Notes

Additional Regulations:

- **Herring, anchovy, sardine and smelt:** The daily limit is 25 lbs (effective 1/1/76). Herring jigs may have any number of hooks. Smelt are prohibited from inland waters effective Jan. 2011.
- **License:** An angling license is required to take any marine fish except smelt (effective 1/1/86).
- **Rods and line:** It is unlawful to use more than one rod or one line when angling for any fish (effective *), except any number of rods or lines are allowed outside of three miles from shore when angling for offshore pelagic species and only if no species other than offshore pelagic species have been retained (effective 1/1/2004). Rods or lines must be closely attended.
- **Hooks:** No more than two hooks may be used while angling for P. halibut (effective 1/1/1992) and no more than three hooks may be used while angling for other species. A double or treble point hook is classed as one hook (effective *).
- **Chumming:** It is unlawful to take or attempt to take any fish by means of chumming, or knowingly angle with the aid of chum (effective *), except chumming is allowed when fishing for offshore pelagic species outside of three miles from shore and only if no species other than offshore pelagic species have been retained (effective 1/1/2004).
- **Mutilation:** Unlawful to mutilate so that size or species cannot be determined prior to landing or to transport mutilated fish across state waters; applies to lingcod, rockfish, cabezon, greenling, flounder, sole, perch and other nongame marine fish; offshore pelagic species; and P. halibut (effective *).

* Presumably prior to 1983. General regulations prior to 1983 are not available in Newport so were not reviewed for this document.

**** NOT ALL REGULATIONS AND DETAILS ARE SHOWN ****

- **Offshore pelagic species** (effective 1/2004 unless noted otherwise):
 - ▶ Includes all species of tuna and mackerel, swordfish, all species of bill fish, all species of the family jacks, opah, dorado, Pacific pomfret, and all species of sharks **except leopard shark, soupfin shark and spiny dogfish** (effective 1/2008).
 - ▶ White sharks and basking sharks are prohibited.
 - ▶ Specified methods are only allowed when fishing outside of three miles from shore for offshore pelagic species (OPS). Only OPS may be in possession, and any other species caught must be immediately released while using these methods.
 - ▶ Use of chum is allowed. Chum may be live, dead or cut up squid, herring, sardine, anchovy, smelt or P. mackerel.
 - ▶ No restrictions on the number of rods or lines fished per angler.

Additional Comments:

Bag limits for species groups are in aggregate.

Regulations in this document do not include Pacific halibut (except when included as part of another bag limit), salmon, steelhead, trout, sturgeon or striped/hybrid bass.

Harvest methods (such as "May be taken by dip net, cast net...") are not included in this document.

Waters are open all year, 24 hours per day, unless noted otherwise herein or in the Oregon Sport Fishing Regulations.

Whale Cove habitat refuge, Pyramid Rock (May 1-Aug. 31) and Three Arch Rocks (May 1- Sept. 15) are closed to the take of marine fish.
