### DEFINITIONS

- **Adult Hunting License** — is a resident or nonresident hunting license, resident combination angler’s and hunting license, disabled veteran’s angling and hunting license, pioneer’s angling and hunting license, or senior citizen’s angling and hunting license.
- **Agricultural Lands** — are lands not less than 10 acres in extent that have been cultivated and planted or irrigated to domestic crops that are currently in use. Isolated home gardens, abandoned farms, logged lands, range lands and tree farms are not included in this definition.
- **Antler Point** — is a point at least 1 inch in length measured from the tip of point to nearest edge of beam. This definition applies only to the 3-point elk and spike only elk bag limits.
- **Antlerless Deer** — means doe (female deer) or deer fawn (young of the year).
- **Antlerless Elk** — means cow (female elk) or elk calf (young of the year).
- **Bait** — for hunting game mammals means any substance placed to attract an animal by its sense of smell or taste, including, but not limited to, food items or minerals (such as salt). Applying a scent or attractant to one’s body or clothing while worn is not baiting.
- **Brace Height** — is the distance from the back of the bow’s riser at the handgrip to the string when the bow is at rest.
- **Broadhead** — see Unbarbed Broadhead.
- **Buck deer** — means a male deer with at least one visible antler.
- **Buck Pronghorn** — means a male pronghorn antelope with visible horns and a dark cheek patch below the ear.
- **Bull elk** — for the purposes of a bag limit definition, means a male elk with at least one visible antler.
- **Carcass** — means the skinned or unskinned body, with or without entrails, of a game bird or game mammal.
- **Cervid** — means any member of the family cervidae (deer), including gametes or hybrids.
- **Closed Season** — is any time and place when it is not authorized to take a specific species, sex, or size of wildlife.
- **Controlled Hunt** — is a season where the number or distribution of hunters is limited through a public drawing or other means.
- **Doe or fawn pronghorn** —, for the purpose of pronghorn bag limits, means a female pronghorn without a dark cheek patch below the ear, or a pronghorn fawn (young of the year) of either sex.
- **Eligible Hunter** — is someone who will be 12 years of age by the time they hunt.
- **Established Airport** — is one that the Oregon Department of Aviation has licensed as a public-use airport, registered as a personal-use airport, or specifically exempted from either licensing or registration.
- **Feral Swine** — are animals of the genus Sus which meet the following conditions: (1) The animals are free roaming on public or private lands and not being held under domestic management confinement; (2) No notification to the land owner, manager, or occupant has been made by the swine owner or their representative of specifically identified and described swine having escaped domestic management confinement within a radius of five miles during the past five days; (3) The swine under consideration do not appear to be domesticated and are not tame; and (4) The swine under consideration do not meet the identification and description of escaped swine in section (2) above.
- **Furbearers** — are beaver, bobcat, fisher, marten, mink, muskrat, otter, raccoon, red fox and gray fox. Bobcat and Fox Hunters: Bobcat and fox are defined as furbearers. A Furtaker’s License or a Hunting License for Furbearers is required to take furbearers including bobcat and fox. In addition, a bobcat record card is required prior to hunting, trapping, or harvesting bobcats. For more information please refer to the current Oregon Furbearer Trapping and Hunting Regulations, available at any ODFW office or by contacting Oregon Department of Fish and Wildlife, Trapper Education, 4034 Fairview Industrial Dr SE, Salem, OR 97302; 503-947-6000.
- **Game Birds** — are any waterfowl, snipe, band-tailed pigeon, mourning dove, pheasant, quail, partridge, grouse, or wild turkey.
- **Game Mammals** — are pronghorn antelope, bighorn sheep, black bear, cougar, deer, elk, moose, Rocky Mt goat and western gray squirrel.
- **General Season** — is any season open to the holder of a valid hunting license and appropriate game mammal tag without restriction as to the number of participants.
- **Hunt** — means to take or attempt to take any wildlife by means involving the use of a weapon or with the assistance of any mammal or bird. Informational Note: As per ORS 161.405 “Attempt” described: A person is guilty of an attempt to commit a crime when the person intentionally engages in conduct which constitutes a substantial step toward commission of the crime.
- **Immediate Family** — means a landowner’s spouse, domestic partner, children, father, mother, brother, sister, step-children and grandchildren. For the purpose of Landowner Preference, “immediate family” also includes brother-in-law and sister-in-law.
- **Inedible** — means unfit for human consumption.
- **Juvenile hunting license** — means a resident, nonresident hunting license or resident combination angling and hunting license for persons 9 to 17 years of age to hunt wildlife.
- **Landowner** — means a person who holds title in trust or in fee simple to 40 or more contiguous acres of land provided that a recorded deed or contract of ownership shall be on file in the county in which the land is located; and/or a corporation or Limited Liability Company
(LLC) holding title in fee simple to 40 or more contiguous acres of land provided that the corporation or LLC shall be registered with the State of Oregon; and/or a partnership holding title in fee simple to 40 or more contiguous acres of land. Persons who hold title as part of a time share are not eligible for landowner preference.

“Muzzleloader” is any single barreled (shotguns may be double barreled) long gun meant to be fired from the shoulder and loaded from the muzzle with an open ignition system and open or peep sights. This definition applies to muzzleloader-only seasons and 641B, 644A1, 644A2, 644A3, 644T1, 649B and 652T2 and includes: open ignition in-line percussion; sidelock, under-hammer, top-hammer and mule ear percussion; sidelock flintlock and wheelock ignition systems. Matchlock ignition systems are not allowed.

“One deer” means a buck, doe, or fawn deer.

“One elk” means a bull, cow, or calf elk.

“Open Ignition” is an ignition system where the percussion cap, frizzen, or flint is visible and exposed to the weather at all times and is not capable of being closed or covered by any piece of the weapon.

“Point-of-Sale” (POS) is a computerized licensing system available at all locations that sell Oregon’s hunting and angling licenses. Licenses and tags are generated and issued directly to customers from a POS machine at the time of sale.

“Possession” means holding any wildlife or parts thereof in custody and any person who counsels, aids, or abets another person holding such wildlife is deemed equally in possession.

“Predatory Animals” means coyotes, rabbits, rodents and feral swine which are or may be destructive to agricultural crops.

“Protected Mammals and Birds” are any game mammal, game bird, furbearer, Threatened or Endangered species, fisher, ringtail cat, fringed myotis, Townsend’s big-eared bat, pallid bat, silver-haired bat, western small-footed myotis, long-eared myotis, long-legged myotis, yuma myotis, pika (cony), pygmy rabbit, white-tailed jackrabbit, white-tailed antelope squirrel, Washington ground squirrel, northern flying squirrel, chickaree (pine squirrel), golden-mantled ground squirrel, chipmunks, white-footed vole, all marine mammals and all nongame birds except European starling, house sparrow, Eurasian collared dove, and rock pigeon. Protected species may not be taken without a valid license and tag during authorized seasons or a Scientific Taking Permit. However, rabbits and rodents on private property may be taken with landowner permission.

“Pursue” means the act of trailing, tracking, or chasing wildlife in an attempt to locate, capture, catch, tree, or kill any game mammal or furbearer.

“Resident” is any person who has: (a) has resided in Oregon for a period of at least six consecutive months immediately prior to the date of making application for a license, tag, or permit; (b) Members of the uniformed services of the United States who: (i) Are permanently assigned to active duty in this state, and their spouse and dependent children, (ii) Reside in this state while assigned to duty at any base, station, shore establishment or other facility in this state, (iii) Reside in this state where serving as members of the crew of a ship that has an Oregon port or shore establishment as its home port or permanent station. (c) Aliens attending school in Oregon under a foreign student exchange program.

“Resident Juvenile” is any “Resident” of Oregon 12 through 17 years of age.

“Sabot” is a carrier, bushing or device in which a projectile of a smaller caliber is centered so as to permit firing the projectile within a larger caliber weapon. Cloth, paper or felt patches used with round balls are not considered a sabot.

“Shotgun” is a smooth bore firearm, designed for firing birdshot and intended to be fired from the shoulder, with a barrel length of 18 inches or more and with an overall length of 26 inches or more. Exception: Shotguns equipped with rifled slug barrels are considered shotguns when used for hunting pronghorn antelope, black bear, cougar, deer, or elk when centerfire rifles or shotguns are legal weapons.

“Spike Deer” is a deer with spike (unbranched) antlers.

“Spike only elk” for the purposes of a bag limit definition, means a bull elk with at least one visible unbranched antler (a brow tine is not considered an antler branch under spike only elk regulations).

“Tag” is a document authorizing the taking of a designated kind of mammal at a specified time and place.

“Take” means to kill or obtain possession or control of any wildlife.

“Three (3) point plus (+) elk” for the purposes of a bag limit definition, means a bull elk having 3 points or more on 1 antler including the brow tine.

“Unbarbed Broodhead” means a fixed position arrowhead where the rear edge of the blade(s) forms an angle with the arrow shaft to which it is attached of 90° or greater. Both of the dashed lines (Figure 1) designate an unbarbed broadhead. Blades with rear edges that form an angle of less than 90 degrees in the direction of the arrow tip (Figure 2, for example) are not legal.

“Uniformed Services” means Army, Navy, Air Force, Marine Corps and Coast Guard, or their reserve components; the National Guard or Oregon National Guard, commissioned corps of the National Oceanic and Atmospheric Administration, and the Public Health Service of the United States Department of Health and Human Services detailed with the Army or Navy.

“Unprotected Mammals and Birds” means European starling, house sparrow, Eurasian collared dove, rock pigeon and any mammal species for which there are no closed seasons or bag limits. However, all general hunting regulations and licensing laws still apply. Common unprotected mammals include coyote, badger, gophers, moles, mountain beaver, marmots, porcupine, skunks, cottontails, black-tailed jackrabbit, rats, mice, opossum, nutria and weasels.

“Visible Antler” means a velvet or hardened antler that is visible above the hairline on the skullcap and is capable of being shed.

“Waste” means to allow any edible portion of any game mammal (except cougar) or game bird to be rendered unfit for human consumption, or, to fail to retrieve edible portions except internal organs of such game mammals or game birds from the field. Entrails, including the heart and liver, are not considered edible.

“Weapon” means any device used to take or attempt to take wildlife.

“Wildlife” means fish, wild birds, amphibians, reptiles, wild mammals and feral swine.

“Wildlife Unit” means a geographic area described in the section, Wildlife Management Unit Boundary Descriptions, pages 73-77.
WILDLIFE MANAGEMENT UNITS
For the purpose of managing Oregon’s wildlife, the state has been divided into separate wildlife management units. Unit numbers are identifiable in smaller subunits by the last 2 digits of the number assigned to the rule description.
Maps are available from the Bureau of Land Management (BLM), National Forest (NF), or Oregon Department of Forestry (ODF), as indicated following each description.

ODFW produced a statewide map showing wildlife management units. The map is available for sale at ODFW Salem and regional offices and some sporting goods stores. To order the statewide map showing all wildlife management units, including land ownership, please call 1-800-845-9448. MasterCard and VISA only.

Hunters successful in the controlled hunt drawing, for a hunt for which a map is provided, will be mailed a map prior to the hunt. The department is beginning to make maps for some controlled hunts available for viewing on the ODFW website. Hunters may periodically check the department website for an updated listing of controlled hunt maps.

Each of the following sources produce and stock their own maps. Some maps are free. Others have a slight charge. A number of maps prepared by private commercial companies are available at sporting goods stores and other commercial outlets.

Hunting is prohibited in Crater Lake NP. Unloaded weapons may be possessed in a temporary lodging or mechanical mode of conveyance when such implements are rendered temporarily inoperable, or are packed, cased, or stored in a manner that prevents their ready use.
Note: Public land ownership patterns and access are changing throughout the west as a result of executive orders and land exchanges. Contact the local ODFW, BLM, or USFS office where you will be hunting for information on changes and restrictions.
COOPERATIVE TRAVEL MANAGEMENT AREAS

Through cooperative agreement, motor vehicle use is limited to specific roads for dates and areas listed below. Maps of most areas will be available by Sept. We do not carry maps of areas that are easily plotted on forestry maps. Old maps should not be relied on because roads open to vehicles may change. There are two methods of posting roads for motorized travel: 1) Negative marking in which closed roads are marked by signs, gates, berms, designated on maps, etc. 2) Positive marking in which open roads are marked by round green reflectors (areas below where round green reflectors are used are indicated by a •), orange carsonite posts, designated on maps, etc. Note: A TMA may use more than one method, for example TMAs with positive markings may also use signs for some situations, such as confusing intersections. No person shall shoot from or across a public Rd or railroad right-of-way, except that persons legally hunting on closed Rds within Cooperative Travel Management Areas (TMAs) are not violating current prohibitions on shooting from or across a public Rd. The same is true for other Rds closed to use of motor vehicles by the public (See WA Regs. pages 83-85). There are additional travel management programs being implemented by other public agencies and private landowners. ODFW has no information for Rd closures not listed on these pages. Hunters need to contact the land management agency or landowner to determine the extent of such closures before going hunting.* Signifies TMAs that have maps.

OREGON DISABILITIES HUNTING AND FISHING PERMIT INFORMATION

In order to be considered a person with a disability under the wildlife laws, a person shall provide either:

1. Written certification from a licensed physician, licensed physician assistant or certified nurse practitioner which states that the applicant:
   a. Is permanently unable to walk without the use of, or assistance from, a brace, cane, crutch, prosthetic device, wheelchair, scooter or walker;
   b. Is restricted by lung disease to the extent that the person's forced expiratory volume for one second, when measured by a spirometer, is less than 35 percent predicted, or arterial oxygen tension is less than 55 mm/Hg on room air at rest;
   c. Has a cardiac condition to the extent that the person's functional limitations are classified in severity as Class III or Class IV, according to standards established by the American Heart Association;
   d. Has a permanent, physical impairment that prevents the person from holding or shooting a firearm or bow or from holding a fishing rod in hand;
   e. Has central visual acuity that permanently does not exceed 20/200 in the better eye with corrective lenses, or the widest diameter of the visual field is no greater than 20 degrees; or

2. Written proof that the last official certification of record by the United States Department of Veterans Affairs or any branch of the Armed Forces of the United States shows the person to be at least 65 percent disabled (ORS 496.018).

A person who is not visually impaired and who accompanies a hunter who is visually impaired (1) e. that possesses an “Oregon Disabilities Hunting and Fishing Permit” may:
   ■ assist the hunter in selecting a game animal or bird;
   ■ assist the hunter aiming or sighting a firearm;
   ■ advise the hunter when to fire a firearm;
   ■ shoot a game animal or bird on behalf of the hunter while in the immediate presence of the hunter; and
   ■ tag and retrieve game animals and birds on behalf of the hunter.

The person accompanying a hunter who is visually impaired:
   ■ Is required to possess a valid hunting license.
   ■ May also hunt game animals or birds if the person possesses the appropriate tags, permits, validations and stamps for the area and time period.

An “Oregon Disabilities Hunting and Fishing Permit” holder may:
   ■ Hunt from a parked motor-propelled vehicle except on any public road or Hwy, or within Cooperative Travel Management Areas. A public road is the entire right of way of any road over which the public has a right of use. Public roads include, but are not limited to, road related structures that are in the right of way such as tunnels, bridges, or similar structures. Roads on federal, state, or local government lands are public roads. Hunting from a parked motor-propelled vehicle is allowed on private land with the landowner’s permission and on public land where off-road travel is permitted.
   ■ Have an able-bodied companion accompany them and kill any animal wounded by the permit holder. The wounded animal must be killed using a legal weapon for the season and species designated on the tag. The companion must immediately attach the permit holder’s tag to the carcass of the animal.

The companion is not required to possess a hunting license or tag, except a person accompanying a visually impaired hunter is required to possess a valid hunting license (OAR 635-065-0090(3)).

OREGON DISABILITIES HUNTING AND FISHING PERMIT APPLICATION

For more information or to obtain an “Oregon Disabilities Hunting and Fishing Permit” application packet, please visit our website at www.odfw.com/resources/hunting/disability. Application packets are also available at the headquarters office, regional offices, district offices, or by calling 503-947-6100.

Please note: Permits are valid for two calendar years. To renew a permit, the holder must submit a new, updated application form.
The Master Hunter Program is an advanced hunter education program designed to help hunters increase their knowledge and help them understand concerns of private landowners. The program’s objectives are:

- Foster positive relationships between hunters and private landowners.
- Increase hunting access to private lands by giving landowners a way to identify hunters who have had advanced training.
- Improve the hunting experience for graduates.
- Improve the public image of hunters.

The program includes a home study course, a 4-hour class that includes a written test, a test of firearms proficiency, and a requirement to perform 20 hours of volunteer service that benefits Oregon’s natural resources.

A fish and wildlife violation background check will be conducted prior to certification, and no person with a violation in the past 5 years will be allowed to graduate. Additional checks will be conducted each time a certified Master Hunter applies for special hunting privileges. Any conviction or plea of guilt to a wildlife violation (including angling violations) will result in a five year suspension from the program.

Special Opportunities: Master Hunters applying between July 1 and July 31 are given priority when selecting hunters for emergency hunts.

MASTER HUNTER ONLY HUNTS

Unless you are eligible for and possess a landowner preference tag, you must successfully complete the Master Hunter Program before applying for these hunts:

- 210D Lower Columbia (elk)
- 212A3 Miami-Nehalem No. 3 (elk)
- 623B’s N Bank Habitat Area (deer)

Who Needs to Take Hunter Education?
- Anyone age 17 or under must have proof of hunter education in their possession (certificate or valid license that includes hunter education number) when hunting on land other than their own property, except youth participating in the Mentored Youth Program.
- Many states require ALL hunters to have passed hunter education - plan your out-of-state hunts accordingly.

Information for Youth:
- Youth may purchase licenses and tags prior to taking course, but must carry proof of having passed hunter education in the field.
- There is no minimum age requirement to take a class; however a child must be able to physically handle a firearm safely and understand the concepts of firearm safety and other topics covered in class.

How to Obtain a Duplicate Card?
- Download form from: http://dfw.state.or.us/outdoor_skills/hunter/index.asp
- Fax to 503-947-6009 or mail to 4034 Fairview Industrial Dr. SE, Salem, OR 97302
