want to participate in.
■ Monitor your preference points, tags assigned to specific hunts, and odds of drawing a tag.
■ Ensure the actual area you are interested in hunting is within the hunt boundary and is open for hunting access.
■ Secure access to any private lands you wish to hunt on within the established hunt area boundary.

ODFW strives to make all information available to all hunters and ODFW will not reinstate preference points or change tags by mail or by fax. Application fee is $8.00 per hunt series.

TO APPLY for a controlled hunt, you must purchase your controlled hunt applications purchased before or at the same time you purchase controlled hunt tables for each species/sport combination.

You can buy a hunting license in person, by mail, via the internet, or by fax. A $2.00 shipping and handling fee applies. You must have a license to apply for controlled hunts or buy tags (license may be purchased before or at the same time you purchase controlled hunt applications or general season tags.)

1. To purchase in person, go to any license agent.
2. To purchase by mail or fax, use the application form at odfw.com/resources/forms_applications.
3. To purchase by internet, please visit www.odfw.com/online_license_sales.

CONTROLLED HUNT APPLICATIONS

TO APPLY for a controlled hunt, you must have a VALID HUNTING LICENSE. Application fee is $8.00 per hunt series. Apply at a license agent, via the internet, by mail or by fax.

■ To apply by mail or fax, use the application form at odfw.com/resources/forms_applications. A $2.00 shipping and handling fee applies. If applying in person or via the internet, you may use the application form as a worksheet to speed up the process. License agents will ask for information shown on the application form.

■ Available hunt choices are listed in the controlled hunt tables for each species/series.
■ Enter at least one complete hunt number choice (3-digit minimum). You may enter up to four additional hunt choices. All hunt choices on one application for a series must have the same first digit.
■ Hunters should apply for more than one hunt choice in case a particular hunt is cancelled.
■ Verify that all information entered is what you requested before the transaction is completed. The license agent will give you an application receipt showing your hunt choices. You should check it for accuracy before you leave the license outlet and keep it for proof of application.

PARTY APPLICATIONS

You must indicate if you are applying as an individual, party member or party leader when applying for your controlled hunts. All applicants, including party leader must purchase separate applications. Parties must assign ONE member as the party leader. Each party member, except party leader, must enter their party leader’s Hunter/Angler ID number on their application.

■ The party leader’s hunt choices will be used for the entire party. All members must list the same choices as the party leader on their individual applications.
■ Party-size limitations: 18 hunters for deer and elk; six hunters for black bear; ONLY two hunters for pronghorn antelope.
■ No party applications are permitted for bighorn sheep or Rocky Mt goat.
■ All persons in parties that exceed the allowed party size will be considered single applicants in the drawing.
■ Parties will NOT be split to fill hunt quotas. This also applies to limits on controlled hunts for nonresidents. If the nonresident maximum is reached, parties composed solely or partially of nonresidents will not receive tags in that particular hunt.

CORRECTING ERRORS OR CHANGING APPLICATIONS

If there is an error on your controlled hunt application (incorrect party leader’s license number, hunt choice, etc.), or if you need to change your application, you must contact the Controlled Hunt staff by June 1 to have it corrected. Mail a photocopy of your application with the corrections marked to ODFW-Controlled Hunts, 4034 Fairview Industrial Dr SE, Salem, OR 97302, or fax to 503-947-6113 or 6117.

PURCHASING TAGS

Youths who will turn 12 during a season (controlled or general) must purchase their tag prior to the tag sale deadline but may not hunt until they turn 12.

General Season Tags

You may purchase or claim tags directly from a license agent, by mail, or fax before the tag sale deadline.

To purchase or claim by mail or fax, use the application form odfw.com/resources/forms_applications. A $2.00 shipping and handling fee applies. If purchasing in person or via the internet, please remember to allow time for delivery. General season tags available are:

■ Additional Cougar
■ Deer Bow
■ Elk Bow
■ Cascade Elk
■ Coast Elk First Season
■ Coast Elk Second Season
■ Rocky Mt Elk First Season
■ Rocky Mt Elk Second Season

Controlled Hunt Tags

■ Hunters have the option of deciding whether or not they want to purchase the tag for the hunt choice drawn.
■ Successful applicants may purchase or pick up tags directly from a license agent, or purchase by mail or fax by the day before the hunt.
■ Telephone purchases are not accepted.
■ Check the TAG PURCHASE DEADLINE to allow plenty of time to complete this transaction.
■ To purchase or pick up tags in person, go to a license agent and buy the tag(s) you drew.
■ To purchase tags by mail or fax: Make a photocopy of your license, OR write your full name and hunting license number on a piece of paper. Include a check, money order, VISA or MasterCard for the tag fee amount and a $2.00 shipping and handling fee payable to ODFW. If paying by credit card, include the account number, expiration date and signature to authorize charges. DO NOT SEND CASH.
■ Mail to: ODFW-Licensing 4034 Fairview Industrial Dr SE Salem, OR 97302; or fax payment if using a credit card to 503-947-6117 or 6113.

NOTIFICATION

■ Notifications (successful or unsuccessful) will be made available by Feb. 20 (spring black bear) and June 20 (big game). Check draw results by visiting the website (www.odfw.com), calling the ODFW Controlled Hunt Information Line, or returning to any license agent. It is the hunter’s responsibility to verify success in the drawing and purchase or pick up any tags by the earliest opening day before the hunt begins, or by the earliest opening date for hunts with split-season dates, including tags obtained with a Sports Pac.
■ ADDITIONAL COUGAR
■ DEER BOW
■ ELK BOW
■ CASCADE ELK
■ COAST ELK FIRST SEASON
■ COAST ELK SECOND SEASON
■ ROCKY MT ELK FIRST SEASON
■ ROCKY MT ELK SECOND SEASON

■ IF SUCCESSFUL: Tags must be purchased or picked up by the day before the hunt begins. In the case of a controlled hunt tag that is also good for general season, the tag must be purchased or picked up by the day before the earliest hunt or by the earliest opening date for hunts with split-season dates.
■ IF UNSUCCESSFUL: Hunters may purchase a general season tag and/or purchase leftover tags if available on a first-come, first-served basis.
**CONTROLLED HUNT DEADLINES**
For controlled hunt deadline information, see page 7.

**PREFERENCE POINT SYSTEM**
- Hunters who apply and do not receive their first choice for pronghorn, deer, elk and spring black bear controlled hunts receive a preference point for future controlled drawings for those species.
- All party applicants will receive one preference point for the species listed above if they do not receive their first hunt choice.
- Hunters DO NOT have to apply for the same hunt number in consecutive years to gain points.
- Preference points will be kept on file under a person’s Hunter/Angler ID number.
- Failure to consistently use the same ID number can prevent you from being successful in the drawing.
- Party applicant points shall be determined by totaling preference points of all party members and then calculating the average of this total. Average party preference points will be rounded up to the next whole number (example: 3.51 to 4; 3.50 to 3).
- Drawing a first choice hunt within a hunt series takes the successful hunter’s preference point total back to zero whether or not they purchase the tag, except for those hunters with a Pioneer Angling/Hunting License. Successful applicants with a Pioneer Angling/Hunting License shall have one preference point when they next apply for a tag in that hunt number series. Hunters who successfully draw second or lower hunt choices still receive a preference point for future drawings except in the case of a first hunt choice that is cancelled. (See pages 11-12). Their existing preference point total will also carry over. Hunters who indicate a Point Saver number, one ending in 99, will receive a preference point that will add to any existing points for that hunt series.
- Hunters will not forfeit their preference points if they do not apply for a hunt series for two or more consecutive years. Preference points remain in the system until they are redeemed by drawing a hunt.
- Applicants who have their license suspended by legal action will forfeit all preference points.
- Youth participating in the Mentored Youth Hunting Program will receive one mentored youth preference point for each year they register for the program. See odfw.com/education/mentored_youth.

**POINT SAVER HUNTER NUMBERS**
Point Saver hunt numbers give hunters a preference point and maintain existing preference points. If you do not plan to hunt in a controlled hunt series, you can apply for a Point Saver to gain a preference point. You can still hunt during general seasons and/or purchase leftover tags if available. You can also apply for an emergency hunt in addition to general, controlled hunt and/or leftover tags.

**How to Apply**: (see odfw.com/resources/hunting/big_game/controlled_hunts/#how for controlled hunt application procedures).
- You must have a hunting license.
- Apply by the appropriate deadline (Feb. 10 for 700 series black bear; May 15 for all other hunt series).
- Select the Point Saver number for the appropriate hunt series (1 hunt series per application).
- 199 for Buck Deer
- 299 for Elk
- 499 for Pronghorn Antelope
- 699 for Antlerless Deer
- 799 for Spring Bear
- You CANNOT apply for other hunt choices within the same series if using the Point Saver number.
- You may purchase one Point Saver for the current year, for each series (100, 200, 400, and 600) from July 1 through Nov. 30 if you did not apply during the controlled hunt drawings for that series. Point Savers purchased from July 1 through Nov. 30 must be purchased via mail order with applications available at www.odfw.com or at ODFW offices.
- Youth applying for a Point Saver CANNOT apply for a First Time Youth tag in the same series later in the same year.
- Youth nine years of age or older are eligible to apply for point savers provided they have a social security number, a hunter/angler ID number and purchase a hunting license.

**PREFERENCE POINTS WILL BE MAINTAINED**
As companions to preference points, Point Savers hunt numbers give hunters a preference point and maintain existing preference points. For controlled hunt deadline information, see page 7. Preference points will be kept on file under a person’s Hunter/Angler ID number. Failure to consistently use the same ID number can prevent you from being successful in the drawing.

- Party applicant points shall be determined by totaling preference points of all party members and then calculating the average of this total. Average party preference points will be rounded up to the next whole number (example: 3.51 to 4; 3.50 to 3).
- Drawing a first choice hunt within a hunt series takes the successful hunter’s preference point total back to zero whether or not they purchase the tag, except for those hunters with a Pioneer Angling/Hunting License. Successful applicants with a Pioneer Angling/Hunting License shall have one preference point when they next apply for a tag in that hunt number series. Hunters who successfully draw second or lower hunt choices still receive a preference point for future drawings except in the case of a first hunt choice that is cancelled. (See pages 11-12). Their existing preference point total will also carry over. Hunters who indicate a Point Saver number, one ending in 99, will receive a preference point that will add to any existing points for that hunt series.
- Hunters will not forfeit their preference points if they do not apply for a hunt series for two or more consecutive years. Preference points remain in the system until they are redeemed by drawing a hunt.
- Applicants who have their license suspended by legal action will forfeit all preference points.
- Youth participating in the Mentored Youth Hunting Program will receive one mentored youth preference point for each year they register for the program. See odfw.com/education/mentored_youth.

**LEFTOVER CONTROLLED TAGS**
Leftover tags for hunts with fewer applicants than there are tags will be sold on a first-come, first-serve basis beginning at 10 a.m. (Pacific time) on Mar. 15 for black bear and July 1 for all other big game series (see page 13 for LOP leftover tag information) until all tags are sold as follows:
- Hunts having leftover tags may include: Controlled Deer hunts (100 series), Controlled Elk hunts (200 series), Controlled Pronghorn Antelope (400 series), Controlled Antlerless Deer (600 series) and Controlled Spring Bear (700 series).
- Only hunts with more tags than applicants (including 1st, 2nd, 3rd, 4th and 5th hunt choices) in the Controlled Hunt Drawing will qualify. Tags awarded through the controlled hunt drawing, but not claimed or purchased will not be included or available for sale.
- Tags from "unlimited" tag hunts, and hunts where the tag is also valid during a general season, some hunts where access is limited may be excluded from the first-come, first-serve process.
- A list of hunts and available leftover tags for sale on a first-come, first-serve basis will be made available at license agents and ODFW offices. Mail orders and faxes will not be accepted for leftover tags.
- Leftover LOP tags may only be purchased through the Controlled Hunts office.
- Leftover LOP tags may only be purchased through the Controlled Hunts office.
- Only one leftover tag may be purchased per person per hunt series.
- Leftover tags are in addition to General Season, Controlled Hunt, or LOP tags for a hunt you may purchase in a series.
- Leftover tags MUST be purchased by the day before the earliest opening date. See page 13 for LOP leftover tags.
- Leftover tags purchased by youth do not impact their eligibility for “First Time” tags in that series.
- Leftover tags will be sold at the regular price for the current hunting season. However, leftover tags may be sold at a price up to four times the regular amount in the future.
- No Preference Points will be given or taken away when purchasing leftover tags.

Oregon Department of Fish and Wildlife
CANCELLED HUNTS

- Information about any cancelled hunts will be made available to the general public by Apr. 15.
- A postcard will be sent to all applicants who apply for a hunt that is cancelled by Apr. 15, if the hunt applied for has been cancelled and the following options are available:
  » Option 1 - The second hunt choice becomes first choice. If a hunter is successful in the draw, no preference points are awarded and existing preference points will return to zero. If unsuccessful, applicants will receive a preference point.
  » Option 2 - Request an application change for another hunt at no additional cost through the Salem office (submit through mail, fax, etc.), or for a Point Saver at no additional cost.
  » Option 3 - Withdraw application with refund, receive no preference point.
  » If ODFW does not receive notification from an applicant, Option 1 will be chosen.

NONRESIDENT APPLICANTS

- A maximum of 3% of tags for pronghorn antelope and black bear hunts and a maximum 5% of tags for controlled deer and controlled elk hunts can be issued to nonresidents. No less than 5% and no more than 10% of all big horn sheep and Rocky Mt goat tags will be issued to nonresidents. Less than the maximum percentage may be issued, as nonresident applications receive no preference other than existing preference points in the drawings. The Guides and Outfitters Program impacts the number of nonresident tags available in the drawing.
- Parties will not be split if the nonresident maximum is reached for any hunt.
- Parties composed solely or partially of nonresidents will not be eligible to receive tags in a hunt after the nonresident maximum is reached.

NONRESIDENTS BLACK BEAR APPLICATION PROCEDURES

1. Applicants must provide the following information: full name, current address, date of birth, Social Security number, Angler/Hunter I.D. (if known) and telephone number. (See odfw.com/resources/forms_applications for mail order form).

2. Applicants must include fees of $182.50 per tag and $140.50 for a nonresident hunting license (if not already purchased), with the application.

3. Applicants shall specify areas for which they are applying in order of choice. Nonresident bear hunters may obtain one general season nonresident bear tag for a specified area and one additional nonresident bear tag valid for specified areas of southwest Oregon.

CONTROLLED HUNT INFORMATION

The computer-assisted telephone line allows hunters to access preference point information or to check the status of their applications, by entering their ID number and selecting the type of information desired. You can also access this information on our website at www.odfw.com. Controlled Hunt staff will also be available during regular business hours.

CONTROLLED HUNTS

503-947-6102 -or- 1-800-708-1782 (In Oregon only)

GUIDES AND OUTFITTERS

As enacted by the 1997 Oregon State Legislature, the Guides and Outfitters Program provides guides and outfitters with the opportunity to market nonresident tags. A number of tags equal to one-half the nonresident tags drawn in the previous year are available through this program. Guides certified by the Oregon State Marine Board submitted applications and competed for the right to market these tags. Tags not sold to guides by Apr. 15 are available in the that year’s big game drawing. Information on Guides and Outfitters can be obtained from Oregon State Marine Board in Salem, 503-378-8857, extension 225.

EMERGENCY HUNTS

An emergency hunt is a hunt held on short notice to address acute agricultural or reforestation damage. Most game damage situations are addressed during the annual big game seasons and the ODFW anticipates very few emergency hunts during any year. Emergency hunts may be held on a private property ownership or multiple ownerships wherein the district biologist has established a hunt area. On average, about 200 tags are issued annually statewide. Emergency hunt bag limits are in addition to any animals harvested during general seasons, controlled hunts, or leftover hunts.

1. How to Apply: Emergency hunt participants are selected from a list established on a county-by-county basis. You may apply for one county only. Applicants can request an emergency hunt application from the headquarters office, any regional office or some district offices, or apply online at https://fwpubapps.odfw.com/EmergencyHunt. Hard copy applications must be submitted to the headquarters office of ODFW, 4034 Fairview Industrial Drive SE, Salem, Oregon 97302.

2. When to Apply: Applications received between July 1 - July 31 will be randomly assigned to lists. After July 31, names will be placed on lists in the order received. Applications received prior to July 1 will only be valid on the current year’s list ending June 30. Applications from Master Hunters (see page 87 for information) received between July 1 - July 31 will be randomized, then placed at the top of the emergency hunt list by county. All other applications, including Master Hunters, received after July 31 will be placed on lists in the order received.

3. Who May Apply: Hunters 12 years and older at the time of application are eligible. Persons under 18 must be accompanied by a responsible adult (age 21 or older) while hunting.

All hunters must possess a valid hunting license. Hunters may apply singly, or in parties of two. ODFW will try to keep parties together for emergency hunts whenever possible. In hunts requiring single hunters, however, parties may be bypassed for that opportunity but will retain their position on the list.

4. Disqualification: Applicants submitting more than one application will be disqualified. Application forms that are incomplete or illegible will be disqualified.

5. Landowners: Landowners are eligible for Light Game Preference (LOP) tags on their land within emergency hunt areas. LOP tags issued for an emergency hunt are issued on the same land ownership acreage schedule as are LOP tags for controlled hunts and are in addition to LOP tags issued for controlled hunts and leftover tags. Landowners do not have to be on the emergency hunt list but they must be within the emergency hunt boundary. Landowners can obtain LOP tags for established emergency hunts by contacting the headquarters office, Controlled Hunt Section or any ODFW office.

6. Notification for Emergency Hunts: Individuals listed for a county in which a hunt is to be held will be notified by telephone and given instructions on when and where to check in for the hunt. Individuals unable to meet the time schedule will be disqualified, but will retain their position on the list. Individuals participating in a hunt will be removed from the list.

7. Emergency Hunt Tags: Hunters must possess a valid hunting license and Emergency Hunt Tag issued by ODFW personnel. Hunters must check in and out of the hunt area as directed by ODFW personnel. Successful hunters must:
  » Tag the harvested animal immediately.
  » Contact the ODFW office that authorized the hunt; and
  » Pay a fee equal to the regular tag fee for that species.

UNIFORMED SERVICES ACTIVE DUTY CONTROLLED HUNT TAGS

Oregon’s active duty members of the uniformed services stationed outside of the state can obtain a controlled deer, elk, or sheep bear hunt tag if they return to Oregon on leave during the season so they can hunt with their family and friends. To qualify for these tags the individual must be from Oregon, currently stationed outside of the state, and maintain Oregon residency.

- Tags will be issued on a first-come, first-served basis until designated number of tags have been issued.
- All hunt specific regulations for the hunt where a tag is issued will apply.
- Tag recipient must pay the standard resident price for the tag.
- For further information please contact an ODFW District Office to make an appointment.
LANDOWNER PREFERENCE PROGRAM (LOP)

How to Apply: Landowners must register, file tag distribution forms and purchase controlled hunt applications prior to the deadlines below. Only one representative landowner, or stockholder of a corporation or Limited Liability Company (LLC), or representative partner of a partnership may register. Registration packets may be obtained by contacting any local ODFW office, or by contacting the ODFW Controlled Hunt office in Salem at 503-947-6102.

Landowner tags are not issued automatically upon filing of tag distribution forms. All landowners and eligible applicants must purchase controlled hunt applications prior to the deadlines specified below. Applicants for LOP tags must indicate a landowner preference hunt choice on their applications.

Deadlines for submitting LOP registration and tag distribution forms and LOP controlled hunt applications are in the table below.

If applying for LOP tags in the big game drawing, you have the option of applying for up to five hunt choices plus LOP or applying for LOP only.

If applying for controlled hunt tags, or if applying for a limited landowner deer or elk tag (see following note), all forms and applications must be received by May 15.

Note: LOP tags are not available for the new long duration (August 1 - December 31) or the Melrose 223T (August 1 - March 31) youth elk hunts. In certain controlled buck deer and elk units, LOP tags will be limited to five tags or 10% of the total controlled hunt tags; whichever is greater. The affected buck deer hunts are: 141C, 142B, 154C, 165R, 168R2 and 170R3. The affected elk hunts are: 226R, 226Y, 248A1, 249A1, 250X, 251A, 252A1, 253X, 254R1, 254Y1, 255R1, 255Y1, 256R1, 256Y1, 259Y, 261X, 262X and 263X.

For more information Contact Controlled Hunts 503-947-6102.

Big Game Raffle Rules & Instructions

Raffle Rules:
• Residents and nonresidents may purchase raffle tickets.
• INCOMPLETE OR ALTERED TICKETS WILL NOT BE ACCEPTED. All tickets must include a name, address, and telephone number. If this information is not pre-printed on your ticket, you must write it in. Deer and elk tickets must also include a hunt choice selection.
• ALL RAFFLE TICKET SALES ARE NON REFUNDABLE.
• Space will be provided on the raffle ticket to designate the tag to another person. To designate the ticket to another person you must include both the first and last name of the designated tag recipient. If these are not included prior to submitting the ticket, the tag will be automatically designated to the entrant named on the pre-printed portion of the ticket.
• Each tag will be issued to the designated tag recipient on the winning ticket and cannot be transferred.
• All raffle hunts are in addition to controlled and general season tags.
• There is no limit on the number of tickets entered by any one individual.
• One winner and two alternates will be drawn for each raffle hunt.
• If an individual is drawn as the winner of more than one hunt for the same species, the department will issue that person the first raffle tag drawn for that species.
• Individuals who purchase a deer auction tag are not eligible to win a deer raffle tag (and vice versa); individuals who purchase an elk auction tag are not eligible to win an elk raffle tag (and vice versa).

How to Purchase Raffle Tickets:
• Raffle tickets can be purchased from any point of sale agent, online at www.odfw.com/online_license_sales, or by mail/fax using the order form on the following page by May 4, 2015. Deer and elk 40 and 100 ticket packages will only be available through the Salem headquarters or by mail/fax order.
• Tickets will be pre-printed with the name, address, and telephone number associated with the hunter ID provided to the point of sale agent or entered on the order form. To have these tickets mailed to a different address, you must complete the “mail to” section on the order form.
• For deer and elk tickets: You have the option to pre-print your hunt choice on your raffle tickets.
  ▪ If you choose to have your tickets pre-printed with a hunt choice, the choice must be made on a per-package basis.
  ▪ If you wish to make multiple hunt choices on different tickets from the same package, you must choose “No Hunt Selection”. You must then manually mark your hunt choices before submitting the tickets.
  ▪ You must indicate the number of packages that you would like to be printed with a particular hunt choice.
  ▪ Any raffle ticket submitted without a hunt choice selected (either pre-printed or manually marked) will NOT be accepted.
• For combination deer & elk, bighorn sheep, pronghorn, or Rocky Mountain goat tickets:
  ▪ There are no regional hunt choices to select for these hunts.
  ▪ The combination deer & elk tag is a statewide hunt. Raffle bighorn sheep, pronghorn and Rocky Mountain goat tags are valid anywhere there is an authorized season and tags for the respective species.
  ▪ Do not attempt to make a hunt choice for combination deer & elk, Bighorn sheep, pronghorn and Rocky Mountain goat tickets. Simply purchase the number of packets you would like.

Raffle Instructions:
• Completed tickets must be received no later than 5:00 P.M. on Thursday, May 14, 2015. Mail completed raffle tickets to: ODFW Raffles, P.O. Box 3307, Salem, OR, 97302, or tickets can be hand delivered to the 2015 OHA Convention at Chinook Winds Casino in Lincoln City, OR, on Saturday, May 16, 2015, between 4:30 and 7:30 P.M.
• Tickets will be available for sale between 4:30 P.M. and 7:00 P.M. at the OHA State Convention. Completed tickets delivered to the drawing event must be filled out completely and turned in by 7:30 P.M. The raffle drawing will be conducted at 7:45 P.M.
• A summary of raffle tickets sold can be found at: www.OregonRaffleHunts.com. This information will be updated as it is available.
You can pre-select your hunt choice for deer and elk tickets. If you do not select a hunt choice at time of ticket purchase, the hunt choice field will be left blank. A hunt choice must be selected (for deer or elk) before tickets are entered into the drawing.

The last day to purchase raffle tickets at a POS* license agent, or online is May 4, 2015.

Gray wolves are currently protected statewide by the Oregon Endangered Species Act. West of Oregon Highways 395/78/95, they are currently federally listed as endangered under the federal Endangered Species Act. It is unlawful to kill any wolf in Oregon. As of September 2014, wolves are resident in portions of Baker, Jackson, Klamath, Umatilla, Union, and Wallowa counties, but wolves or wolf sign could potentially be observed anywhere in Oregon.

**Wolf Sign**

Dog, coyote, and cougar paw prints can be mistaken for wolf tracks. Adult wolf prints are much larger than dog and coyote prints. See graphic below. Wolf scat varies widely, depending on diet. Wolf scat is often cord-like and may contain hair and bone fragments. Wolf scat diameter ranges from 0.5 to 1.5 inches, but is usually greater than an inch. Wolf scat generally tapers to a point at one end. The howls of wolves tend to be long and drawn-out as compared with the shorter, higher-pitched yapping sounds made by coyotes. Howling is a normal part of wolf communication and does not indicate aggression. Wolf vocalizations can also include growls and barks. Barks are not necessarily a sign of aggression; they may indicate a den or feeding site is nearby. Like other Oregon carnivores, wolves tend to be very timid and avoid detection by humans. See the graphic below to help identify wolves vs. coyotes.

**Reduce Conflict Between Wolves and Hunting Dogs**

Wolves are by nature territorial and guard their territory from other canids, including domestic dogs. Hunters who use dogs in wolf country can take the following steps to limit potential conflicts between their dog(s) and a wolf:

- Keep dogs within view.
- Place a bell or beeping collar on wider ranging dogs.
- Talk loudly to the dog or other hunters or use whistles.
- Control the dog so that it stays close to you and wolves associate it with a human.
- Place the dog on a leash if wolves or fresh sign are seen.

**US Forest Service (USFS) Motor Vehicle Use Plan**

Statewide, the USFS is shifting to new Motor Vehicle Use Plans for each Forest. Under these plans, roads are closed unless designated open on the USFS Motor Vehicle Use Map. In the transition there will be situations where an existing Cooperative Travel Management Area (TMA) open road system does not exactly match the new USFS Vehicle Use Map. Unless the USFS or Department has vacated a TMA agreement, the TMA as described in the Big Game Regulations remains in affect. As part of the TMA, or for administrative purposes, roads may be posted as closed in addition to those designated as closed on the USFS Motor Vehicle Use Map. The Department will be working with the USFS and OSP at State, Region, and District levels for smooth transitions to the new USFS Vehicle Use Plans.

**Feral Swine**

Feral swine are an invasive non-native introduced species in Oregon that destroy important wildlife habitat and may prey on livestock and native wildlife, with potential to transmit diseases to wildlife, livestock and humans.

Feral swine are included in the Oregon Invasive Species Council’s list of “100 Worst List” to keep out of Oregon. It is very important to the Oregon Department of Fish and Wildlife, the US Department of Agriculture and the Oregon Department of Agriculture to eliminate this invasive non-native species before they become established.

It is legal to hunt feral swine year round on public land with a hunting license and there is no harvest limit. On private property, feral swine are defined as a “predatory animal”. Hunting feral swine on private land does not require a hunting license, but you must have landowner permission to act at their agent. It is your responsibility to determine if any swine found meet the definition of “feral swine” (see definitions page 71).

**Drought, Fire and Hunting**

ODFW will not close hunting seasons as a result of fire danger or active fires. Fire danger or active fires may cause Rd closures or result in use restrictions that impact camping, burning, wood cutting, hunting and other activities. When drought leads to severe fire danger, hunters may not be able to camp in their favorite camp site, may have to hike farther to reach favorite hunting areas, or may have to hunt new areas. Those that traditionally cook with open fires should prepare to cook with gas stoves. In the unlikely event that all access for hunting in a hunt area has been closed as a result of fire danger or an active fire, ODFW will evaluate the situation after the season(s) closes. If ODFW determines hunters lost their opportunity to hunt, a number of options may be available to provide compensation. Available options will depend on the season, timing, duration and extent of fire related impacts for individual hunts.

---

**Identification characteristics of wolves and coyotes:**

Remember, wolf pups in the mid-summer and fall can closely resemble coyotes, and it can be difficult to tell them apart. While hunting coyote in wolf country, you should not shoot unless you are sure of your target.

**COYOTES:**
- Weight: 15-30 Pounds
- Shoulder Height: 1 1/2 Feet
- Snout/Muzzle: Long and Pointed
- Ears: Long and Pointed

**Adult Coyotes are up to 1 1/2 feet at shoulder**

**Animal track**

**Adult Coyote track about 2 1/4 inches long.**

**WOLVES:**
- Weight: 70-100 Pounds
- Shoulder Height: 2 1/2 Feet
- Snout/Muzzle: Large and Blocky
- Ears: Short and Rounded

**Adult Wolves are up to 2 feet tall at shoulder.**

**Animal track**

**Adult Wolf track about 5 inches long.**
HUNTING AND ATV’S RESPONSIBILITY OR REGULATION?

The Choice is Yours!

Nobody likes regulations; but if irresponsible ATV use continues to cause unacceptable impacts, then regulations will become necessary to ensure protection of public lands. A better alternative would be for ATV users to recognize the impacts their activity can cause and voluntarily take steps to reduce those impacts. ATV users are not unique in this respect - as more and more people use public lands for recreation, the potential impacts of these activities are growing fast.

ROAD CLOSURES

There are a number of reasons why some modes of travel are restricted on public lands. Reasons for restricting travel include:
- Wildlife and Habitat Protection
- Minimize Conflict Between Users
- Public Safety
- Resource Protection
- Legal Mandates
- Fire Protection

OREGON OFF-HIGHWAY VEHICLE LAWS

All ATVs operating on public lands must display an Oregon ATV Operating Permit. Please refer to the Oregon Parks & Recreation website for more information: www.prd.state.or.us.

Permits can be purchased over the telephone, through many Oregon State Parks and Recreation Dept. offices or at one of their 200 vendors. A current vendor list is available online at www.prd.state.or.us. For more information or to purchase a permit over the telephone, call 1-800-551-6949.

Refer to page 21 of this publication for hunting and ATV regulations.

REDUCE ATV IMPACTS

What you can do to reduce ATV impacts:
- Know the vehicle use regulations for the area you are hunting and respect road and area closures.
- Avoid the use of ATVs in wet areas or during wet conditions. Even though the lighter weight and low-pressure tires reduce impacts, ATVs can still do serious damage to wet areas.

INTERESTING FACTS

- Since 1995, the number of All Terrain Vehicles (ATVs) in Oregon has increased fivefold. There are now over 129,000 valid ATV Operating Permits in the state.
- Studies have shown that the harvest of bull elk increases with increased hunter access. Eventually this can lead to reduced hunter opportunity.
- Elk use declines in areas with adjacent roads open to motorized vehicles.

Many Indian artifacts and all Indian burial sites are considered sacred within Oregon’s Native American culture and serve as important links to the past. The Oregon Legislature has recognized the importance of these sites and artifacts by passing laws that specifically protect these areas and items. Digging up cultural sites is against the law. Taking human remains or sacred objects from a site can lead to serious penalties. State and federal laws covers both private and public land in Oregon. The state law can be found in Oregon Revised Statutes (ORS) Chapters 97, 358 and 390.

If you should find any Native American artifacts while out hunting, stop and look around. REMEMBER, DON’T DISTURB THESE SITES. Respect and honor these sites for what they mean to Oregon’s Native Americans and to Oregon’s rich cultural background.

HUNTERS: RETURN RADIO TRANSMITTERS

Radio transmitters used on deer, elk and other big game animals are property of ODFW. These transmitters store valuable information and are re-usable. It is legal to harvest an animal with these transmitters. Please call your local ODFW office if you harvest an animal with a transmitter or find a transmitter.

We thank you for your cooperation.

Display your parking permit at wildlife areas

Don’t forget to display the parking permit that comes with your hunting license on your vehicle at the following wildlife areas:
Coyote Springs, Ken Denman, EE Wilson, Elkhorn, Fern Ridge, Irrigon, Jewell Meadows, Klamath, Ladd Marsh, Phillip W. Schneider, Power City, Sauvie Island, Summer Lake, White River and Willow Creek.

A free annual permit comes with the purchase of an annual hunting license or Sports Pac. All other wildlife area users need to purchase a permit ($7 daily, $22 annually). Permits are available where fishing and hunting licenses are sold and on the ODFW website (www.odfw.com).

OREGON DEPARTMENT OF FISH AND WILDLIFE
## LEGAL HUNTING METHODS FOR GAME MAMMALS

### GENERAL WEAPONS PROVISIONS FOR HUNTING GAME MAMMALS:

#### CENTERFIRE FIREARM
- Fully automatic firearms prohibited.
- Semi-automatic rifles with a magazine capacity greater than five cartridges prohibited (except for western gray squirrel).
- Military or full-metal jacket bullets in original or altered form prohibited.
- Hunters may use any muzzleloader with any ignition type, except matchlock, any legal sight, any propellant, or any bullet type during centerfire firearm seasons, provided the weapon meets caliber restriction for the species.

#### SHOTGUN
- Shotgun is a smooth bore firearm, designed for firing bird shot and intended to be fired from the shoulder, with a barrel length of 18 inches or more and with an overall length of 26 inches or more.
- Shotguns equipped with rifled slug barrels are considered shotguns when used for hunting pronghorn antelope, bear, cougar, deer, or elk when centerfire rifles or shotguns are legal weapons.

#### MUZZLELOADER
- Scopes (permanent and detachable), and sights that use batteries, artificial light or energy are not allowed during muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only, except for visually impaired hunters who have a visual acuity of ≤ 20/200 with lenses or visual field of ≤ 20 degrees (a permit is required; please see page 86). Open and peep sights made from alloys, plastic, or other materials that do not have the properties described above are legal sights. Fiber optics and fluorescent paint incorporated into or on open or iron sights are legal.
- During muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only, it is illegal to hunt with jacketed bullets, sabot, and bullets with plastic or synthetic tips or bases. Only the following projectile/bullet types are allowed: a) Round balls made of lead, lead alloy, or federally-approved nontoxic shot material, with a length that does not exceed twice the diameter; (c) Lead free copper conical bullets with a length that does not exceed twice the diameter.
- It is illegal to hunt with centerfire primers as an ignition source during muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only.
- It is illegal to hunt with pelletized powders or propellants during muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only. Granular (loose) black powder and black powder substitutes are the only legal propellants during muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only.
- No other firearm may be used for hunting during a muzzleloader-only season. See definition on page 72.
- Muzzleloading firearms with revolving actions are prohibited during muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only.
- For muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only, the muzzleloader must have an open ignition. See definition on page 72.

#### BOW
- Broadhead blades must be fixed, unbarbed and at least 7/8” wide (except for western gray squirrel). It is illegal to hunt with or possess mechanical or moveable blade broadheads when hunting game mammals, except western gray squirrel.
- No device secured to or supported by a bow may be used to maintain the bow at full draw.
- No electronic devices may be attached to bow or arrow.
- No device that supports or guides the arrow from a point rearward of the bow string when the bow is at rest (undrawn) may be secured to or supported by a bow’s riser. Overdraws meeting this restriction are legal during archery seasons.

GENERAL HUNTING REGULATIONS

SHOOTING HOURS

- Game mammals may only be hunted from 1/2 hour before sunrise to 1/2 hour after sunset.
- Neither landowners nor their agents need a permit from ODFW to spotlight predatory animals (as defined in ORS 610.002) on land they own or lawfully occupy. ODA has authority to define “agent” for purposes of the predatory animal statute. Written documentation is not required. (Predatory Animals means coyotes, rabbits, rodents and feral swine which are or may be destructive to agricultural crops.)

DECOYS

- Except for purposes of law enforcement or wildlife management, the use of decoys with moving parts is prohibited for all big game species. This prohibition includes, but is not limited to, decoys with parts that are powered by a motor, battery, human action (for example, cable or pull-string), or the wind. Flexible or adjustable parts that permit placement or adjustment of a decoy but do not otherwise move do not constitute “moving parts.” This rule is intended to ban decoys that attract wildlife via movement.

VEHICLES, BOATS, AIRCRAFT, ATVS

No Person Shall:

- Hunt any wildlife from a motor-propelled vehicle. Exceptions: 1) A qualified disabled hunter may obtain an “Oregon Disabilities Hunting and Fishing Permit” to hunt from a motor-propelled vehicle except while the vehicle is in motion or on any public Rd or Hwy, or within Cooperative Travel Management Areas. 2) Landowners and their agents can shoot predatory animals from motorized vehicles on land they own or lawfully occupy.
- Hunt within 8 hours after having been transported by helicopter or fixed-wing aircraft to any point other than an established airport adequate for fixed-wing aircraft.
- Shoot at pronghorn antelope from a point within 50 yards of a motor-propelled vehicle, including aircraft. Exception: A qualified disabled hunter may obtain an “Oregon Disabilities Hunting and Fishing Permit” to hunt from a motor vehicle except while the vehicle is in motion on or on any public Rd or Hwy, or within Cooperative Travel Management Areas.
- Hunt or harass animals from snowmobile, ATV, or passenger vehicles.
- (1) Operate a snowmobile or ATV while carrying a firearm or a bow unless the firearm is unloaded, or with a bow, unless all arrows are in a quiver. (2) Subsection (1) of this section does not apply to a person who is licensed under ORD 166.291 and 166.292 to carry a concealed handgun. (3) As used in this section, “unloaded” means: (a) if the firearm is a revolver, that there is no live cartridge in the chamber that is aligned with the hammer of the revolver; (b) if the firearm is a muzzle-loading firearm, that the firearm is not capped or primed; or (c) if the firearm is other than a revolver or muzzle-loading firearm, that there is no live cartridge in the chamber. (Violation of ORS 821.240 is a Class B traffic violation).
- Cast an artificial light from a motor vehicle while in possession of a weapon; or cast an artificial light upon a game mammal, predatory animal, or livestock from within 500 feet of a motor vehicle while in possession of a weapon. Exception: Landowners or their agents hunting predatory animals on land they own or lawfully occupy.

DISGUIRING SEX, WASTE, SALE

No Person Shall:

- Disguise the sex or kind of any wildlife while in the field or in transit from the field.
- Possess the meat or carcass of any deer, elk, pronghorn antelope, bighorn sheep, or Rocky Mt goat without evidence of sex while in the field, forest, or in transit on any of the hwys or premises open to the public in Oregon, except processed and cut and wrapped meat. Evidence of sex for deer, elk, pronghorn antelope, bighorn sheep, or Rocky Mt goat is:
  - Option 1 - Either the animal’s scalp which shall include the attached eyes and ears, if animal is female; or ears, antlers or horns, and eyes if the animal is male; or
  - Option 2 - the head naturally attached to at least one quarter of the carcass; or
  - Option 3 - reproductive organs (testicles, scrotum, or penis, if male; vulva or udder (mammary), if female) naturally attached to one quarter of the carcass or to another major portion of meat.
- Applies to option 3 only.
  - * For Hunts with Antler or Horn Restrictions: if the head is not attached to the carcass, in addition to leaving the testicles, scrotum, or penis naturally attached to one quarter of the carcass or to another major portion of meat, the head or skull plate with both antlers or horns naturally attached shall accompany the carcass or major portions of meat.
  - * For White-tailed Deer Only Hunts and for Mule Deer Only Hunts: in addition to evidence of sex, (testicles, scrotum, penis, vulva, udder, mammary), either the head or tail shall remain naturally attached to one quarter of the carcass or to another major portion of meat as evidence of the species taken.
- Waste any game mammals or parts thereof, except that meat of cougar need not be salvaged.
- Sell, trade, barter, exchange, or offer for sale, trade, barter, or exchange, any game mammal or parts thereof EXCEPT as identified in Oregon Administrative Rule 635, Division 200. If you have questions relative to the sale of wildlife parts, or would like a copy of Division 200 please call your local ODFW office.

PROHIBITED METHODS

No Person Shall:

- Shoot from or across a public Rd, Rd right-of-way or railroad right-of-way, except that persons legally hunting on closed Rds within Cooperative Travel Management Areas are not violating current prohibitions on shooting from or across a public Rd. The same is true for other Rds closed to use of motor vehicles by the public.
- Hunt for or kill any wildlife for another person. Exceptions: a) a visually impaired hunter may obtain an “Oregon Disabilities Hunting and Fishing Permit” which allows a sighted person to assist the permit holder. The accompanying person must have a valid Oregon hunting license and can assist the permit holder by: selecting a game mammal or game bird, aiming the firearm, advising the hunter when to shoot, or shooting a game mammal or game bird on behalf of the hunter. b) an able-bodied companion may accompany any person with an “Oregon Disabilities Hunting and Fishing Permit” and kill any animal wounded by the permit holder. The wounded animal must be killed using a legal weapon for the season and species designated on the tag. That companion must immediately attach the permit holder’s tag to the carcass of the animal. A companion dispatching a wounded animal is not required to possess a hunting license or tag. See page 86. c) See odfw.com/education/mentored_youth for Mentored Youth Hunter Program exceptions.
- Hunt any game mammal with dogs, EXCEPT western gray squirrel.
- Use an artificial light for hunting any wildlife, except raccoon, bobcat and opossum provided the light is not cast from or attached to a motor vehicle. This includes laser sights or any other sights which project a beam to the target. This does not include battery operated sights which only light the reticle.
- Hunt any wildlife with infrared or any other night vision sight.
- Take game mammals with trap or snare.
- Use any poisoning, immobilizing, or tranquilizing drug or chemical to hunt or kill any game mammal.

TRESPASS

No Person Shall:

- Hunt on cultivated or enclosed land of another without permission. Enclosed land may be bounded by a fence, ditch, water,
or any other line indicating separation from surrounding territory. In addition, be aware that under ORS 105.700 you can be liable to the landowner for civil restitution if you trespass on land that has been posted. Refer to the above statute for options landowners may use to post their land.

**HUNTING PROHIBITED**

**No Person Shall:**
- Hunt with a centerfire or muzzleloading rifle without a valid unused deer or elk tag for that time period and area on their person (see exceptions) during: standard Eastern Oregon controlled buck deer centerfire firearm season (Oct. 3–Oct. 14), Cascade bull elk centerfire firearm season, Coast bull elk 1st and 2nd centerfire firearm seasons both General and Controlled, or Rocky Mt bull or either-sex elk centerfire firearm seasons or standard Rocky Mt antlerless elk centerfire firearm seasons (Nov. 21 – Nov. 29).

  This does not include Controlled W Commercial Unit (1/9A) or Hood White River (1/10A) buck hunts.

**EXCEPTIONS:**
- (1) Hunters who have a tag for one of the hunts listed above may continue to hunt bear and/or cougar within the time period and area for which their deer or elk tag is valid (used or unused) provided they have a valid, unused bear and/or cougar tag; used deer or elk tags must be on the tagged animal and not on the hunters person. (2) Hunters are not required to have an elk tag to hunt bear or cougar in the Applebe WMU during elk seasons. (3) Landowners, or their agent, hunting predators on lands they own or lease may use centerfire or muzzleloading firearms to hunt on such lands; (4) Hunters may use .22 caliber or smaller centerfire firearms for hunting coyotes in Juniper, Beatty’s Butte, Whitehorse and Owyhee units, in Wagon tire Unit south of Lk Co Rd 5-1/4 and those portions of the Beulah Unit in Malheur and Baker Cos. during or Rocky Mt bull or either-sex elk centerfire firearm seasons. Legal .22 caliber centerfire firearms include common cartridges such as .222, .223, 22-250, .220 Swift and others less than .23 caliber. (5) Hunt on any refuge closed by state or federal government. (6) Hunt within corporate limits of any city or town; public park or cemetery; or on any campus or grounds of a public school, college, or university or from a public Rd, Rd right-of-way, or railroad right-of-way.

- Hunt game mammals outside any area designated by a controlled hunt tag when such tag is required for that season.
- Take or attempt to take any game mammals or any protected wildlife species of any size or sex or amount, by any method or weapon, during a time or in any area not prescribed in these rules.

**OTHER RESTRICTIONS**

**No Person Shall:**
- Hunt in any Safety Zones created and posted by ODFW.

**TAGGING, POSSESSION AND TRANSPORTATION**

- The owner of a game mammal tag that kills a game mammal for which a tag is issued, shall immediately remove in its entirety only the month and day of kill and attach the tag in plain sight securely to the game mammal. The tag shall be kept attached to such carcass or remain with any parts thereof so long as the same are preserved.
- No person shall have in possession any game mammal tag from which all or part of any date has been removed or mutilated except when the tag is legally validated and attached to a game mammal.
- When a game mammal or part thereof is transferred to the possession of another person, including a meat processor or taxidermist, a written record describing the game mammal or part being transferred and name and address of the person whose tag was originally attached to the carcass and the number of that tag shall accompany such transfer and shall remain with such game mammal or part so long as the same is preserved (see Wildlife Transfer Record Form on page 87). The original tag should remain with the portion of the animal retained by the hunter.
- All game mammals in possession in the field or forest or in transit more than 48 hours after the close of the open season for such mammal must be tagged by ODFW or Oregon State Police.
- All game mammals or portions thereof shipped by commercial carrier must be tagged by ODFW or Oregon State Police.
- No person shall receive or have in possession any game mammal or part thereof which: (1) is not properly tagged; (2) was taken in violation of any wildlife laws or regulations; or (3) was taken by any person who is or may be exempt from jurisdiction of such laws or regulations.
- No person shall possess or transport any game mammal or part thereof, which has been illegally killed, found or killed for humane reasons, except shed antlers, unless they have notified and received permission from personnel of the Oregon State Police or ODFW prior to transporting.
- Any person who counsels, aids or assists in any violation of the wildlife laws, or shares in any of the proceeds of such violation by receiving or possessing any wildlife, shall incur the penalties provided for the person guilty of such violation.

**PARTS BAN**

Except for the following parts, no person shall import a cervid carcass or parts of a cervid carcass if the cervid was killed in a state or province with a documented case of Chronic Wasting Disease (CWD):
- Meat that is cut and wrapped commercially or privately;
- Meat that has been boned out;
- Quarters or other portions of meat with no part of the spinal column or head attached;
- Hides and/or capes with no head attached;
- Skull plates with antlers attached that have been cleaned of all meat and brain tissue (velvet antlers are allowed);
- Antlers with no tissue attached (velvet antlers are allowed);
- Upper canine teeth (bbuglers, whistlers, ivoryies);
- Finished taxidermy heads.
- States or provinces with a documented case of CWD are Alberta, Colorado, Iowa, Illinois, Kansas, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, West Virginia, Wisconsin, Wyoming, Utah, Virginia, and Saskatchewan.

The department shall add by temporary rule any additional states or provinces when any new cases of CWD arise.

**HUNTER ORANGE**

No person younger than 18 years of age shall hunt with any firearm for any game mammal or upland game bird (excluding turkey) unless the person is wearing in a manner visible from all directions a hat or exterior garment of hunter orange. "Exterior garment" means a shirt, jacket, coat, vest, or sweater. Hunter orange camouflaged patterns are acceptable. "Hat" means any head covering.
Oregon Department of Fish and Wildlife

**OTHER REGULATIONS**

- Person may harvest one black bear during specified seasons with a general season black bear tag, one black bear with a SW Additional bear tag, one black bear with a controlled or SW limited spring bear tag and one black bear with a leftover controlled spring bear tag (see page 11), if available.
- It is unlawful to hunt with a centerfire or muzzleloading rifle without a valid unused deer or elk tag for that time period and area on your person (see exceptions) during: standard Eastern Oregon controlled buck deer centerfire firearm season (Oct. 3- Oct. 14), Cascade bull elk centerfire firearm season, Coast bull elk. 1st and 2nd centerfire firearm seasons both General and Controlled or Rocky Mt bull elk or either sex centerfire firearm seasons or standard Rocky Mt antlerless elk centerfire firearm seasons (Nov. 21 - Nov. 29). This does not include the controlled W High Cascade (119A) or Hood-White Rvr (141A) buck hunts. **EXCEPTIONS:**
  (1) Hunters who have a tag for one of the hunts listed above may continue to hunt bear and/or cougar within the time period and area for which their bear or elk tag is valid (used or unused) provided they have a valid, unused bear and/or cougar tag; used deer or elk tags must be on the tagged animal and not on the hunters person. (2) Hunters are not required to have an elk tag to hunt bear or cougar in the **Applegate WMU during elk seasons,**
  - The number of limited, controlled hunt, and general season tags issued to nonresident black bear hunters is limited to no more than 3% of all tags.
  - Using bait to attract black bear and using dogs to locate and free black bear is prohibited. Applying a scent or attractant to one’s body or clothing while worn is not baiting.

**MANDATORY CHECK FOR ALL BEARS**

The skull of any bear taken must be presented to an ODFW office or designated collection site; the person who took the animal is responsible to have it presented, within 10 days of the kill to be checked and marked. The skull is required to be checked in for the purpose of inspection, data gathering, tagging and removal of a pre-molar tooth for aging. Skull must be unfrrozen when presented for check-in. **Check-in at ODFW offices must occur during normal business hours (Mon.-Fri., 8-5) by appointment.** Remember to call ahead to make arrangements. When the bear skull is presented at check-in, information that must be provided includes:
  1) date of harvest and location of harvest including Wildlife Management Unit, and
  2) complete hunter information including tag number as found on the bear tag. Hunter information is on the bear tag; the skull is required to be checked in for the purpose of inspection, data gathering, tagging and removal of a pre-molar tooth for aging. Skull must be unfrrozen when presented for check-in. The skull is required to be checked in for the purpose of inspection, data gathering, tagging and removal of a pre-molar tooth for aging. Skull must be unfrrozen when presented for check-in. The skull is required to be checked in for the purpose of inspection, data gathering, tagging and removal of a pre-molar tooth for aging. Skull must be unfrrozen when presented for check-in.

**BLACK BEAR**

**REPORTS ON YOUR DEER AND ELK TAGS**

![REPORT MY HUNT](https://www.reportmyhunt.com)

**Avoid the Fee**

Hunters that report on time are entered to win a special big game tag of their choice (deer, elk or pronghorn antelope). This special tag allows the hunter an extended season and expanded hunt area.

**DEADLINES:**

- For all hunts that end April 1-Dec. 31, 2015, the deadline is Jan. 31, 2016
- For all hunts that end Jan. 1-March 31, 2016, the deadline is April 15, 2016

Report online at [www.reportmyhunt.com](http://www.reportmyhunt.com) or [www.odfw.com](http://www.odfw.com) under the “Hunting” menu, or call toll-free 1-866-947-ODFW (6339) to speak with a customer service representative. **(Do Not call your local field office to report)**
**RESIDENT AND NONRESIDENT BLACK BEAR TAG AREAS**

For general black bear season (including the additional bear tags), the 3% nonresident limit is based on the previous year's general season black bear hunter distribution patterns by areas throughout the state. In 2015, nonresident black bear tag sales will be limited in four areas: Northwest, Southwest, Cascades and Eastern. The number of tags available by area, along with area descriptions, for the 2015 season are listed below.

Nonresident hunters who wish to hunt in general black bear seasons may purchase their black bear tags at any license agent, via the internet, or by mail, if postmarked not later than Oct. 2 (or fax for credit card purchases). The additional tag may be purchased throughout the season; however, hunters must purchase the general season tag (see tag sale deadlines on page 7) to be eligible for the additional tag. Tags will be issued on a first-come, first-served basis until gone. Applicants should list preferred hunting areas in order of priority (see area descriptions below). If you do not receive your first choice, you may receive your second or later choice depending on how many tags remain available at the time of application. Please list only areas where you are willing to hunt. See odfw.com/resources/forms_applications, application procedures for nonresident bear hunters.

### Area Descriptions/Tag Numbers:

### Exceptions and Special Regulations

- **Southwest Oregon Additional Bear:** Aug. 1 - Dec. 31 - (all of units 20-30) (Requires a resident SW Additional; or nonresident SW Additional; or a nonresident Cascade Additional bear tag. See information below for units with nonresident tags). An “additional” tag may be purchased throughout the season; however, hunters must purchase the general season tag (see tag sale deadlines on page 7) to be eligible for the additional tag.

**BAG LIMIT:** One black bear per tag, except that it is unlawful to take cubs less than one year old or sows with cubs less than one year old.

**Note:** Nonresident tags are valid for only one of the areas listed below under Nonresident Black Bear

### Tribal Hunting Areas

- **Western Oregon** Aug. 1 - Dec. 31
- **Eastern Oregon** Aug. 1 - Nov. 30

There are no hunting seasons on NP lands or allotted and/or Tribal lands in these areas.
**BLACK BEAR - CONTROLLED**

**CONTROLLED HUNT APPLICATION PROCEDURES:** Please read pages 10-12. All spring black bear hunts are controlled hunts where the number of hunters is limited and tags are awarded through a public drawing, except the new limited SW Oregon first-come, first-served spring black bear hunt.

**BAG LIMIT:** One black bear, except that it is unlawful to take cubs less than one year old or sows with cubs less than one year old.

**HUNT AREA:** Entire wildlife management unit unless indicated by an asterisk (*). Please refer to HUNT DESCRIPTIONS BELOW. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

**REGULATIONS:** Mandatory check for all bears, see page 23. Using dogs to locate and tree black bear is prohibited.

**NOTE:** The “2014 1st Choice Applicants” column is not influenced by preference points; it only indicates the number of first choice applicants for each hunt. Successful individuals may also purchase a 2015 general season black bear tag and a 2015 SW Additional bear tag. Controlled black bear tags not drawn in the February drawing will be sold first-come, first-served beginning Mar. 15 at 10 a.m. Tags purchased in this manner are in addition to other spring bear tags purchased. Hunters purchasing a SW Oregon spring bear tag prior to the drawing will not be eligible to apply for other controlled spring bear tags or utilize the Point Saver option for spring bear hunts. Hunters planning to apply for other controlled spring bear hunts or a Point Saver should wait until after the drawing to purchase a SW Oregon spring bear tag. Please note there is a limited number of SW Oregon spring bear tags available.

**STOP** Private lands will limit access for hunts printed in red. Do not apply unless you have access to a place to hunt.

### HUNT DESCRIPTIONS

**HUNT 710A: Saddle Mt - Scappoose** - All of units 10 and 11. There are specific weapon restrictions in the Cascade Head - Lincoln City area of the Saddle Unit. See page 83.

**HUNT 712A: Wilson-Trask** - All of units 12 and 14. There are specific weapon restrictions in the Cascade Head - Lincoln City area of the Trask Unit. See page 83.

**HUNT 716A: N Cascades** - All of Unit 16 excluding the Marion and Linn Co portion outside of the USFS lands: the McKenzie Unit excluding the Linn Co portion outside of the Willamette NF.

**HUNT 717A: Alsea-Stott Mt** - All of units 17 and 18. There are specific weapon restrictions in the Cascade Head - Lincoln City area of the Stott Mt Unit. See page 83.

**SW Oregon** - All of units 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 and 30. Exception: Lands within 1 mi of Rogue Rvr between Grave Cr and Lobster Cr are closed to bear hunting. Tags will be available on a limited first-come, first-served basis from Dec. 1 through March 31, or until the authorized number of tags are sold, whichever comes first. Note: Purchasing this tag prior to the drawing eliminates your ability to apply for other controlled spring bear tags or point savers. Please refer to note section above.

**HUNT 731A: South Central** - All of units 31, 32, 33, 34, 35, 36, 75, 76 and 77.

**HUNT 746A: S Blue Mts** - 64% public lands. All of units 45, 46, 47, 48, 50, 51, 65, 66 and 72.

**HUNT 749A: W Blue Mts** - All of units 49, 50 and 55.

**HUNT 752A: Starkey** - 67% public lands. All of Unit 52 except the Starkey Experimental Forest and Range fenced enclosure and a 1/4-mi buffer outside the exterior 8-ft fence.

**HUNTS 757A and 777T: Sled Springs-Chesnimnus** - All of units 57 and 58.

**HUNTS 760A and 760T: Minam-Immnaha** - All of units 60 and 61.

**HUNT 762A: Pine Cr - Keating - Catherine Cr** - All of units 53, 62 and 63.
1. Label a plastic bag with: Tag Number, Date of Kill, Unit Number and Name, County, and Your Name and Address. Ziplock type kitchen or freezer bags work very well for this purpose.

2. Locate the “Y” shaped reproductive tract beneath and slightly ahead of the pelvis or hip bones. It usually is necessary to move some of the intestines and other organs aside to locate the entire tract, including both ovaries and the uterus.

3. Cut the uterus immediately forward of the bladder. Use caution when handling the bladder and cutting the reproductive tract from the body cavity to insure the meat is not contaminated with urine from the bladder.

4. Place the entire reproductive tract in the labeled plastic bag and seal.

5. Preserve specimens by freezing as soon as possible and submit to any ODFW district office or check station.
COUGAR - GENERAL

GENERAL STATEWIDE SEASON: Jan. 1 - Dec. 31 or until Zone Mortality Quotas have been met, whichever occurs first.

OPEN AREA: Entire state is open. However, specific Quota Zones (defined in table below) will be closed if mortality quotas for the year are met in that zone. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

ADDITIONAL COUGAR (Requires an Additional cougar tag): Entire state is open Jan. 1 - Dec. 31 or until Zone Mortality Quotas have been met, whichever occurs first. An “additional” tag may be purchased throughout the season; however, hunters must purchase the general season tag (see tag sale deadlines on page 7) to be eligible for the additional tag.

BAG LIMIT: One cougar per tag, except that it is unlawful to take spotted kittens or females with spotted kittens.

HUNTING REGULATIONS: No person shall use dogs for the taking or pursuit of cougar. It is unlawful to hunt with a centerfire or muzzleloading rifle without a valid (used or unused) deer or elk tag for certain time periods and areas; see page 22.

Any cougar taken must be presented at a Department of Fish and Wildlife office within 10 days of the kill to be checked and marked. The person who took the cougar is responsible to have it presented for check-in. The hide with skull and proof of sex attached are required. Hide and skull must be unfrozen when presented for check-in. Hunters are also required to submit the reproductive tract of any female cougar taken (see illustration on page 26). Check-in must occur during normal business hours (8 a.m. to 5 p.m., Monday-Friday. Please call ahead to make an appointment. When the required parts are presented at check-in, information that must be provided includes: 1) date of harvest and location of harvest including Wildlife Management Unit, and 2) complete hunter information including tag number as found on the cougar tag. Hunter information is on the cougar tag; the cougar tag, a copy of the tag, or a completed “Wildlife Transfer Record Form” (page 87) are alternatives for providing information. Hunters must still complete mandatory reporting via the internet (www.odfw.com/resources/hunting/reporting) or call toll free at 1-866-947-ODFW(6339). See page 23 for more information.

Cougars hunters are reminded that it is mandatory to provide the reproductive tract of any female cougar taken. The reproductive tract provides valuable information on the number and frequency of kittens born annually in Oregon and is a critical part of ODFW’s cougar population models. Carrying a clean, empty sandwich bag while hunting, and keeping the sample cooled or frozen in an ice chest or refrigerator after collection, is an easy way to maintain the quality of this important sample for the department. Reproductive tracts may be delivered to any ODFW field office when you check in your cougar.

COUGAR QUOTA MORTALITY ZONES

Refer to WMU boundary descriptions on pages 73-77 for exact boundary locations of each Wildlife Management Unit.

HUNT ZONE A, COAST/NORTH CASCADES: All of wildlife management units 10-12, 14-18, 20, 24-27, 39, 41 and 42. There are specific weapon restrictions in the parts of the hunt area. See pages 83-85.

HUNT ZONE B, SOUTHWEST CASCADES: All of wildlife management units 19, 21-23 and 28-31.

HUNT ZONE C, SOUTHEAST CASCADES: All of wildlife management units 32-35 and 75-77.

HUNT ZONE D, COLUMBIA BASIN: All of wildlife management units 38, 40 and 43-45.

HUNT ZONE E, BLUE MOUNTAINS: All of wildlife management units 37 and 46-64.

HUNT ZONE F, SOUTHEAST OREGON: All of wildlife management units 36 and 65-74.

MORTALITY QUOTAS: Hunt zones will be closed early to cougar hunting if individual zone mortality quotas are reached. For information on quotas that may have been reached, contact an ODFW office near you.

Find Great Hunting in Oregon Oregonhuntingmap.com

ODFW has a new hunting map to help you find your next spot. With new features you can:  
✓ Search by species  
✓ Search by location  
✓ Show landownership  
✓ Show property boundaries  
✓ Find Lat/Long coordinates  
✓ Show wildlife management units  
✓ And more!

Because the map is based on Google Maps, you’ll be able to scout areas for habitat and terrain. Before heading out to the field, check out Oregonhuntingmap.com
COUGAR TARGET AREAS TO HELP BIG GAME

ODFW removed 291* cougars in Heppner, Steens Mtn, Ukiah, Warner, and Wenaha Units to benefit deer or elk populations (*does not include cougar taken by hunters or on damage complaints).

The most dramatic results have been in the Heppner and Ukiah Target Areas:

- Elk calf survival doubled
- Ukiah elk population grew by 500 since 2010
- Heppner elk population grew by 2,200 since 2007

Wildlife managers were not able to measure a population-level response in deer and elk in Steens Mtn, Warner and Wenaha Units at this time.

Additional cougar target areas are being considered for 2015.

COUGAR QUOTA INCREASE

- Statewide cougar quota raised to 970, a 25% increase (beginning 2015)

COUGAR RESEARCH TO SUPPORT MANAGEMENT

The ODFW research team has recently published peer-reviewed research on cougar kill rates and prey selection in northeast Oregon, cougar survival rates, and estimating cougar densities using dogs.

What researchers found in northeast Oregon:

- Deer and elk made up 95% of the animals preyed on by cougar. Of the deer and elk kills examined:
  - More than 2/3 (69%) were deer, just under 1/3 (31%) were elk
  - Almost ½ (47%) of the deer killed were fawns, ¾ (75%) of the elk killed were calves
  - On average, an adult cougar kills one deer or elk per week. (Oregon has an estimated 4,000 adults out of a total cougar population of 6,000.)

- High levels of hunter harvest can reduce local cougar populations.
- Benefits of target areas can last for several years.

Results of this work can be found at: dfw.state.or.us/wildlife/research/

Don't forget to buy your cougar tag! Most cougar are taken when hunters are pursuing other species. Buy a cougar tag and be ready.

*Cougar population growth rates have slowed since the 2006 Cougar Management Plan went into effect.

The Heppner Unit elk population rebounded dramatically after the first year of cougar removals. In the last five years, the elk population has risen to slightly above the management objective.

PRONGHORN ANTELOPE - CONTROLLED

**TAG SALE DEADLINE:** The day before the hunt begins. NO MORE THAN TWO PERSONS MAY APPLY AS A PARTY FOR PRONGHORN ANTELOPE.

**CONTROLLED HUNT APPLICATION PROCEDURES:** Please read pages 10-12.

All pronghorn antelope hunts are controlled hunts where the number of hunters is limited and tags are awarded through a public drawing. Hunters should apply for more than one hunt choice. If your first choice hunt is cancelled, you will receive a postcard describing your hunt choice options. See page 12 for further information.

**HUNT AREA:** Entire wildlife management unit unless indicated by an asterisk(*). Please refer to HUNT DESCRIPTIONS. A map will be sent if indicated in hunt description by [MAP]. Please note additional closure areas listed on pages 80-85 that may affect your hunt area. Additionally, some private lands may be closed to all hunting.

**OTHER REGULATIONS:** No person shall shoot at a pronghorn antelope from a point within 50 yards of a motor vehicle including aircraft, except persons that have an “Oregon Disabilities Hunting and Fishing Permit” (see page 86).

**LANDOWNER PREFERENCE TAGS:** Pronghorn antelope hunts with an either-sex or a one doe or fawn bag limit occurring on a landowner’s registered property are also eligible. If an applicant is successful in receiving a LOP pronghorn antelope tag for a hunt with an either-sex bag limit, the LOP tag is automatically issued with a bag limit of one doe or fawn. See page 13 for further information.

**Note:** The “2014 1st Choice Applicants” column is not influenced by preference points; it only indicates the number of first choice applicants for each hunt in 2014. The Fish and Wildlife Commission will not set actual tag numbers for hunts listed here until June 2015. The tag numbers shown were those allocated for 2014 or estimated for new 2015 hunts. Actual tag numbers for 2015 may be higher or lower than those listed based on population conditions.

HUNT 477R: E Slope - 44% public lands. Please consider and be familiar with the following circumstances before applying for this hunt; Pronghorn antelope exist at very low densities within this hunt area, the hunt area is comprised of heavily timbered landscapes, and hunter success is low. Beginning at Diamond Lk junction; west on State Hwy 138 to Crater Lk NP boundary; south on NP boundary to 2304; southeast on 2304 to 2300, southwest on 2300 to 9740; southeast on 9740 to US Hwy 97; south on Hwy 97 to 43; north and east on 43 to Klamath Marsh Rd; north on Klamath Marsh Rd to 86; north and west on 86 to US Hwy 97; south on Hwy 97 to Diamond Lk junction, point of beginning, excluding Klamath Marsh NWR. [MAP]

Hunters have a long history of supporting and conserving Oregon’s wildlife. Continue that tradition by switching to non-lead ammunition. Non-lead ammunition is available for most rifles, handguns and shotguns.

High performance non-lead bullets have the same stopping power as lead, but leave fewer bullet fragments that can be swallowed by scavengers and other wildlife. Switching to non-lead ammunition means eagles, scavengers, other wildlife and humans will not be exposed to lead fragments in game meat.

Lead can be harmful to wildlife and humans. A nationwide ban on lead shot for waterfowl hunting is credited with saving millions of ducks, geese and waterfowl from lead poisoning. Birds of prey, scavengers and other wildlife can be harmed by eating meat containing lead fragments.

**Do your part to help Oregon wildlife.**

ROCKY MOUNTAIN GOAT - CONTROLLED

TAG SALE DEADLINE: The day before the season end date.
PARTY APPLICATIONS ARE NOT ALLOWED.
CONTROLLED HUNT APPLICATION PROCEDURES: Please read pages 10-12.
NOTE: No less than 5% and no more than 10% of all Rocky Mt goat tags can be issued to nonresidents. One Rocky Mt goat tag is estimated to be issued for 951A2 Elkhorn No 2 and one tag for 959A1 Hat Point No 1 in 2015. All Rocky Mt goat hunts are controlled hunts where the number of hunters is limited and tags are awarded through a public drawing. A person may draw only one controlled Rocky Mt goat tag in a lifetime. The Fish and Wildlife Commission will not set actual tag numbers for hunts listed here until June 2015. Actual tag numbers for 2015 may be higher or lower than listed based on population conditions. Rocky Mt goats are located in extremely steep and rugged terrain at higher elevations and hunters should be in good physical condition.
BAG LIMIT: One Rocky Mt goat.
HUNT AREA: See HUNT DESCRIPTIONS below. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.
OTHER REGULATIONS: Orientation class with district biologist IS required. Rocky Mt goats taken by hunters must be marked by ODFW personnel prior to hunters leaving the hunt area. ALL HUNTERS MUST CHECK OUT THROUGH THE LOCAL ODFW OFFICE IN THE DISTRICT WHERE THE HUNT OCCURS WITHIN 72 HOURS AFTER COMPLETING THEIR HUNT UNLESS OTHER ARRANGEMENTS HAVE BEEN MADE. Checkout must occur during normal business hours (Mon. - Fri., 8-5) unless prior arrangements have been made.
ROCKY MOUNTAIN GOAT HUNTERS: See pages 14-17 for information on the Rocky Mountain goat raffle hunting opportunity. Non-residents may purchase raffle tickets.

### BIGHORN SHEEP - CONTROLLED

**TAG SALE DEADLINE:** The day before the season end date.

**PARTY APPLICATIONS ARE NOT ALLOWED.**

**CONTROLLED HUNT APPLICATION PROCEDURES:** Please read pages 10-12. All bighorn sheep hunts are controlled hunts where the number of hunters is limited and tags are awarded through a public drawing. You may only draw one controlled bighorn sheep ram tag in a lifetime. Hunters previously holding any Oregon bighorn sheep tag (controlled, raffle, or auction) may obtain either the bighorn raffle tag or bighorn auction tag for additional bighorn hunting opportunity. Details on purchasing raffle tickets and auction date/location are listed on pages 14-17. **HUNTERS SHOULD APPLY FOR MORE THAN ONE HUNTER AREA.** If your first choice hunt is cancelled, you will receive a postcard describing your hunt choice options. See page 12 for further information.

**BAG LIMIT:** One bighorn sheep ram.

**HUNT AREA:** Entire wildlife management unit unless indicated by an asterisk (*). Please refer to HUNT DESCRIPTIONS on following page. A map will be sent out if hunt description indicates [MAP]. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

**OTHER REGULATIONS:** Bighorn sheep taken by hunters must have one horn marked (pinned) by ODFW personnel. **ALL HUNTERS MUST CHECK OUT THROUGH THE LOCAL ODFW OFFICE IN THE DISTRICT WHERE THE HUNT OCCURS WITHIN 72 HOURS AFTER COMPLETING THEIR HUNT.** Checkout must occur during normal business hours (Mon.-Fri., 8-5) unless prior arrangements have been made. Please call the local ODFW office to make arrangements for checkout.

**NOTE:** No less than 5% and no more than 10% of all bighorn sheep tags can be issued to nonresidents. Seven bighorn sheep tags were issued to nonresidents in 2014. **NONRESIDENT TAGS WILL PROBABLY BE ISSUED FOR THE FOLLOWING HUNTS IN 2015: HART MT REFUGE, E BEATY'S BUTTE/ALVORD PEAK NO 2, S CENTRAL NO 1, E. JOHN DAY RVR NO 2, W JOHN DAY RVR NO. 2, LOOKOUT MT NO. 1 and LOWER OWYHEE NO. 2.** The Fish and Wildlife Commission will not set actual tag numbers for hunts listed here until June 2015. The tag numbers currently shown, for your reference, were those allocated for 2014. Actual tag numbers for 2015 may be higher or lower than those listed based on population conditions.

**STOP** Private lands will limit access for hunts printed in red. Do not apply unless you have access to a place to hunt.

BUCK DEER SEASONS

See Map and Table for Areas and Season Dates

Controlled rifle buck hunting. Closed to all hunting except by controlled tag. See pages 36-38 for controlled hunt opportunities.

Cascade buck area (General Western Centerfire Firearm Season) Oct. 3 - Oct. 16 and Oct. 24 - Nov. 6. Closed during Cascade bull elk centerfire firearm season.

Coast buck area - (General Western Rifle Season) Oct. 3 - Nov. 6. There are no hunting seasons on NP lands or allotted and/or Tribal lands in these areas.

NOTE: White-tailed deer are protected in all units west of the eastern boundaries of Santiam, McKenzie, Indigo, Dixon and Rogue units, except for the Umpqua hunts (123A, 123R1) and North Bank Habitat hunts (123B, 123M2, 123R2, 623T1) listed on pages 36, 40, 41 and 49.

NOTE: Tag sale deadline is day before the earliest opening day for a season.

OPEN SEASON | TAG REQUIRED | BAG LIMIT | OPEN AREA**
---|---|---|---
Eastern CONTROLLED SEASON | All eastern Oregon deer centerfire firearm hunting is by controlled hunt tag | Controlled 100 Series Deer Tag | See pages 36-40.

Western GENERAL SEASON

Cascade Buck Area Oct. 3 - Oct. 16 & Oct. 24 - Nov. 6 | Western Oregon Deer Tag | One buck deer having not less than a forked antler | Dixon, Evans Cr, Indigo, McKenzie, Rogue and Santiam units.

Coast Buck Area Oct. 3 - Nov. 6 | Western Oregon Deer Tag | One buck deer having not less than a forked antler | Alsea, Applegate, Chetco, Melrose, Powers, Saddle Mt, Scappoose, Siuslaw, Sixes, Stott Mt*, Tioga, Trask*, Willamette and Wilson units. Exception: That part of Saddle Mt Unit north of Burlington Northern railroad tracks to Astoria is closed to all deer hunting except during authorized emergency hunts.

* See page 83 under units 14 and 17 for weapon restrictions in Cascade Head - Lincoln City Area.

** See pages 83-85 for refuge and area regulations.

Attention Youth Hunters:
To increase youth hunting opportunity, the Western Oregon general buck deer firearm season is extended two days for youth 12-17 years of age. Youth hunters with an unfilled Western Oregon general season deer tag, an unfilled W. High Cascade (119A), or an unfilled Hood-White River (141A) controlled hunt tag may hunt the area of the Western Oregon general deer season Nov. 7-8, 2015. The tag sale deadline is Oct. 2. Bag limit: One buck having not less than a forked antler.
DEER - CONTROLLED 100 SERIES HUNTS

TAG SALE DEADLINE: The day before the hunt begins.

CONTROLLED HUNT APPLICATION PROCEDURES: Please read pages 10-12.

HUNTERS: Please be sure you have access to a place to hunt before you apply for a tag. Always ask permission first to hunt on private lands, respect these properties and be sure to leave gates as you found them. Many units have road closures that will be in effect during hunting seasons. See pages 80-85 for road closure information.

CONTROLLED DEER HUNTS: You may submit only one application for the 100 series hunt numbers on pages 36-40. Successful applicants who purchase their controlled hunt tag may not purchase a general season deer tag. The W High Cascade (119A) or Hood-White Rvr (141A) centerfire firearm buck hunt, tags allow hunting in general seasons as described in the hunt area descriptions of those hunts. Hunters should apply for more than one hunt choice. If your first choice hunt is cancelled, you will receive a postcard describing your hunt choice options. See page 11 for further information.

NOTE: The “2014 1st Choice Applicants” column is not influenced by preference points; it only indicates the number of first choice applicants for each hunt.

REGULATIONS: It is unlawful to hunt with a centerfire or muzzleloading rifle during eastern Oregon controlled buck deer centerfire firearm seasons without a valid deer tag for that time period and area. This does not include the Controlled W High Cascade or Hood-White Rvr buck deer centerfire firearm hunts that occur Sept. 12 - Sept. 20. See page 22 for exceptions.

The Fish and Wildlife Commission will not set actual tag numbers for hunts listed here until June 2015. Tag numbers currently shown, for your reference, were those allocated for 2014 or estimated for new 2015 hunts. Actual tag numbers for 2015 may be higher or lower than those listed based on population conditions. NOTE: As a hunter it is your responsibility to ensure the hunts you apply for (all choices in all series) are hunts you want to participate in. It is your responsibility to monitor your preference points, tags allocated to specific hunts, odds of drawing a tag and to ensure the actual area you are interested in hunting is within the hunt boundary and is open for hunting access. ODFW strives to make all information available to all hunters and ODFW will not reinstate preference points or change tags because the tag you drew is not the one you wanted or expected.

HUNT AREA: Entire wildlife management unit unless indicated by an asterisk(*). A map will be sent if indicated in hunt description by [MAP]. Landowner preference tags available, see page 13.

Black-tailed Deer Hunters!

The Oregon Department of Fish and Wildlife needs your help by providing teeth from the black-tailed deer you harvest.

The age of the deer taken (as determined by analyzing the teeth) will provide critical information to develop a population estimate for black-tailed deer in Oregon.

Please be sure to pick up an envelope at any ODFW office or POS license agent to submit teeth from any black-tailed deer you harvest this year.

Instructions on how to properly remove the correct teeth are printed on the tooth envelope.

Thank you for your cooperation in providing this important information.

For more information, the Oregon Black-tailed Deer Management Plan is available on the department Web site: http://www.dfw.state.or.us/wildlife/.

NOTE: White-tailed deer are protected in all units west of the eastern boundaries of Santiam, McKenzie, Indigo, Dixon and Rogue units, except for the Umpqua hunts (123A, 123R1) and North Bank Habitat hunts (123B, 123M2, 123R2, 623T1) listed on pages 36, 40, 41 and 49.

**HUNT DESCRIPTIONS**

For those hunt descriptions with [MAP] following the description, maps can be found on our website at www.odfw.com/resources/hunting/big_game/units.

HUNT 119A: W High Cascade - 100% public lands. Successful applicants will receive one tag valid for both the W High Cascade hunt and Western Oregon General Deer season. Hunters who harvest a deer in the W High Cascade hunt may not hunt in the Western Oregon General Deer season.

Hunt 141A: Hood-White Rvr - 100% public lands. Successful applicants will receive one tag valid for both the Hood-White Rvr hunt and Western Oregon General Deer season. Hunters who harvest a deer in the Hood-White Rvr hunt may not hunt in the Western Oregon General Deer season.

**COLUMBIAN WHITE-TAILED DEER**

Columbian white-tailed deer were first described by early pioneers as a common animal throughout the valleys of western Oregon and Washington. The Columbian white-tailed deer was first recognized as endangered in 1967 and listed under the Federal Endangered Species Act in 1973 and under the Oregon Endangered Species Act in 1987. Two populations remain; one in the Umpqua Basin near Roseburg and one along the lower Columbia River. Oregon populations recovered sufficiently since listing to be removed from the state Endangered Species list in 1995. Efforts by ODFW, other state and federal agencies, Douglas County and private landowners have led to the removal of the Roseburg population of the Columbian white-tailed deer from the federal Endangered Species List. Management authority for this population has been moved from the federal government to Oregon Department of Fish and Wildlife and continues to be monitored after delisting.

There are no changes to regulations regarding protection of Columbian white-tailed deer at this time. In 2014, six (6) controlled hunts (2 rifle, 1 muzzleloader, 2 archery and 1 youth), which allow the taking of Columbian white-tailed deer will be offered in the Roseburg area. A very limited number of tags will be offered. White-tailed deer continue to be protected in all western Oregon except for the Umpqua controlled hunt numbers 123A, 123R1, and North Bank Habitat controlled hunt numbers 123B, 123M2, 123R2, 623T1. Oregon Department of Fish and Wildlife continues to live trap and transplant Columbian white-tailed deer from Douglas County into parts of their historic range in unoccupied areas of Western Oregon. All of western Oregon will continue to be closed to hunting Columbia white-tailed deer, except in the controlled hunt areas near Roseburg. The department anticipates that additional hunting opportunity may be offered in future years if populations remain healthy and new populations are re-established in historic range. For additional information contact the ODFW Roseburg office at 541-440-3353.

**AVOID THE FEE** MANDATORY REPORTING REQUIRED SEE PAGE 23
### DEER - CONTROLLED 600 SERIES DEER HUNTS

**TAG SALE DEADLINE** is day before the hunt begins. For hunts with more than one hunt period, the tag sale deadline is the day before the earliest opening date. Favorable winter weather conditions may lead to deer populations exceeding population management objectives in many units. In that case, biologists will recommend antlerless deer hunts where deer exceed the ecological and/or social carrying capacity of a unit. Antlerless deer hunting is an important management tool to keep populations and their habitats healthy. Unanticipated hunts in response to populations exceeding objective will be publicly announced by Apr. 15. All such hunts will have a unique hunt number and will be available for the big game drawing if approved by the Oregon Fish and Wildlife Commission. Most of the antlerless deer hunts recommended for eastern Oregon are in response to specific animal damage situations.

**CONTROLLED HUNT APPLICATION PROCEDURES:** Please read pages 10-12. All antlerless deer hunts are controlled hunts where the number of hunters is limited and tags are awarded through a public drawing. Hunters should apply for more than one hunt choice. If your first choice hunt is cancelled, you will receive a postcard describing your hunt choice options. See page 12 for further information.

**YOUTH CONTROLLED HUNTS FOR DEER:** Controlled deer hunts for youth are listed on page 49.

**CAUTION TO HUNTERS:** Obtaining a tag does not guarantee a place to hunt! Some hunts in these regulations are composed mostly or entirely of private lands and are printed in red. ODFW tries to design hunts to provide public access; however, in some areas this is not possible. It is the hunter’s responsibility to obtain access to hunt on private property. In areas with high percentages of private land, please make sure you have a place to hunt before you apply for a tag.

**NOTE:** The “2014 1st Choice Applicants” column is not influenced by preference points; it only indicates the number of first choice applicants for each hunt.

**NOTE:** White-tailed deer are protected in all units west of the eastern boundaries of Santiam, McKenzie, Indigo, Dixon and Rogue units, except for the Umpqua hunts (123A, 123R1) and North Bank Habitat hunts (123B, 123M2, 123R2, 623T1) listed on pages 36, 40, 41 and 49.

**TAGS:** The Fish and Wildlife Commission will not set actual tag numbers for hunts listed here until June 2015. Tag numbers currently shown, for your reference, were those allocated for 2014 or estimated for new 2015 hunts. Actual tag numbers for 2015 may be higher or lower than those listed based on population conditions.

**HUNT AREA:** Entire wildlife management unit unless indicated by an asterisk (*). A map will be sent if indicated in hunt description by [MAP]. Landowner preference tags available, see page 13. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

**DEER BAG LIMIT DEFINITIONS** See pages 71-72

WALLOWA COUNTY IS A HAY QUARANTINE AREA

It is unlawful to transport uncertified hay, straw, or grass (whether baled, chopped, or cubed) into or within, Wallowa County for use on public lands or private lands, except if you have permission from the landowner. To be legal, feed must meet the certification requirements of the North American Weed Management Association (NAWMA). The reasons for this ordinance are: noxious weeds are being introduced to big game and livestock ranges; farmers, the county, ODFW, and other landowners area are spending thousands of dollars for weed control; an effort is being made to reduce chemical use; and weeds have destroyed major wildlife habitat areas in surrounding states and counties.

Wallowa Co is asking all hunters, campers, and landowners to cooperate in this effort. Hay will be available at the Hay Station in Minam, at Wallowa, Enterprise, and Joseph. The Hay Station will be open three days prior to the Controlled Buck Deer, Second Season Bull Elk, and Controlled Antlerless Elk seasons and four days prior to the First Bull Elk season. For more information call the Wallowa Co Vegetation Manager 541-426-3332; Wallowa Co Extension 541-426-3143; or the Wallowa Mt Visitor Center 541-426-4978.

YOUTH HUNTER ORANGE REQUIREMENT

- Applies to youth hunters (age 17 under)

- Hunter orange camouflage acceptable
- Hunter orange NOT required for youth archery, turkey and waterfowl hunting

OREGON DEPARTMENT OF FISH AND WILDLIFE
YOUTH - CONTROLLED DEER HUNTS

TAG SALE DEADLINE is day before the hunt begins. For hunts with more than one hunt period, the tag sale deadline is day before the earliest opening date. The deer hunts listed below and elk hunts listed on page 67, are part of a program to encourage youth participation in big game hunting.

CONTROLLED HUNT Application procedures: Please read pages 10-12. Hunters should apply for more than one hunt choice. If your first choice hunt is cancelled, you will receive a postcard describing your hunt choice options. See page 12 for further information. These hunts are designed to provide young hunters with a safe, well-supervised, low-stress setting where they can enjoy the hunt while building fundamental skills. Youth must be accompanied by an adult at least 21 years of age. Adults may not accompany more than two youths. To apply, hunters must be 12-17 years old at the time they hunt, have completed a hunter education class by the time they hunt (see www.dfw.state.or.us/education/hunter/ for Hunter Education Requirement) and possess a hunting license. Youth selected for these hunts will be provided with additional information and recommendations about preparing for the hunt. See pages 10-12 for application procedures. Hunters should apply for more than one hunt area. USE COMPLETE HUNT NUMBER WHEN APPLYING.

HUNT AREA: Entire wildlife management unit unless indicated by an asterisk (*). A map will be sent if indicated in hunt description by [MAP]. Landowner preference tags available, see page 13. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

Private lands will limit access for hunts printed in red. Do not apply unless you have access to a place to hunt.

NOTE: White-tailed deer are protected in all units west of the eastern boundaries of Santiam, McKenzie, Indigo, Dixon and Rogue units, except for the Umpqua hunts (123A, 123R1) and North Bank Habitat hunts (123B, 123M2, 123R2, 623T1) listed on pages 36, 40, 41 and 49.

YOUths participating in the “First Time” online opportunities.

WHO MAY APPLY:

Oregon residents age 12 to 17. See www.dfw.state.or.us/resources/hunting/youth_hunting_opportunities.asp or call 503-947-6100 for application and details. If in a previous year, the youth has been successful in one of the following hunt series 100, 200 or 600 they are no longer eligible to participate in the “Youth First Time Hunt Program” for that hunt series.

Important: The youth “first time” hunt program is not limited to just controlled youth hunts; however not all hunts are included in the program. Each hunt must meet a minimum tag allocation to be available to “First Time” hunters:

<table>
<thead>
<tr>
<th>HUNT SERIES</th>
<th>MIN. TAG LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>Buck Deer (100 series)</td>
<td>at least 201 tags</td>
</tr>
<tr>
<td>Elk (200 series)-antlerless only</td>
<td>at least 51 tags</td>
</tr>
<tr>
<td>Antlerless deer (600 series)</td>
<td>at least 51 tags</td>
</tr>
</tbody>
</table>

HOW IT WORKS:

- If youth meet the criteria above, mail or fax a Youth “First Time” Program application (see dfw.state.or.us/resources/hunting/youth_hunting_opportunities.asp for application) to request a tag of their choice (TAG NUMBERS FOR THE HUNT MUST MEET THE MINIMUM TAG AUTHORIZATION LEVEL). No additional fee is required for this application.
- Applications must be received before the hunt begins.
- Enter up to five hunt choices per hunt series to ensure receipt of an eligible hunt (see min. tag level, per hunt series above).
- Youth will be assigned a tag in the first eligible hunt listed and be able to purchase the tag from a license agent a few days after their application is processed.
- Tags must be purchased by the day before the season starts.

IMPORTANT THINGS TO KNOW:

- A youth loses eligibility for a “First Time” tag in a hunt series once they are successful for any hunt choice in that series (including youth hunts and LOP tags), except for leftover tags.
- Preference points will not be lost if participating in the “First Time” program.
- Youth that have applied for Point Savers in the same hunt series for the same year are NOT eligible for a guaranteed “First Time” tag.
- Applications must be received before the hunt begins.
- Adults who apply in a party with a youth in the controlled hunt drawing and are unsuccessful will not receive tags if the youth requests a “First Time” tag.
- Youth can use their “First Time” options in any combination (all in one year, one per year, skip years between tags).
- Youth can hunt in general seasons and use leftover tags if available without losing eligibility for “First Time” tag. However, “First Time” tags are not extra tags. Youth are still limited to the maximum number of tags per species (series) per year. For example, a youth can possess only one controlled buck deer tag or one general rifle deer tag or one general bow deer tag and one leftover tag if available.
- Other hunters with appropriate tags may hunt with youth.
- Youth participating in the “First Time” program are not eligible to participate in the Mentored Youth Hunter Program for that particular hunt for that year.
- For more information, call 503-947-6100.

YOUTH “FIRST TIME” HUNT PROGRAM

Application Period Begins July 1

(Use application form at dfw.state.or.us/resources/hunting/youth_hunting_opportunities.asp)

GUARANTEED BIG GAME HUNTING OPPORTUNITIES FOR YOUTH 12-17 YEARS OLD

The “First Time” program guarantees that youth hunters will be eligible to receive up to three tags: one buck deer (100 series), one antlerless deer (600 series) and one antlerless elk (200 series). It is one of many programs ODFW has in response to increased demand for youth hunting opportunities.

WHO MAY APPLY:

- Oregon residents age 12 to 17. See www.dfw.state.or.us/education/hunter for Hunter Education requirements. Youths 11 years old may apply if they will be 12 by the time they hunt. Youths may not hunt with “First Time” tags once they turn age 18.
- To qualify for the “Youth First Time Hunt Program the youths must have applied in the Controlled Hunt Drawing.

Elk hoof disease – Report sightings online

If you see or harvest a lame elk with hoof deformities, please report it online (see odfw.com under Hunting/Hot Topics) or email WildlifeHealth@state.or.us / call 1-866-968-2600

Hoof disease has been a problem for southwest Washington elk since 2007. It is a bacterial-associated syndrome that causes severe lameness in elk. Elk with the disease have deformed and overgrown or broken sloughed hooves, abscesses in the hoof soles and chronic laminitis.

ODFW wildlife veterinary staff and biologists are keeping a close eye on Oregon’s elk.

More information at www.odfw.com

Elk hunters – Moose continue to expand their range throughout the western states including Oregon. A resident population of 50-60 moose now occupies portions of the Walla Walla and Wenaha Wildlife Management Units north of Elgin. Moose are also frequently sighted in adjacent management units particularly the Sled Springs, Chesnimnus, Snake River, Imnaha and Pine Creek Wildlife Management Units. Moose are generally larger than elk and vary in color from dark brown to black; nevertheless, moose are occasionally mistaken for other big game species, particularly elk. There are no hunts for moose, but moose occur where there are elk hunts. ODFW is reminding hunters to be sure of their target.

Oregon Department of Fish and Wildlife
You may only hunt one of the elk seasons listed on this page. Make sure you purchase or redeem the correct tag for the season you want to hunt prior to the earliest hunt date.

¹Refer to page 71-72 for BAG LIMIT DEFINITIONS.
²See page 83 under units 14 & 17 for weapon restrictions in parts of Stott Mt and Trask units referred to as the Cascade Head - Lincoln City Area.

Note: It is unlawful to hunt with a centerfire or muzzleloading rifle without a valid elk tag for that time period and area during: Cascade bull elk centerfire firearm season, Coast bull elk centerfire firearm seasons, or Rocky Mt bull elk. or either-sex centerfire firearm seasons or the standard Rocky Mt antlerless elk centerfire firearm seasons (Nov. 21 -29). See page 22 for exceptions.

ILLUSTRATIONS FOR SPIKE ELK HUNTS

A “spike only” bag limit applies in some hunts. The sketches below show some antler configurations you may encounter in the field. Please use caution and judgement when selecting your target.
**CONTROLLED 200 SERIES ELK CENTERFIRE FIREARM**

**TAG SALE DEADLINE:** The day before the hunt begins.

**CONTROLLED HUNT Application procedures:** Please read pages 10-12. Hunters should apply for more than one hunt choice. If your first choice hunt is cancelled, you will receive a postcard describing your hunt choice options. See page 12 for further information. You may submit only 1 application for elk (200 series) hunts. This may include bull, either-sex, or antlerless elk (200 series) hunts.

**CAUTION TO HUNTERS:** Obtaining a tag does not guarantee a place to hunt! Some hunts in these regulations are comprised mostly or entirely of private lands and are printed in red. ODFW tries to design hunts to provide public access; however, in areas where this is not possible, it is the hunter's responsibility to obtain access to hunt on private property. Refer to pages 80-85 for Rd closure information.

**NOTE:** The “2014 1st Choice Applicants” column is not influenced by preference points; it only indicates the number of first choice applicants for each hunt.

**REGULATIONS:** It is unlawful to hunt with a centerfire or muzzleloading rifle without a valid elk tag for that time period and area during: Cascade bull elk centerfire firearm season, Coast bull elk centerfire firearm seasons, or Rocky Mt bull elk or either-sex centerfire firearm seasons or standard Rocky Mt antlerless elk centerfire firearm seasons (Nov. 21 - Nov. 29). See page 22 for exceptions.

The Fish and Wildlife Commission will not set actual tag numbers for hunts listed here until June 2015. Tag numbers currently shown, for your reference, were those allocated for 2014 or estimated for new 2015 hunts. Actual tag numbers for 2015 may be higher or lower than those listed based on population conditions. **NOTE:** As a hunter it is your responsibility to ensure the hunts you apply for (all choices in all series) are hunts you want to participate in. It is your responsibility to monitor your preference points, tags allocated to specific hunts, odds of drawing a tag and to ensure the actual area you are interested in hunting is within the hunt boundary and is open for hunting access. ODFW strives to make all information available to all hunters and ODFW will not reinstate preference points or change tags because the tag you drew is not the one you wanted or expected.

**HUNT AREA:** Entire wildlife management unit unless indicated by an asterisk(*). A map will be sent if indicated in hunt description by [MAP]. Landowner preference tags available, see page 13. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

*STOP* Private lands will limit access for hunts printed in red. Do not apply unless you have access to a place to hunt.

**YOUTH-CONTROLLED ELK HUNTS**

**APPLICATION DEADLINE:** MAY 15, 2015. Use complete hunt numbers when applying.

**TAG SALE DEADLINE** is day before the hunt begins. For hunts with more than one hunt period, the tag sale deadline is day before the earliest opening date.

The elk hunts listed below and the deer hunts listed on page 49, are part of a program to encourage youth participation in big game hunting. These hunts are designed to provide young hunters with a safe, well supervised, low-stress setting where they can enjoy the hunt while building fundamental skills. Youth must be accompanied by an adult at least 21 years of age. Adults may not accompany more than two youths.

To apply, hunters must be 12-17 years old at the time they hunt, have completed a hunter safety class by the time they hunt (see www.dfw.state.or.us/education/hunter/ for Hunter Education Requirement) and have a hunting license. Youths selected for these hunts will be provided with additional information and recommendations about preparing for the hunt. See pages 10-12 for application procedures. Hunters should apply for more than one hunt area.

**HUNT AREA:** Entire wildlife management unit unless indicated by an asterisk (*). A map will be sent if indicated in hunt description by [MAP]. Landowner preference tags available, see page 13. Please note additional closure areas listed on pages 80-85 that may affect your hunt area.

**STOP** Private lands will limit access for hunts printed in red. Do not apply unless you have access to a place to hunt.

**DEFINITIONS**

**“Adult Hunting License”** is a resident or nonresident hunting license, resident combination angler’s and hunting license, disabled veteran’s angling and hunting license, pioneer’s angling and hunting license, or senior citizen’s angling and hunting license.

**“Agricultural Lands”** are lands not less than 10 acres in extent that have been cultivated and planted or irrigated to domestic crops that are currently in use. Isolated home gardens, abandoned farmsteads, logged lands, range lands and tree farms are not included in this definition.

**“Antler Point”** is a point at least 1 inch in length measured from tip of point to nearest edge of beam. This definition applies only to the 3-point elk and spike only elk bag limits.

**“Antlerless Deer”** means doe (female deer) or deer fawn (young of the year).

**“Antlerless Elk”** means cow (female elk) or elk calf (young of the year).

**“Bait”** for hunting game mammals means any substance placed to attract an animal by its sense of smell or taste, including, but not limited to, food items or minerals (such as salt). Applying a scent or attractant to one’s body or clothing while worn is not baiting.

**“Brace Height”** is the distance from the back of the bow’s riser at the handgrip to the string when the bow is at rest.

**“Broadhead”** see Unbarbed Broadhead.

**“Buck deer”** means a male deer with at least one visible antler.

**“Buck Pronghorn”** means a male pronghorn antelope with visible horns and a dark cheek patch below the ear.

**“Bull elk”** for the purposes of a bag limit definition, means a male elk with at least one visible antler.

**“Carcass”** means the skinned or unskinned body, with or without entrails, of a game bird or game mammal.

**“Cervid”** means any member of the family cervidae (deer), including gamelots or hybrids.

**“Closed Season”** is any time and place when it is not authorized to take a specific species, sex, or size of wildlife.

ODFW produced a statewide map showing wildlife management units. The map is available for sale at ODFW Salem and regional offices and some sporting goods stores. To order the statewide map showing all wildlife management units, including land ownership, please call 1-800-845-9448. MasterCard and VISA only.

Hunters successful in the controlled hunt drawing, for a hunt for which a map is provided, will be mailed a map prior to the hunt. The department is beginning to make maps for some controlled hunts available for viewing on the ODFW website. Hunters may periodically check the department website for an updated listing of controlled hunt maps.

Each of the following sources produce and stock their own maps. Some maps are free. Others have a slight charge. A number of maps prepared by private commercial companies are available at sporting goods stores and other commercial outlets.

Hunting is prohibited in Crater Lake NP. Unloaded weapons may be possessed in a temporary lodging or mechanical mode of conveyance when such implements are rendered temporarily inoperable, or are packed, cased, or stored in a manner that prevents their ready use.

Map is only a guide. See the descriptions on pages 73-77 for exact boundaries.
Note: Public land ownership patterns and access are changing throughout the west as a result of executive orders and land exchanges. Contact the local ODFW, BLM, or USFS office where you will be hunting for information on changes and restrictions.
Through cooperative agreement, motor vehicle use is limited to specific roads for dates and areas listed below. Maps of most areas will be available by Sept. We do not carry maps of areas that are easily plotted on forestry maps. Old maps should not be relied on because roads open to vehicles may change. There are two methods of posting roads for motorized travel: 1) Negative marking in which closed roads are marked by signs, gates, berms, designated on maps, etc. 2) Positive marking in which open roads are marked by round green reflectors (areas below where round green reflectors are used are indicated by a *), orange carsonite posts, designated on maps, etc. Note: A TMA may use more than one method, for example TMAs with positive markings may also use signs for some situations, such as confusing intersections. No person shall shoot from or across a public Rd or railroad right-of-way, except that persons legally hunting on closed Rds within Cooperative Travel Management Areas (TMAs) are not violating current prohibitions on shooting from or across a public Rd. The same is true for other Rds closed to use of motor vehicles by the public (See WA Regs. pages 83-85). There are additional travel management programs being implemented by other public agencies and private landowners. ODFW has no information for Rd closures not listed on these pages. Hunters need to contact the land management agency or landowner to determine the extent of such closures before going hunting.* Signifies TMAs that have maps.

OREGON DISABILITIES HUNTING AND FISHING PERMIT APPLICATION

For more information or to obtain an “Oregon Disabilities Hunting and Fishing Permit” application packet, please visit our website at www.odfw.com/resources/hunting/disability. Application packets are also available at the headquarters office, regional offices, district offices, or by calling 503-947-6100.

Please note: Permits are valid for two calendar years. To renew a permit, the holder must submit a new, updated application form.
The Master Hunter Program is an advanced hunter education program designed to help hunters increase their knowledge and help them understand concerns of private landowners. The program’s objectives are:

- Foster positive relationships between hunters and private landowners.
- Increase hunting access to private lands by giving landowners a way to identify hunters who have had advanced training.
- Improve the hunting experience for graduates.
- Improve the public image of hunters.

The program includes a home study course, a 4-hour class that includes a written test, a test of firearms proficiency, and a requirement to perform 20 hours of volunteer service that benefits Oregon’s natural resources.

A fish and wildlife violation background check will be conducted prior to certification, and no person with a violation in the past 5 years will be allowed to graduate. Additional checks will be conducted each time a certified Master Hunter applies for special hunting privileges. Any conviction or plea of guilt to a wildlife violation (including angling violations) will result in a five year suspension from the program.

Information on the Master Hunter Program contact 503-947-6002.
For detailed information and the enrollment form go to: www.odfw.com/education/hunter/master_hunter.asp

Special Opportunities: Master Hunters applying between July 1 and July 31 are given priority when selecting hunters for emergency hunts.

Unless you are eligible for and possess a landowner preference tag, you must successfully complete the Master Hunter Program before applying for these hunts:
- 210D Lower Columbia (elk)
- 212A3 Miami-Nehalem No. 3 (elk)
- 623B’s N Bank Habitat Area (deer)

To Report Wildlife Violators Call 1-800-452-7888 or tip@state.or.us

Who Needs to Take Hunter Education?
- Anyone age 17 or under must have proof of hunter education in their possession (certificate or valid license that includes hunter education number) when hunting on land other than their own property, except youth participating in the Mentored Youth Program.
- Many states require ALL hunters to have passed hunter education - plan your out-of-state hunts accordingly.

Information for Youth:
- Youth may purchase licenses and tags prior to taking course, but must carry proof of having passed hunter education in the field.
- There is no minimum age requirement to take a class; however a child must be able to physically handle a firearm safely and understand the concepts of firearm safety and other topics covered in class.

How to Obtain a Duplicate Card?
- Download form from: http://dfw.state.or.us/outdoor_skills/hunter/index.asp
- Fax to 503-947-6009 or mail to 4034 Fairview Industrial Dr. SE, Salem, OR 97302
