

STAFF SUMMARY

Background

At the September 18th meeting, the Oregon Fish and Wildlife Commission (Commission) will be asked to adopt rules establishing the 2027 Big Game Hunting Seasons and Regulations. The Oregon Department of Fish and Wildlife (department) annually submits big game season and regulation proposals to the Commission for consideration and adoption. At the meeting, the department will overview big game population trends and recommend 2027 big game and western gray squirrel season dates and open areas, dates and locations of cooperative travel management areas, tag numbers for big game controlled hunts, and associated hunting regulations.

Public involvement to date

Public outreach and opportunity for public input is extensive. The department advised the public when draft proposals were published on the agency website in early July 2026 through a news release and has been accepting and reviewing public comment. The department held four regionally-focused web-based meetings and multiple in-person public meetings to provide information and solicit input on draft proposals.

Overview of proposed rule changes

General Regulation Proposals for 2027

The hunting season framework was modified in 2020 so that the season dates are built off of the buck deer any legal weapon season opening on the first Saturday in October. To keep openers on the correct day of the week, the 2027 dates below are one calendar day earlier than 2026.

“Standard” season dates for 2027 hunts are proposed as follows:

Pronghorn (1st Centerfire Season)	Aug. 14–22
Archery Deer and Elk	Aug. 28–Sept. 26
Western Buck Deer and Antlerless Deer	Oct. 2–Nov. 5
Controlled Buck Deer	Oct. 2–Oct. 13
Eastern OR Antlerless Deer	Oct. 16–24
Cascade Bull	Nov. 6–12
General Coast 1st Season	Nov. 13–17*
General Coast 2nd Season	Nov. 20–Nov. 24*
Rocky Mtn. Bull Elk 1st Season	Oct. 27–31
Rocky Mtn. Bull Elk 2nd Season	Nov. 6–14
Rocky Mtn. Antlerless Elk	Nov. 20–28

Some relevant 2027 holidays that may influence season dates are:

Labor Day	September 6
Thanksgiving	November 25

*Proposed changes to the Elk General Western Oregon Coast 1st and 2nd Season dates, units, and bag limits are being proposed for 2027. See “Elk – 200 Series” section below.

General Regulations

Limited changes to Big Game Hunting Regulations are being proposed for 2027.

- The department is proposing renaming the Terminally Ill Children hunting tags. Tags will be renamed tags for Children with a Life-Threatening Illness to avoid harm to tag recipients, such as situations where recipients are not aware of their prognosis.
- Hunters with an Oregon Landowner Damage Program (OLDP) elk tag will be required to report on their tag to avoid paying a penalty. Previously, landowners were required to report on behalf of hunters with the tag issued specific to their property. This proposed change aligns OLDP elk tag hunter reporting with reporting requirements in place for general season and controlled hunt elk tag holders.
- Few changes are proposed to the Landowner Preference rules to add clarity and reflect current operations. First, the use of county tax rolls are identified for confirming landowner eligibility requirements. Second, clarification is given that individuals who own multiple eligible properties may include them under a single registration or register the individual properties of a business in a registration for that business.

Controlled Hunt Tag Numbers Summary

Total proposed controlled hunt tag numbers for 2027 seasons (140,747) (Table 1) are a decrease of 1% from 142,862 in 2026. See Table 1 below and the draft tag tables for controlled hunt tag numbers and details for each species/hunt series. Tag numbers for individual hunts are detailed in Appendix A.

Buck Deer – 100 Series

Eastern Oregon Deer As a reminder, numerous changes to deer hunts in eastern Oregon were implemented for the 2026 season. These changes include shift in mule deer hunts to better align with herd-range structure and associated tag reductions driven by boundary changes and biological considerations. Hunters should also note added white-tailed deer opportunities in northeast Oregon due to separating mule deer and white-tailed deer bag limits. Limited changes to these eastern Oregon deer hunts are being proposed for 2027.

Notable proposed changes include:

- No changes for western Oregon
- Decreased tags for Southeast 02 ALW hunt.

Antlerless Deer – 600 Series

Notable proposed changes include:

- No changes for eastern Oregon
- Increased tags in Applegate

Table 1. Summary of proposed controlled hunt tag numbers for 2027.

¹ Any Legal Weapon Season (ALW)

² Includes 2026 Hunt Cancellations/Tag Reductions

Elk – 200 Series

General Season ALW Coastal Bull The Stott Mtn WMU has been slightly below the bull ratio Management Objective (MO) for 10+ years and an observed decline in both harvest and hunters due to poor bull ratios and declining hunt quality. The Alsea WMU has also been below bull MO for most of the last decade. The General Season ALW Coast Bull hunt is split into a 1st season and a 2nd season with season lengths of 4 and 7 days, respectively. Coastal WMUs that have implemented a spike-only season in one of the two general seasons (Siuslaw, Trask, Wilson) have observed bull ratios at or above MOs but have struggled with complaints of hunter crowding in the season with a bag limit of any bull.

Staff is proposing to move the spike-only bag limit hunts to the 1st season time period and include the Scappoose, Stott Mt, and Alsea units as spike-only during the 1st season. Both the 1st and 2nd seasons would be open for five days. This option would be designed to help address the bull MO issue and overcrowding concerns as a more even distribution of hunters across the two hunt periods would be expected than if the any bull bag limits occurred first.

Staff solicited public feedback on an alternate restructuring for elk General Western Oregon Coast seasons but is not proposing this second alternative. The second alternative would be to retain the existing season structure (e.g., ‘spike only’ bag limit hunts remain in 2nd season, hunt durations remain four days for 1st season and seven days for 2nd season) but change the 2nd season bag limit for the Scappoose, Stott Mt, and Alsea units to ‘spike only’ rather than ‘any bull’. While this option would have likely addressed the bull MO issue it would not have addressed complaints of hunter crowding.

West Cascades Initial changes were made for 2026 to reduce cow harvest in the West Cascades Units (Santiam, McKenzie, Indigo, Dixon, Evan's Creek, Rogue) and additional changes are proposed for 2027. This includes deleting Harness Mtn hunt and removing antlerless elk from the bag limits of the General Archery Season Tag, Santiam Unit Traditional Bow hunt (216R1), Cascade Muzzleloader tag (200M), and for holders of an Oregon Hunting and Fishing Disability Permit (PDP) in the Western Cascade WMUs.

Other Notable proposed changes to elk hunts include:

- Deletion of Buick Canyon hunt and reduce West Trask cow tags in the North Coast
- Decreased tags in the McKenzie
- New Scappoose archery hunt, Walla Walla Private ALW hunt
- Increased White River and Willow Creek (Heppner) cow tags.
- Decreased Zumwalt hunts and tags
- Deletion of Sled Springs antlerless hunts
- Decrease cow harvest in the southern Blue Mountains (Silvies, Murderers Creek, Fossil, Northside) by reduced cow tags, “one bull elk” bag limit for Maury, Ochoco and Silvies Units Bow, and deletion of Silvies/Juniper ALW cow hunts.

Pronghorn – 400 Series

Notable proposed changes include:

- Decreased tags in Ochoco, Owyhee, Ft Rock/Silver Lake, and Riley (Silvies) Units
- Delete 477R East Slope Bow hunt

Bighorn Sheep – 500 Series

Notable proposed changes include:

- John Day River and Deschutes River Ewe hunts to each be split into two separate hunts and hunt areas to better distribute harvest.
- New Lower Owyhee hunt
- No Wenaha hunt again for 2027: three-year tag rotation with CTUIR and WDFW

Rocky Mountain Goat – 900 Series

Notable proposed changes include:

- Central Cascades hunt returns for 2027; two-year tag rotation with CTWS
- Strawberry Mtn tag increase for 2027; two-year tag rotation with CTWS
- Decreased Elkhorn tags
- Snake River tags match emergency tag reduction for 2026

Bear – 700 Series

No changes are proposed for 2027.

Cougar – 300 Series

The department is proposing a cougar target area from late 2026 through 2028. The bighorn sheep herd in the Trout Creek Mountains has declined from 290 individuals in 2007 to 170 individuals in 2024, resulting in significant declines in genetic diversity. A past augmentation effort in January 2024 aimed at increasing genetic diversity is considered failed after only 3 of 15 released individuals survived past one year with 6 mortalities confirmed as cougar predation. Transplanted individuals are naive to the landscape at the release area which may have been a factor in the higher-than-expected predation related mortality. In concert with a bighorn sheep augmentation in the Trout Creek Mountains tentatively set for the 2027-2028 winter, ODFW is proposing a cougar target area focused around suitable bighorn sheep habitat where translocations will occur that would result in a 50% reduction of the local cougar population (approximately 6 per year, 18 total) to aid in ensuring translocations and population augmentation is successful.

Premium Hunts

Notable proposed changes include:

- Combine Klamath Falls and Sprague pronghorn hunt units and maintain one tag across the larger hunt area.
- No changes are proposed for other Premium Hunts for 2026.

Western Gray Squirrel

No changes are proposed for 2027.

Why these changes are needed

Most changes are needed to reflect annual calendar shifts and modifications to hunts to address biological and/or social needs. Without these changes, most Big Game hunts and population management actions would not meet public expectations or hunts would not occur without updated hunt dates.
