Recreational fishery impacts: 2019 through MAY and the prior two years. These are groundfish species for which there is a quota that ODFW is required to track and manage.

Preliminary

Black Rockfish

Cabezon

Cabezon retention is not allowed in calendar months January-June. Retention was not allowed after Aug. 17 in 2018 and after Sept. 17 in 2017 because the quota was reached.
Recreational fishery impacts: 2019 through MAY and the prior two years.

Preliminary

Yelloweye Rockfish

- Yelloweye rockfish retention is not allowed, but impacts still occur because some fish die after being released.
