## **Summary of Revenue Changes**

The Department of Fish and Wildlife (ODFW) receives 7.9 percent of its available revenues from General Fund. The department also receives Measure 76 Lottery Funds from the Oregon Watershed Enhancement Board (OWEB), which totals 1.5 percent of available revenues. In the 2017-19 biennium Other Funds revenue is derived from licensing and tag fees and to a much lesser extent by charges for services, fines and sales and from Federal Funds that are transferred from OWEB and are used as Other Funds in the ODFW budget. There is a reduction in Federal Funds, which reflects adjustments of Federal Funds expenditure limitation to be more in line with anticipated federal revenues and expenditures during the 2017-19 biennium.

## **Summary of Natural Resource Subcommittee Action**

ODFW protects and enhances Oregon's fish and wildlife and their habitats for use and enjoyment by present and future generations. The Subcommittee approved a budget of \$354,150,078 total funds (\$28,063,948 General Fund, \$5,379,892 Measure 76 Lottery Funds, \$184,508,070

Other Funds expenditure limitation, and \$136,198,168 Federal Funds expenditure limitation) and 1,147.97 FTE. The total funds budget is 1.4 percent lower than the 2015-17 Legislatively Approved Budget including Capital Construction expenditures and 2.3 percent lower than the 2015-17 Current Service Level. The 2017-19 budget eliminated 76 long-term vacancies and aligned Other Fund expenditure limitation and Federal Fund expenditure limitation to reflect anticipated revenues and expenditures.

#### Fish Division – Inland Fisheries

The Inland Fisheries program provides policy and management direction for Oregon’s freshwater fishery resources, ensuring native species are conserved and hatchery program impacts on native fish are minimized. It also fosters and sustains opportunities for sport, commercial, and tribal fishers consistent with the conservation of native fish. The Subcommittee approved a total funds budget of \$153,743,800 and 641.42 FTE.

The Subcommittee approved the following packages:

Package 090, Analyst Adjustments. This package makes unspecified Services and Supplies reductions across several programs (\$425,717) and eliminates three positions (2.75 FTE) working on fish monitoring (\$381,557).

Package 104, Klamath Reintroduction Planner. This package adds \$210,000 Other Funds expenditure limitation to continue one full-time limited duration NRS 3 position (1.00 FTE) to lead the development of an implementation plan for re-introducing salmon and steelhead into the Klamath River Basin in collaboration with the Klamath Tribe. The package is funded with Other Funds from the National Fish and Wildlife Foundation.

Package 139, Screening Program Fund Shift. This package moves General Fund Services and Supplies to Personal Services and moves 0.13 FTE from Inland Fisheries to Wildlife Management. This shift will allow ODFW staff to work on fish screen projects in the interior of the state that involve non-anadromous fish. Fish screens work involving anadromous fish is primarily funded with monies from the Pacific Coast Salmon Recovery Fund (PCSRF). The shift has a net zero impact on General Fund.

Package 140, Increase Fish Production - Clackamas Hatchery. This package adds \$92,000 Other Funds expenditure limitation to begin to raise trout at the existing Clackamas Fish Hatchery. The fish will be released in Estacada Lake, Faraday Lake and Northern Fork reservoirs in the Portland area with the intent to provide additional convenient fishing locations in the hope it will increase participation.

Package 142, NRCS Conservation Strategy Liaisons. This package establishes one limited duration full-time NRS 2 position (1.00 FTE) to the NRCS office in Tillamook to provide additional implementation capacity and biological expertise for working with private landowners who would like to work on conservation projects that are outlined in the Federal Farm Bill and eligible for Federal Funding.

Package 801, LFO Analyst Adjustments. This package eliminates the remaining Western Oregon Stream Program positions (5.00 FTE), and moves one position to Wildlife Management to staff the Wenaha Wildlife Area (0.96 FTE). Also, reduces Federal Funds expenditure limitation that has no revenue support. This adjustment is based on a review of historical expenditure patterns. If the department finds it needs additional Federal Funds expenditure limitation it may seek an expenditure limitation adjustment from the Legislature or the Emergency Board.

Package 802, Administration Division Restructuring. This package moves positions (4.00 FTE) to the Administration program area to establish a Management Resources Division.

Package 803, Federal Aquatic Invasive Species Funding. The 2016 Federal Omnibus Budget Bill provided funding for the Army Corps of Engineers to establish, operate and maintain new or existing watercraft inspection stations to protect the Columbia River Basin from invasive species such as the quagga or zebra mussels, which could have a devastating effect on the Corp's dam systems in the basin. This package repurposes 14 existing vacant positions (5.17 FTE) to support Oregon's existing Aquatic Invasive Species Prevention Program (AISPP). The Federal Funds will be used to open two new inspection stations in Umatilla and Burns and extend inspection hours at existing stations. The non-competitive grant requires a 50 percent match, which will be met through ongoing expenditures in the AISPP.

Package 812, Vacant Position Elimination. This package eliminates 70 long-term vacant positions (32.88 FTE), most of which are unused seasonal positions.

#### Fish Division – Marine and Columbia River Fisheries

The Marine and Columbia River Fisheries Program conducts monitoring projects and analyzes trends of keystone species, such as salmon, which are critical to the success of the *Oregon Conservation Strategy/Nearshore Strategy*. The program includes monitoring and evaluating all five key habitats in the nearshore, documenting improvements in the quality of the habitats, developing and implementing science-based monitoring, conservation, mitigation, and management plans in a strategic and coordinated manner to ensure Oregonians get the best return on their investment. The Subcommittee approved a total funds budget of \$34,860,975 and 159.88 FTE.

The Subcommittee approved the following packages:

Package 801, LFO Analyst Adjustments. This package eliminates the 2017-19 payment into the Columbia River Fisheries Transition fund for Commercial fishers affected by the Columbia River fisheries reforms. This fund has never been accessed. The package also eliminates eight Biologist Aide positions (4.00 FTE) to achieve the program's General Fund reduction target. The package also reduces Federal Funds expenditure limitation that has no revenue support. This adjustment is based on a review of historical expenditure patterns. If the department finds it needs additional Federal Funds expenditure limitation, it may seek an expenditure limitation adjustment from the Legislature or the Emergency Board.

Package 812, Vacant Position Elimination. This package eliminates four long-term vacant positions (2.08 FTE).

Wildlife Division – Wildlife Management

The Wildlife Management Program manages game mammals, game birds, furbearing animals, and predatory species. Hunting, trapping, and wildlife viewing are regulated, consistent with state and federal law. Animal populations are monitored and research programs are conducted. Program staff also manage and improve wildlife habitat, help Oregonians deal with wildlife damage, and help maintain and increase public access to wildlife and wild lands. The program is funded almost exclusively by hunting license and tag fees and federal excise taxes on hunting equipment, which must be spent on wildlife management purposes per federal law. Wildlife disease issues are addressed by wildlife health and population laboratory personnel. Predator control operations are conducted in partnership with the Oregon Department of Agriculture, USDA Wildlife Services, and participating counties. The Subcommittee approved a total funds budget of \$60,278,384 and 174.80 FTE.

The Subcommittee approved the following budget note:

**Budget Note:**

*The Department of Fish and Wildlife will seek assurances from U.S. Department of Agriculture, Wildlife Services that Wildlife Services will not use any state funding to purchase or deploy cyanide traps to control predators before disbursement of any General Fund monies appropriated during the 2017-19 biennium for predator control activities.*

The Subcommittee approved the following packages:

Package 102, Coquille Valley Wildlife Area. ODFW exchanged state owned, second-growth timberland near Eel Lake for wetland habitat in the Coquille Valley. This package adds \$130,000 Other Funds expenditure limitation, as well as, \$100,000 of a one-time Other Funds expenditure limitation to conduct habitat restoration and develop public access to the acquired land.

Package 103, Coquille Tide Gate Replacement. ODFW obtained land in the Coquilles Valley through a land exchange. The land is to be managed to restore fish and wildlife habitat. There are existing tide gates owned by the Beaver Slough Drainage District affecting the functioning of this land. The tide gates are at the end of functional life and do not provide adequate fish passage or daily tidal influence. The department proposes to use \$950,000 Other Funds expenditure limitation on a one-time basis to construct new muted tidal regulators and associated culverts and dikes.

Package 112, Voluntary Access & Habitat Initiative Program. In early 2015, the Access and Habitat program received a grant of \$1.56 million from the U.S. Department of Agriculture's Voluntary Public Access and Habitat Incentive Program. The agency has received such grants since 2011. The agency expects to expend \$750,000 under the program during the 2017-19 biennium, and requested a Federal Funds expenditure limitation increase. There is no staffing impact. The funding would be used to increase public access to private lands for hunting and to

improve wildlife habitat on private lands. The package recognizes the Federal Funds revenue increase only; no additional Federal Funds expenditure limitation increase will be made at this time. The agency is directed to use existing unused limitation for Services and Supplies to accommodate the new expenditures.

Package 129, Oregon Deer Management and Monitoring. This package expands the current Mule Deer Initiative into six more game management units. The initiative focuses on habitat improvement that benefits mule deer. The second focus will allow ODFW to continue to expand the radio collaring projects and fecal DNA project for mule deer and back-tailed deer. This will assist in managing both deer populations and to fully assess the result of habitat improvements and other actions taken as a part of the Mule Deer Initiative. This package is funded with \$300,000 Other Funds expenditure limitation and \$450,000 Federal Funds revenue. The package recognizes the Federal Funds revenue, but no additional Federal Funds expenditure limitation increase is made, the agency is directed to use existing unused expenditure limitation for associated Services and Supplies costs.

Package 139, Screening Program Fund Shift. This package moves Other Funds Services and Supplies expenditure limitation of \$17,539 to Personal Services and adds 0.13 FTE to Wildlife Management. The position authority comes from Inland Fisheries. This shift will allow ODFW staff to work on fish screen projects in the interior of the state involving non-anadromous fish. Fish screens work involving anadromous fish is funded with monies from the Pacific Coast Salmon Recovery Fund (PCSRF). The shift has a net zero impact on General Fund.

Package 801, LFO Analyst Adjustments. This package moves one position (0.42 FTE) from Inland Fisheries to staff the Wenaha Wildlife Area. Also, reduces Federal Funds expenditure limitation that has no supporting revenue. This adjustment is based on a review of historical expenditure patterns. If the department finds it needs additional Federal Funds expenditure limitation, it may seek an expenditure limitation adjustment from the Legislature or the Emergency Board.

Package 802, Administration Division Restructuring. This package moves one position (1.00 FTE) to the Administration Program Area to establish a Management Resources Division.

Package 812, Vacant Position Elimination. This package eliminates one long-term vacant position (1.00 FTE).

#### Wildlife Division – Habitat Resources

Habitat Resources program provides technical expertise to private landowners and natural resource agencies on removal and fill actions, energy facility siting, mine, transportation and forest management issues. It oversees the application of natural resource protection standards, coordinates the agency's response to hazardous material spill events that affect fish, wildlife, or habitat and obtains compensation for damages. The Subcommittee approved a total funds budget of \$3,426,959 and 5.00 FTE.

The Subcommittee approved the following packages:

Package 107, Energy Development and Transmission. This package continues a limited duration full-time NRS 3 position (1.00 FTE) for another biennium. The position was established with funding from the Idaho Power Company to work with the Oregon Department of Energy and the Idaho Power Company to develop agreements to provide funding for an electric transmission line from Boardman, Oregon to Hemingway Butte, Idaho. The position would continue to work on the project and is supported with \$280,000 Other Funds expenditure limitation.

Package 801, LFO Analyst Adjustments. This package reduces Federal Funds expenditure limitation that has no revenue support. This adjustment is based on a review of historical expenditure patterns. If the department finds it needs additional Federal Funds expenditure limitation, it may seek an expenditure limitation adjustment from the Legislature or the Emergency Board.

Package 812, Vacant Position Elimination. This package eliminates one long-term vacant position (1.00 FTE).

#### Wildlife Division – Conservation

The Conservation program includes statewide coordination and implementation of species and habitat conservation; outreach and education; state threatened, endangered and sensitive species management; terrestrial and aquatic invasive species coordination; and management of the Willamette Wildlife Mitigation funding agreement. Conservation actions include invasive species boat inspections and decontaminations; consultations with landowners and managers to create healthy habitats; educational presentations and materials; scientific reviews; funding of conservation projects; management of threatened, endangered and sensitive species; on-the-ground species research, monitoring, and habitat restoration projects; response to public inquiries about living with wildlife, wildlife viewing opportunities, invasive species, wolf depredation, and other related issues of public concern. The Subcommittee approved a total funds budget of \$10,572,723 and 33.11 FTE.

The Subcommittee approved the following packages:

Package 119, Willamette Wildlife Mitigation Program. The Willamette Wildlife Mitigation Program (WWMP) was established to mitigate for habitat losses due to inundation of habitat by flood control and hydropower reservoirs in the Willamette River Sub-basin as required by the Northwest Power Act of 1980. In 2010, the Settlement Agreement requiring the Bonneville Power Administration (BPA) to provide mitigation was ratified to increase acquisition funding from \$2.5 million to \$8.0 million annually, from 2014 - 2025 and to support program funding to ODFW of approximately \$26 million over the course of the agreement. To support the funding increase and establishment of the WWMP, several new positions in the 2013-15 biennium were established and made permanent in the 2015-17 biennium. The package includes a smaller Federal Funds expenditure limitation increase than requested with direction that the agency is to utilize existing unused Federal Funds expenditure limitation instead.

Package 142, NRCS Conservation Strategy Liaisons. This package establishes three limited duration full-time NRS 2 positions (3.00 FTE) who will be housed in the USDA Natural Resource Conservation Services offices throughout Oregon to provide additional capacity and expertise to work with private landowners to develop and implement conservation projects outlined in the Federal Farm Bill and eligible for Federal Funding.

Package 802, Administration Division Restructuring. This package moves one position (1.00 FTE) to the Administration Program Area to establish a Management Resources Division.

Package 803, Federal Aquatic Invasive Species Funding. The 2016 Federal Omnibus Budget Bill provided funding for the Army Corps of Engineers to establish, operate, and maintain new or existing watercraft inspections to protect the Columbia River Basin from invasive species such as the quagga or zebra mussels, which could have devastating effects on the Corp's dam systems in the basin. This package uses the expenditure limitation some of the position authority captured from the removal of 14 existing vacant positions in Inland Fisheries to supplement Oregon's existing Aquatic Invasive Species Prevention Program (AISPP). The Federal Funds will be used to open two new inspection station in Umatilla and Burns and extend inspection hours at existing stations. The non-competitive grant requires a 50 percent match, which will be met through ongoing expenditures that support the existing AISPP.

#### State Police Enforcement

This program, provided by contract with the Oregon State Police (OSP), assures compliance with laws that protect and enhance the long-term health and equitable utilization of fish and wildlife resources. The Subcommittee approved a total funds budget of \$24,040,949 and no FTE. All positions are at OSP.

The Subcommittee approved Package 116, Overtime Fund for Winer Range Enforcement. This package adds \$100,000 Other Funds expenditure limitation to increase and enhance enforcement of wildlife laws and regulation by the OSP Fish and Wildlife Division for targeted enforcement efforts to reduce poaching. The Fish and Wildlife Division has a force of 96 troopers and 17 sergeants across the state. Overtime and involvement of other troopers is sometimes necessary to engage in high priority enforcement efforts cooperatively identified by ODFW and the OSP Fish and Wildlife Division.

#### Administration Division

The Administration Division provides accounting, budgeting, license and tag sales, personnel management, information systems and information and education services for the department. It also includes the Director's Office. The Subcommittee approved a total funds budget of \$55,803,523 and 131.76 FTE.

The Subcommittee approved the following budget note:

**Budget Note:**

*ODFW is instructed to develop a proposal for a broad anti-poaching public awareness campaign, including a budget that will include, but not be limited to: An anti-poaching public awareness campaign strategy, identification of tools needed to combat poaching, and any statute changes needed to address poaching. The Department is to report to the appropriate Ways and Means Subcommittee during the February 2018 session on the details and budget for this work.*

The Subcommittee approved the following packages:

Package 115, OregonBuys e-Procurement System. ODFW is participating in the development and purchase of an e-procurement system with eight other agencies. It is anticipated that the new system will automate the procurement process and make tracking and reporting easier. The new system will be hosted by an outside vendor, is expected to be easier for field staff to access and repetitive data entry will be reduced or eliminated. \$100,000 Other Funds expenditure limitation is provided for startup expenses with ongoing costs funded with Other Funds from efficiency savings.

Package 802, Administration Division Restructuring. This package moves six administrative positions (6.00 FTE) from other programs and adds two new Operations and Policy Analyst 4 positions (2.00 FTE) to the Management Resource Division to provide project management resources department-wide. The package also adds an Economist 2 position (1.00 FTE) and a Safety Specialist 1 position (1.00 FTE) to the Management Resource Division to address the lack of capacity to address succession planning recommend in a recent Secretary of State audit.

Debt Service

This program repays monies borrowed for deferred maintenance projects, such as maintenance of Wildlife Area field offices, hatchery facilities and residences, and other properties owned by the department. The Subcommittee approved a budget of \$2,006,427 total funds. No packages are addressed.

Capital Improvement

This program funds projects that restore fisheries, such as diking, nesting, water control, installation of bird netting, enlargement of release channels, road repair and repairs to intakes and pond bottoms. The Subcommittee approved a total funds budget of \$9,416,338 and 2.00 FTE.

The Subcommittee approved Package 146, Headquarters Roof Replacement. This package adds \$520,000 in one-time Other Funds expenditure limitation, which will be used to replace the roof of the ODFW Headquarters building in Salem. The agency purchased the building in 2012 and extensive remodeling was done to allow it to function as the agency's Headquarters. The roof was expected to last for some time but the agency has experience leaking and interior damage. A roofing consultant believes the roof is at a failure point. The agency has made repairs

but expects the problems to get worse and cause additional damage to the interior of the building. Funding for the project will come from the rent ODFW receives for leasing a small section of the Headquarters building.

**Summary of Revenue Changes**

The General Fund appropriations made in the bill are within resources available as projected in the May 2017 economic and revenue forecast by the Department of Administrative Services, Office of Economic Analysis, supplemented by transfers from various agency accounts to the General Fund for general governmental purposes as authorized in HB 3470, plus other actions to reduce state agency expenditures.

**Summary of Capital Construction Subcommittee Action**

HB 5006 appropriates General Fund to the Emergency Board for general purpose and targeted special purpose appropriations, and makes other adjustments to individual agency budgets and position authority as described below.

**Emergency Board**

The Emergency Board allocates General Fund and provides Lottery Funds, Other Funds, and Federal Funds expenditure limitation to state agencies for unanticipated needs in approved agency budgets when the Legislature is not in session. The Subcommittee appropriated \$50 million General Fund to the Emergency Board for general purposes.

HB 5006 makes two special purpose appropriations to the Emergency Board, totaling \$110 million General Fund; the bill also adjusts a special purpose appropriation already approved in a different bill:

- \$100 million General Fund for state employee compensation changes.
- \$10 million General Fund for allocation to state agencies for compensation changes driven by collective bargaining for workers who are not state employees.

- Reduces the special purpose appropriation made by SB 505 for costs associated with the requirement to record grand jury proceedings, by \$600,000 General Fund. The budget for the Judicial Department is increased by this amount.

If these special purpose appropriations are not allocated by the Emergency Board before December 1, 2018, any remaining funds become available to the Emergency Board for general purposes.

## **Adjustments to Approved 2017-19 Agency Budgets**

### **STATEWIDE ADJUSTMENTS**

Statewide adjustments reflect budget changes in multiple agencies based on reductions in Department of Administrative Services assessments and charges for services, Attorney General rates, certain services and supplies, and additional vacancy savings expected as a result of a hiring slowdown. Statewide adjustments also reflect net reductions to debt service realized through interest rate savings on bond sales and refunding of outstanding general obligation and lottery revenue bonds. Total savings are \$135.8 million General Fund, \$16.7 million Lottery Funds, \$105.5 million Other Funds, and \$35.6 million Federal Funds.

Specific adjustments include \$126 million total funds savings from implementing a hiring slowdown implemented across all three branches of government; \$25 million in General Fund and Lottery Funds savings from eliminating most inflation on services and supplies implemented across all three branches of government; \$9.3 million total funds from a 10% reduction to travel in Executive Branch agencies to implement the Governor's previously announced cost containment effort; \$68 million total funds reduction from lower Department of Administrative Services assessments and service rates; and \$13 million total funds from lower Attorney General rates.

Section 145 of the budget bill reflects the changes, as described above, for each agency. These adjustments are not addressed in the individual agency narratives, although they are included in the table at the beginning of the budget report.

A total of \$28,177,202 Other Funds expenditure limitation was added by the Subcommittee for the one-time cost of issuance and special payments associated with the disbursement of proceeds from Lottery Bond sales; projects are detailed below and approved in SB 5530. Cost of issuance for these projects totals \$707,200. There is no debt service allocated in the 2017-19 biennium, as the bonds will not be sold until the spring of 2019. Total debt service on all the projects described below is estimated at a total of \$4,743,599 Lottery Funds for the 2017-19 biennium and \$47,153,969 over the life of the bonds.

- \$12,235,018 Other Funds for disbursement to the YMCA of Marion and Polk counties for construction of a new YMCA facility in Salem.

- \$764,128 Other Funds for disbursement to the City of Spray to construct a public safety and emergency services center, which includes fire protection and emergency medical services.

The Subcommittee approved two one-time increases to existing subsidy programs funded through the DAS budget: \$150,000 General Fund was added to the special payments made to the Oregon Historical Society, increasing its total state support in 2017-19 to \$900,000 General Fund. The Subcommittee also approved increasing the 2017-19 special payments to county fairs by \$180,000 Lottery Funds, which provides county fairs with a total of \$3,828,000 Lottery Funds in 2017-19.

To complete projects approved in SB 5506, the capital construction bill, the Subcommittee approved the establishment of five limited duration Project Manager 2 positions (5.00 FTE) and one limited duration Project Manager 3 position (1.00 FTE) within the DAS Planning and Construction Management program. This is position establishment authority only, as all position costs will be charged against project funding.

The Subcommittee approved \$1,080,818 in additional Other Funds Debt Service to support repayment of Article XI-Q General Obligation bond proceeds approved in SB 5505 for renovations at the Portland State Office Building, and an Other Funds expenditure limitation increase of \$214,000 for the cost of issuance of the bonds.

### **Public Employees Retirement System**

An Other Funds expenditure limitation increase of \$209,443 was approved by the Subcommittee, which supports one permanent full-time Principal Executive Manager G (0.92 FTE) to serve as the agency's Chief Financial Officer, with the understanding that the agency competitively recruit for, and hire, a Certified Public Accountant for this position.

### **Department of Revenue**

The Subcommittee approved funding for the final project phase to replace most of the agency's core information technology systems (Core Systems Replacement project). The final phase includes: Timber tax; electrical cooperative tax; rail car tax; gas and oil production tax; County Assessment Funding Assistance; Green Light; Non-profit homes; court fines and assessments; and revenue accounting. The scheduled implementation date is November 13, 2017.

The Subcommittee approved \$8,383,109 of Other Funds expenditure limitation and the establishment of 32 limited duration positions (8.00 FTE), which is to be mostly financed with Article XI-Q bonds approved in SB 5505 (\$4,781,944). Project revenues also include an estimated \$3,501,165 in bond proceeds that were authorized and issued during the 2015-17 biennium, but remained unexpended, and \$100,000 of state marijuana tax revenue. The Department of Administrative Services is directed to unschedule \$276,599 of Other Funds expenditure limitation associated with the Core Systems Replacement project, which may be rescheduled upon the approval of the Legislative Fiscal Office.

The Subcommittee appropriated \$1,000,000 General Fund for vendor contract maintenance costs to support the ongoing maintenance of the vendor product after installation and \$60,000 General Fund for non-bondable expenditures related to the project; these are one-time costs that should be phased out for 2019-21.

To support repayment of Article XI-Q General Obligation bond proceeds approved in SB 5505 for the project, the Subcommittee appropriated \$796,311 in additional General Fund Debt Service and added \$73,056 Other Funds expenditure limitation for the cost of issuance of the bonds.

The Subcommittee increased the General Fund appropriation by \$276,906 and Other Funds expenditure limitation by \$24,079 for one permanent full-time Principal Executive Manager F position (1.00 FTE) to restore funding for the agency's Finance Manager position, a long-term vacancy that was eliminated in SB 5535, with the understanding that the agency competitively recruit for, and fill, this position.

To balance available revenues with Other Funds expenditure limitation, the Subcommittee decreased Other Funds expenditure limitation by \$187,277 for services and supplies in the Property Tax Division.

The Subcommittee increased Other Funds expenditure limitation by \$244,058 for services and supplies in the Marijuana Program. Of the increase, \$200,000 is for a remodel of the cash transaction space in the Salem headquarters building. This will bring the total estimated project

costs to \$1.33 million, of which \$1 million will be funded during the 2017-19 biennium. This is a one-time expense. The remaining \$44,058 is for services and supplies approved by the Emergency Board in May of 2016.

### **Oregon Advocacy Commissions Office**

To restore a reduction in services and supplies included in the budget bill for the Oregon Advocacy Commissions Office (SB 5501), the Subcommittee approved \$17,000 General Fund.

### **State Library**

The Subcommittee approved a \$197,488 General Fund appropriation to restore a reduction to the Ready to Read Grant program included in the budget bill for the State Library (HB 5018). The Ready to Read Grant program provides grants to public libraries for early literacy services and summer reading programs.

### **State Treasurer**

For the Oregon Retirement Savings Board, the Subcommittee increased General Fund by \$1,056,224 and established three permanent full-time positions (2.84 FTE) for additional implementation work. The positions are: one permanent full-time Operations and Policy Analyst 4 to serve as a Public Engagement Manager (1.00 FTE); one permanent full-time Operations and Policy Analyst 3 to serve as a Compliance Manager (0.92 FTE); and one permanent full-time Executive Support Special 1 (0.92 FTE). The Subcommittee abolished one permanent part-time Program Analyst 1 position, a long-term vacant position (-0.50 FTE). A General Fund appropriation is required to fund the Board's operating expenses until the Retirement Savings Plan Administrative Fund has sufficient revenue to support the Board. General Fund expenditures are to be repaid with future administrative fees.

## **CONSUMER AND BUSINESS SERVICES**

### **Department of Consumer and Business Services**

The Subcommittee approved an increase in Other Funds expenditure limitation of \$154,056 for the Department of Consumer and Business Services (DCBS), Division of Financial Regulation and authorized the establishment of a limited duration Operation and Policy Analyst 3 position (0.88 FTE). This position will support work required by the passage of HB 2391, which requires DCBS to establish a reinsurance program for individual and group health insurance policies. The position will assist existing staff at the agency with the additional rulemaking process required to establish the reinsurance program and with the application to the US Department of Health and Human Services for a 1332 waiver to implement the Oregon Reinsurance Program.

The Subcommittee approved an increase in Other Funds expenditure limitation of \$1,748,149 for the DCBS Building Codes Division and the establishment of 10 positions (8.80 FTE). Three of the positions, two Operations and Policy Analyst 3 and a Professional Engineer 2, are for building code development. These positions will provide policy and technical research, analysis, and subject matter expertise related to developing statewide standards, and provide support on special projects related to statewide consistency and uniformity within the building

code. Two Administrative Specialist 2 positions will support analysts, engineers, and subject matter experts in the process of statewide code development, and facilitate and coordinate on special projects, permit services, and project tracking. Two Plans Examiner 2 positions will provide technical expertise and support to special projects, by reviewing plans and specifications for those projects and providing additional support to operational programs in the Pendleton and Coos Bay field offices. One Structural and Mechanical Inspector, a Plumbing Inspector, and one Electrical Inspector will provide field support for site-built construction in the Pendleton and Coos Bay field offices.

### **Bureau of Labor and Industries**

General Fund in the amount of \$413,787 is added to the budget of the Bureau of Labor and Industries for anticipated investigatory and enforcement provisions related to the passage of SB 828. The funding supports a permanent Civil Rights Field Representative (0.75 FTE), and a Permanent Compliance Specialist (0.75 FTE). In addition, funding to support a limited duration Training and Development Specialist 2 position (1.00 FTE) is also included; this position will develop notice materials for posting in the work place, and provide employer training opportunities on the new requirements.

## **ECONOMIC AND COMMUNITY DEVELOPMENT**

### **Oregon Business Development Department**

The Subcommittee established a one-time \$1,650,000 General Fund appropriation for the Arts Commission to distribute grants to the following cultural institutions in the following amounts:

- APANO Cultural Center - \$300,000
- Benton County Historical Society & Museum - Corvallis Museum - \$500,000
- Cottage Theatre Expansion - \$125,000
- High Desert Museum - By Hand Through Memory Exhibit - \$125,000
- Liberty Theatre Foundation - Theatre Restoration in La Grande - \$200,000
- Oregon Coast Council for the Arts - Newport Performing Arts Center - \$300,000
- Portland Institute of Contemporary Art - Capital Campaign NE Hancock \$100,000

The Subcommittee established a one-time \$2,000,000 General Fund appropriation for a grant to the Crescent Sanitary District to support a sewer system/wastewater treatment facility project. To supplement support for the Regional Accelerator Innovation Network (RAIN), the Subcommittee increased the one-time Lottery Funds expenditure limitation by \$500,000. With the expenditure increase in this bill, total support in the budget for RAIN will total \$1,000,000. The Subcommittee also established a one-time Other Funds expenditure limitation of \$3,000,000 to support operating and research expenses of the Oregon Manufacturing Innovation Center (OMIC). The source of these funds are moneys transferred from the Connect Oregon Fund in the Department of Transportation. With the expenditure increase in this bill, support in the Oregon Business Development Department budget for OMIC operations will total \$6.6 million of combined Lottery Funds and Other Funds expenditures.

The Subcommittee increased Other Funds expenditures for distribution of bond proceeds authorized in SB 5505 and SB 5530, and HB 2278 (2015 Session). These expenditures include expenditures for the following projects for the following amounts:

- Seismic Rehabilitation Grants - \$120 million total, including \$100 million for school facilities and \$20 million for emergency services facilities.
- Port of Coos Bay - Channel Deepening Project - \$15,000,000
- Oregon Manufacturing Innovation Center Roads - \$3,390,000
- City of Sweet Home - Wastewater Treatment Plant Upgrade - \$2,000,000
- Crescent Sanitary District Sewer System - \$3,000,000
- Portland Art Museum 0 Connection Campaign - \$1,000,000
- Eugene Ballet Company - Midtown Arts Center - \$700,000
- Friends of the Oregon Caves & Chateau - Balcony Restoration Project - \$750,000
- Regional Solutions - \$1

Regarding Regional Solutions, SB 5530 authorizes \$4 million of lottery bond proceeds for the Regional Infrastructure Fund for Regional Solutions projects. After the Department presents a funding request with identified Regional Solutions projects, the Legislature or Emergency Board will increase the Other Funds expenditure limitation to allow funding of the approved projects. The expenditure limitation applies solely to lottery bond proceeds received in the 2017-19 biennium. Proceeds from previously issued bonds that have been transferred to the Regional Infrastructure Fund, and any earnings in the Fund, are not subject to the \$1 expenditure limitation.

The Subcommittee also increased Nonlimited Other Funds expenditures by \$30 million for distribution of lottery bond proceeds authorized for the Special Public Works Fund. The \$30 million include \$20 million for adding capital to the base Fund, and \$10 million restricted to levee projects.

Other Funds expenditures are increased by a total of \$2,746,249 to pay costs of issuing the general obligation and lottery revenue bonds authorized for the above projects. Proceeds of bonds are used to finance these costs.

Finally, the General Fund appropriation for debt service is increased by \$2,836,985 to pay 2017-19 biennium debt service costs for approved Seismic Rehabilitation Grant bonds. This supports debt service costs for \$25 million of seismic school bonds, and \$10 million of seismic emergency services facility bonds, issued in spring 2018. The remaining seismic bonds, and all lottery bonds authorized for projects in this budget, will be issued in spring 2019, and related debt service will not be paid until the 2019-21 biennium.

## **Housing and Community Services Department**

The Housing and Community Services Department budget is adjusted by the Subcommittee as follows:

Local Innovation and Fast Track (LIFT) housing program - Other Funds expenditure limitation is increased by \$1,090,000 attributable to the cost of issuance for \$80 million in Article XI-Q Bonds for affordable housing development; the housing developed with the bonds will be targeted to low income individuals and families. It is assumed that this investment will result in an additional 1,200 - 1,500 units of new housing, depending on economic factors and the extent to which the program is modified (specifically, to include single family home ownership). Expenditure limitation for a period of six years for the project amount (\$80 million) is in SB 5506. Administration of the \$80 million in additional bond proceeds drives the need for additional expenditure limitation and General Fund support in the 2017-19 biennium, as follows: Two limited duration Loan Specialist positions (0.75 FTE) and two permanent Compliance Specialist positions (1.00 FTE) are authorized to add appropriate underwriting and project monitoring for affordable housing units developed through the LIFT housing program, as authorized by the 2017 Legislative Assembly. The compliance specialist positions are funded through fees charged to the projects, while the loan specialists are supported by General Fund. Finally, General Fund of \$3.4 million is appropriated for debt service, assuming half of the total authorized amount (\$40 million) is issued in the spring of 2018.

Preservation of Affordable Housing - Other Funds expenditure limitation in the amount of \$25,395,235 is included to enable the Housing and Community Services Department (HCSD) to expend lottery bond proceeds for preservation of affordable housing. Of this amount, \$25 million is attributable to project costs, and \$395,235 is related to cost of issuance. Eligible projects for which these funds can be expended will be defined by HCSD and include activities such as: multi-family rental properties where at least 25% of the units are subsidized by a project-based rental assistance contract through the USDA Rural Development or the US Department of Housing and Urban Development; existing manufactured housing communities and affordable housing units to be acquired by a mission-based non-profit organization, resident cooperative, tenants' association, housing authority, or local government; existing multifamily projects with affordability restrictions in need of rehabilitation and contract renewal; and public housing projects undergoing a preservation transaction which involves a comprehensive recapitalization and which will secure ongoing rental subsidies.

Oregon Foreclosure Avoidance Program - General Fund of \$1.3 million is included for the program. This 2017-19 funding is intended to be the final installment for the program, with the expectation that HCSD will cease administration and payment reimbursement by June 30, 2019, or the time at which funds are fully expended, whichever comes first.

Emergency Housing Account and State Homeless Assistance Program - An additional \$13,200,000 General Fund is added to the Emergency Housing Account (EHA) program, and an additional \$6,800,000 General Fund is included for the State Homeless Assistance Program (SHAP). These are one-time enhancements that bring the total 2017-19 budget for EHA to \$27,893,832 (a 93% increase over the 2015-17 legislatively approved budget) and SHAP to \$12,226,228 (a 129% increase over the 2015-17 legislatively approved budget).

Oregon Commission for Voluntary Action and Service - Federal Funds expenditure limitation is reduced by \$7.1 million and one position (1.00 FTE) to reflect funding associated with transfer of administration of the Commission from HCSD to the Office of the Governor. The statutory changes to accomplish the transfer of the program are included in HB 3470.

Measure 96 Lottery Funds Allocation - Lottery Funds expenditure limitation, attributable to the 2016 passage of Measure 98, in the amount of \$350,000 is added for emergency housing assistance to veterans, as provided through the Emergency Housing Account program. The funds are allocated to the Department in SB 140. A budget note in HB 5012 (the HCSD budget bill) directs HCSD and the Department of Veterans' Affairs to report back to the Joint Committee on Ways and Means in February 2018 with advice on strategic investments of available funds that will result in long-term housing stability for veterans.

### **Oregon Department of Veterans' Affairs**

The Subcommittee approved increasing Other Funds expenditure limitation by \$310,000 for costs of issuance on Article XI-Q general obligation bonds authorized in SB 5505 for a parking lot at the Lebanon Veterans' Home, an educational and daycare facility at The Dalles Veterans' Home, and a new veterans' home in Roseburg. Costs of issuance will be paid with bond proceeds. Bonds are scheduled to be sold in spring 2019, with debt service of \$2.2 million General Fund in the 2019-21 biennium.

Due to the shortage of nurses and medical technicians in the City of Roseburg and Douglas County that would be required to staff the approved Veterans' Home, the Subcommittee adopted the following budget note:

#### **Budget Note:**

The Oregon Department of Veterans' Affairs, in collaboration with the Oregon Health Authority and the Oregon State Board of Nursing, is directed to convene a rural medical training facilities workgroup that will investigate issues related to alleviating a shortage of skilled and experienced nurses and medical technicians in the City of Roseburg and in Douglas County. Representatives from the City of Roseburg, Douglas County, local hospital or medical facilities, including the Roseburg VA Medical Center, and local medical practitioners with experience in training nursing and medical technician students should be included in the workgroup membership. The workgroup should consider issues related to establishing a medical training facility in partnership with local academic programs and methods of reintegrating veterans who are transitioning out of military service into society through higher education and career training. The Department shall report the results of the workgroup and recommendations to the Legislature by September 15, 2018.

## **EDUCATION**

### **State School Fund**

The Subcommittee approved a decrease of \$30,372,945 General Fund and an increase of \$12,465,745 Lottery Funds for the State School Fund, which reflects the balancing of available Lottery Funds across the entire state budget. In addition, Other Funds expenditure limitation was increased by \$17,907,200 to account for the total amount of Marijuana revenues dedicated to the State School Fund. Overall, the net change to the State School Fund is zero from the \$8.2 billion included in SB 5517, the State School Fund budget bill.

### **Department of Education**

The Subcommittee approved \$480,517 General Fund for debt service on Article XI-Q bonds sold for deferred maintenance projects at the Oregon School for the Deaf. The bond proceeds will be used to address long standing deferred maintenance issues including replacement or repair of roofs (\$2.5 million) and various improvements (\$1.8 million) to address accessibility issues at the facility necessary to comply with the Americans with Disabilities Act (ADA). For the sale of Article XI-P bonds for the Oregon School Capital Improvement Matching program, \$100 million Other Funds expenditure limitation is included. The XI-P bonds will be sold later in the biennium, so no debt service is required. For both the sale of XI-Q bonds for the Oregon School for the Deaf and the Article XI-P bonds for school district facilities, an increase of \$1,052,442 in Other Funds expenditure limitation is included for the issuance costs of the bonds.

An Other Funds expenditure limitation of \$170.0 million is included for payments to school districts under Ballot Measure 98. A \$170 million General Fund appropriation was made in SB 5516, the budget bill for the Oregon Department of Education, but payments out of the new High School Graduation and College and Career Readiness Fund must be budgeted as an Other Funds expenditure under the language of Ballot Measure 98 and for accounting practices.

### **Higher Education Coordinating Commission**

The Subcommittee approved an increase of \$6,831,534 in Other Funds expenditure limitation for the Higher Education Coordinating Commission (HECC) for the issuance costs of general obligation bonds sold for public universities and community colleges. These include both Article XI-G and XI-Q bonds for the seven public universities and Article XI-G bonds for community colleges.

A General Fund appropriation of \$1.2 million was approved for a one-time grant to Eastern Oregon University for the construction of a new dedicated technology infrastructure equipment facility. This facility will be the campus hub for communications and network infrastructure. Also approved was \$490,000 General Fund for a one-time grant to Oregon State University for the renovation of the Graduate and Research Center at the Cascades Campus in Bend. This will create office space for teaching and research at the campus as it offers new programs and courses.

An additional \$5.3 million General Fund was approved for the Oregon Promise program which provides financial assistance to recent high school graduates with tuition waivers or subsidies at a community college. The increase, along with \$34.7 million General Fund included in the HECC budget bill (SB 5524), brings 2017-19 funding for this program to \$40 million General Fund. At this funding level, the Commission will need to implement policies limiting participation, including restricting program eligibility based on Earned Family Contribution. The intent is to “grandfather” in the first year’s students who started in the program during the 2016-17 academic year under the former requirements and implement any changes for those students who start during or after the fall quarter of the 2017-18 academic year. SB 1032 will include authority for HECC to limit the number of Oregon Promise participants by setting a maximum Earned Family Contribution for program eligibility.

The Subcommittee also approved a budget note related to community colleges:

**Budget Note:**

The Higher Education Coordinating Commission shall convene a workgroup to develop recommendations for enabling community colleges to offer an associate’s degree that is completed in coordination with credits earned in registered apprenticeship or training programs that are at least four years long. The commission shall report their findings and recommendations to the appropriate legislative interim committee.

For College Possible, the Subcommittee approved a one-time \$350,000 General Fund appropriation to HECC for a one-time grant to the organization. This program provides mentoring, coaching, and other assistance to low income students to encourage them to go to college and help them apply for college and financial aid.

One-time funding for two Agricultural Experiment Station positions are added in this bill. One is located at the Hermiston Agricultural Research and Extension Center for potato research and one is at the North Willamette Research and Extension Center. The costs are \$260,000 and \$120,000 General Fund, respectively. Funding for the Renewable Energy Center at the Oregon Institute of Technology was approved in the amount of \$500,000 General Fund.

The Subcommittee approved one-time funding for two projects through Oregon State University resulting, in part, from the work of the Oregon Shellfish Task Force. The first is \$570,000 General Fund for the Molluscan Broodstock program at the Hatfield Marine Science Center in conjunction with the Whiskey Creek Shellfish Hatchery. The second project is \$280,000 General Fund for monitoring the effects of ocean acidification and conducting ocean acidification research at the Whiskey Creek Shellfish Hatchery.

**HUMAN SERVICES**

**Oregon Health Authority**

HB 5006 includes \$10,000,000 General Fund for costs related to treating Hepatitis C - Stage 2 for members of the Oregon Health Plan (OHP). Coverage is already included for Stages 3 and 4. It is estimated that roughly 3,200 OHP members have Hepatitis C at Stage 2, and if all these members pursue treatment, the 2017-19 estimated cost is about \$21.6 million General Fund. The agency will include data on current treatment patterns and costs in its first 2017-19 rebalance, and may need to request additional funding during the 2018 legislative session. A portion of this funding is expected to be one-time, as the existing OHP population is treated and only new cases will need treatment in the following biennium.

The Subcommittee approved \$200,000 General Fund for providing fresh Oregon-grown fruits, vegetables, and cut herbs from farmers’ markets and roadside stands to eligible low-income seniors under the Senior Farm Direct Nutrition Program. Another \$1,000,000 General Fund was added for the same purpose for eligible individuals through the Women, Infants and Children Program. Both program enhancements are one-time.

Additional one-time Tobacco Master Settlement Agreement (TMSA) resources of \$63,250,000 are available because of a series of legal settlements. Other Funds expenditure limitation is increased for OHP by \$63,250,000, and General Fund is reduced by a like amount. Other TMSA resources in the OHP budget include funding that had previously been used for tobacco prevention and cessation programs. The Subcommittee approved the following budget note:

**Budget Note:**

The Oregon Health Authority, in collaboration with the Tobacco Reduction Advisory Committee, shall make recommendations to the Public Health Advisory Board on reductions to the Tobacco Prevention and Education Program, based on the loss of Tobacco Master Settlement Agreement (TMSA) funding, that reflects best practices for tobacco control, to minimize programmatic disruption. The Oregon Health Authority shall report to the Legislature the impact of the loss of TMSA funding to tobacco prevention in Oregon, across state and local programs, health communications, tobacco cessation, and data and evaluation.

In order to balance to the final revenue forecast, an additional \$375,000 of recreational marijuana proceeds are expected to be distributed to the Oregon Health Authority (OHA) for alcohol and drug prevention and treatment programs. Other Funds expenditure limitation is increased by \$375,000 and General Fund is reduced by that same amount.

HB 5006 reduces General Fund by \$401,413 for the Oregon State Hospital, and reduces one FTE. SB 65 consolidates all persons found guilty except for insanity of a felony and committed to the Oregon State Hospital, under the jurisdiction of the Psychiatric Security Review Board. As a result, the State Hospital Review Panel (SHRP) will no longer be needed after June 30, 2018. The Subcommittee approved \$3,226,060 General Fund for rural provider incentive programs. This is funding that was mistakenly taken out of the current service level at Governor's Budget.

HB 5006 increases General Fund by \$10,000 to make the necessary changes to the Medicaid Management Information System (MMIS) to ensure that children who are placed in substitute care are enrolled in a coordinated care organization (CCO). This would apply to children in the legal custody of the Department of Human Services, and eligible for medical assistance. The new MMIS coding would allow a child who changes placement to remain in the original CCO until the transition of the child's care to another CCO has been completed.

The bill includes \$196,111 Other Funds expenditure limitation and one position (0.75 FTE) to implement HB 3440, which will open up the Prescription Drug Monitoring Program to out-of-state practitioners. This will create additional workload as the program will need to implement and manage a process of auditing out-of-state users' credentials and use of the system.

To support the ongoing DHS effort to develop and implement an integrated eligibility system, now called the ONE Integrated Eligibility and Medicaid Eligibility (ONE IE & ME), the Subcommittee approved \$322,233 General Fund, \$13,595,873 Other Funds expenditure limitation, \$1,306,605 Federal Funds expenditure limitation, and 62 positions (51.71 FTE); 41 of the positions are limited duration. The 21 permanent positions are associated with a core need for legacy system integration, as well as system maintenance and operations.

## **Department of Human Services**

The Subcommittee approved \$1,300,000 General Fund, on a one-time basis, to increase funding for the Oregon Hunger Response Fund, which is a 26.2% increase from the 2015-17 funding level. This additional support will help the Oregon Food Bank, through its 20 regional food banks, acquire and distribute a higher volume of food to over 950 local agencies.

Another adjustment in the Self Sufficiency program is a change to a budget reduction included in SB 5526, the primary budget bill for the Department of Human Services (DHS). Instead of a \$3.4 million General Fund reduction in the Temporary Assistance for Needy Families (TANF) program, which affected households with a Non-Needy Caretaker Relative, the Subcommittee decreased funding in the Employment Related Day Care program by \$3.4 million General Fund, which reduces the caseload by about 200 cases.

Regarding TANF, the DHS budget approved in SB 5526, assumes \$22.2 million in General Fund cost avoidance related to program restrictions that have been in place since the 2009-11 biennium; this requires statutory date changes that are included in HB 3470. In addition, \$60.0 million General Fund in TANF program caseload savings was used to help balance the agency-wide budget. These savings were due to the projected 2017-19 caseload decreasing by more than 3,000 families between the fall 2016 and spring 2017 caseload forecasts. The Subcommittee noted that, ideally, TANF savings would be retained within the TANF program to help improve services to families and client outcomes. To help institute this practice, the Subcommittee approved the budget note set out below.

### **Budget Note:**

During the 2017-19 biennium, after each biannual caseload forecast, the Department of Human Services is directed to calculate any General Fund or Federal Funds savings resulting from a decrease in the TANF caseload below the level assumed in the 2017-19 legislatively adopted budget. As part of its first rebalance report to or request of the Legislature following that calculation, the agency will present a proposal for directing any savings to either increase the TANF grant amount or invest in the JOBS program.

For the Intellectual and Developmental Disabilities (IDD) program, the Subcommittee discussed the need to ensure individuals with IDD receive information about all service setting options. Accordingly, DHS is directed to present to all adults with IDD the option to receive in-home services as described in ORS 427.101(3)b. The Subcommittee also approved the following budget note related to IDD group homes:

### **Budget Note:**

The Department of Human Services will convene a workgroup to review rules and statutes regarding substantiated abuse findings, fines, and enforcement for Intellectual and Developmental Disability (IDD) group homes. The workgroup shall include representation from IDD providers, clients served in the IDD system, employees working in IDD group homes, and other stakeholders. The workgroup shall report their findings and recommended statutory changes to the appropriate legislative interim policy committees no later than February 1, 2018. The workgroup shall discuss and report on:

- Recommendations for rule or statutory changes to abuse definitions and substantiated abuse findings.

- A review of current enforcement statutes and recommended changes that result in consistent applications of fines across the IDD group home system.
- Recommendations for mandatory minimum fines for substantiated abuse.

The Subcommittee approved funding for the continued development and implementation of an integrated eligibility system, now called the ONE Integrated Eligibility and Medicaid Eligibility (ONE IE & ME) project. This effort will integrate eligibility determinations for DHS programs; Non-MAGI Medicaid, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), and Employment Related Day Care (ERDC); into the OregonONEligibility (ONE) system used by OHA.

While a 2017-19 funding request was always expected, the 2017-19 cost estimate for the project has increased over the budget development timeframe; the current project estimate and approved amount for 2017-19 is \$203,272,716 total funds. (The former estimate for 2017-19 spending was \$132.0 million total funds). This budget includes: state staff costs of \$42.3 million; \$128.2 million for contracted information technology services; \$21.0 million for software costs and hosting charges; \$2.2 million for training; and \$9.5 million for debt service. Cost allocation, contingencies, legacy system integration work, and payments to OHA for its project work are accounted for in these estimates. The state staffing component consists of 113 positions (74.33 FTE) and primarily supports business analytics and training activities; 88 positions (50.83 FTE) are limited duration.

The bulk of the project budget, at \$146.3 million or 72% of 2017-19 costs, is supported by Federal Funds; this is due to enhanced federal funding for the project. Some of that higher match expires on December 31, 2018, but the Medicaid portion at a 90% federal/10% state share does not have a set end date. The current project timeline and updated budget estimates account for these match rates. General Fund supports \$11.5 million of project costs and debt service; the bulk of the state share will be covered by \$45.0 million in proceeds from Article XI-Q bonds.

In SB 5505, the Joint Ways and Means Subcommittee on Capital Construction approved \$34,045,000 Article XI-Q bonds to finance \$33,523,000 of project costs and \$522,000 for costs of issuing the bonds. The Subcommittee also approved additional funding of \$11,477,000 for this project through the repurposing of bond proceeds originally issued for the Oregon Military Department (OMD).

The Joint Legislative Committee on Information Management and Technology (JLCIMT) reviewed the project on May 25, 2017, and recommended incremental, conditional approval of the project and set out detailed next steps in its recommendation, which was adopted. In addition to completion of 26 specific actions, the recommendation requires a minimum of two progress reports to JLCIMT; one in September 2017 and another in February 2018. The agency will also work closely with and regularly report project status to the Office of the State Chief Information Officer (OSCIO) and the Legislative Fiscal Office (LFO) throughout the project's lifecycle. It is likely additional formal reporting may be required by JLCIMT or interim budget committees, depending on agency progress and any need to address project or budget issues flagged by LFO or OSCIO. The Subcommittee approved the project with the understanding that the funding will be unscheduled until LFO and the Chief Financial Office of the Department of Administrative Services approve rescheduling; agency compliance with the JLCIMT recommendations will be key to making funding available.

Since this project will result in eligibility determinations for multiple programs in both OHA and DHS being done through one system, to perform these determinations most efficiently, eligibility functions (responsibility for the work and staffing) from both agencies will be centralized at DHS. The following budget note was approved by the Subcommittee:

**Budget Note:**

The Department of Human Services and the Oregon Health Authority are currently planning to centralize eligibility processing at DHS in the fall of 2017. DHS has begun an assessment of current processes and will need 9-12 months to complete a comprehensive assessment and business plan that meets Medicaid requirements. DHS will report to the Interim Joint Committee on Ways and Means by June 30, 2018, and will include in its report a plan to increase jobs in rural Oregon including the option of outsourcing, in order to provide the highest quality, most efficient and cost effective Medicaid enrollment services to Oregonians.

**JUDICIAL BRANCH**

**Judicial Department**

The Subcommittee increased General Fund for the Judicial Department by \$600,000, and established four full-time positions (2.00 FTE) for additional workloads associated with an increased number of preliminary hearings anticipated as a result of SB 505. SB 505 requires grand jury proceeding to be recorded. A special purpose appropriation in SB 505 to the Emergency Board for additional costs associated with the measure was reduced by the same amount.

The Subcommittee also established a \$1,200,000 General Fund appropriation to provide a grant to Clackamas County for planning costs associated with a project to replace the county's courthouse. The county must spend at least an equal amount of matching funds for planning costs. The provision of this support does not establish a commitment or expectation for any additional state support for the capital project.

The Subcommittee added Other Funds expenditures to the budget associated with the authorization, in SB 5505, of Article XI-Q bonds for grants and capital construction projects. This limitation will allow the Judicial Department to provide grants to counties for courthouse capital construction projects through the Oregon Courthouse Capital Construction and Improvement Fund (OCCCIF), and pay costs associated with issuing the bonds for both the OCCCIF grants, and for capital construction projects approved in SB 5506. A \$195.2 million Other Funds limitation is established for the OCCCIF, for transfer of \$97.6 million of Article XI-Q proceeds, and an equal amount of county matching funds, for the following two county courthouse replacement projects:

- Multnomah County Courthouse - \$185.2 million (including \$92.6 million of bond proceeds) for the Multnomah County Courthouse replacement project. The funds will permit the county to complete construction of the courthouse project. With these moneys, the state will have provided a total of \$125 million of bond proceeds for the project over a three-biennium period.

- Lane County Courthouse - \$10 million (including \$5 million of bond proceeds) for the Lane County Courthouse replacement project. These funds will provide support for planning and development of the project. With these moneys, the state will have provided a total of \$6.4 million of bond proceeds for the project over a two-biennium period. The provision of this support does not establish a commitment or expectation for any additional state support for the capital project.

Other Funds expenditures were increased by \$1,235,000 for costs of issuing Article XI-Q bonds for the OCCIF-supported projects, and for two capital construction projects approved in SB 5506. Proceeds of bonds are used to finance these costs.

Finally, the Subcommittee established a distinct Other Funds expenditure limitation for the State Court Technology Fund (SCTF), and transferred \$17,942,354 from the Operations expenditure limitation to the newly established SCTF expenditure limitation. The SCTF receives revenues from court filing fees, charges for technology services, and the Criminal Fine Account, and its use is restricted to providing support state court electronic systems.

### **Public Defense Services Commission**

The Subcommittee approved a \$1,800,000 increase in General Fund for the Professional Services Account. This appropriation brings total General Fund support for the program to the current service level. The Professional Services Account finances the costs of all trial-level and certain appellate-level public defense services.

## **LEGISLATIVE BRANCH**

### **Legislative Administration Committee**

General Fund of \$5,145,277 for Legislative Administration was approved by the Subcommittee for security enhancements to the Oregon State Capitol. The increased funds include: \$20,000 for a mass communication system, \$528,000 for third party monitoring services, and \$4,597,277 for security cameras and networks, independent distribution facility (network closet) upgrade, safety film installation, garage gate replacement, and other security needs.

The Subcommittee also approved \$906,053 General Fund for debt service on Article XI-Q bonds sold for the Capitol Accessibility, Maintenance, and Safety project. Bonds are scheduled to be sold in spring 2018. In addition, Other Funds expenditure limitation was increased by \$239,358 for costs of issuance on the bonds, which will be paid with bond proceeds.

## **NATURAL RESOURCES**

### **Department of Agriculture**

In the Agricultural Development and Marketing program, the Subcommittee reduced General Fund by \$250,000 due to elimination of a marketing position. This action eliminates one of three permanent full-time positions added to the program during the 2011-13 biennium to increase economic activity in the agriculture sector.

### **Columbia River Gorge Commission**

The Subcommittee added \$24,081 General Fund to the Columbia River Gorge Commission budget to match the amount provided by the State of Washington as required by interstate compact; \$14,686 of the increase is provided for the Joint Expenses Program and the remaining \$9,395 is for Commissioner Expenses.

### **Department of Environmental Quality**

The Subcommittee approved a \$500,000 one-time General Fund appropriation to complete an inventory of non-road diesel engines with the expectation that DEQ would use a third-party contractor to conduct a state-wide and multi-sector inventory of non-road diesel engines currently in use by private and public fleets for the purposes of informing and refining air quality models. This inventory is expected to be completed no later than May 1, 2019. To ensure the survey results are representative of the statewide inventory, data collection shall be conducted using a mix of sampling techniques, including, but not limited to whole fleet inventories (census style counts), representative sampling of fleets by fleet-size, and industry surveying. Results and assumptions should be verified using existing relevant and complementary data, such as fuel use and business asset data collected by county tax assessors. The Department is to consult with interested stakeholders during various phases of the inventory work including, but not limited to, prior to releasing the inventory request-for-proposal and upon the development of preliminary results. The Department shall make the results of this inventory available to interested stakeholders but only in aggregate form.

### **Department of Fish and Wildlife**

The Subcommittee approved three General Fund increases for the Department of Fish and Wildlife (ODFW) totaling \$1,325,000 for several program changes. First, \$425,000 General Fund was added to fund a permanent Natural Resources Specialist 5 position to serve as the Department's Sage Grouse Mitigation Program Coordinator. Approximately \$175,000 of the \$425,000 is for professional services contracts to assist in implementation of the sage grouse mitigation program. Next, \$250,000 General Fund was added to restore and make permanent two positions (1.67 FTE) to work on the Integrated Water Resources Strategy involving water flows necessary to maintain fish habitat and in-stream water rights consultations. In addition, it is expected that the positions would also examine the need for a sediment study of the lower Rogue River. Finally, \$650,000 General Fund was added to restore three of the five permanent full-time positions eliminated from the Western Oregon Stream Program as part of the General Fund reductions taken in HB 5018, the ODFW budget bill. The three positions that were restored work in Clackamas, Roseburg, and Tillamook. Along with the funding for position costs, \$40,839 was added for services and supplies.

The Subcommittee also established a one-time Other Funds expenditure limitation of \$215,000 for the cost of issuance of Article XI-Q General Obligation bonds approved in SB 5505 for repairs and capital improvements at ODFW facilities.

### **Department of Forestry**

The Subcommittee approved a \$57,568 increase in the General Fund appropriation made to the Oregon Department of Forestry (ODF) for the payment of debt service on General Obligation bonds issued for the replacement of a shared facility at Toledo. The Subcommittee also approved an increase in Other Funds expenditure limitation of \$1,114,991 to accommodate the payment of \$79,991 for debt service and \$50,000 in bond issuance costs related to bonds issued for the Toledo facility; the remaining \$985,000 is for the cost of issuance of Certificates of Participation related to the Elliott State Forest.

In addition, the Subcommittee approved the establishment of an Other Funds expenditure limitation for ODF, in the amount of \$100 million, for the payment, from the net proceeds from the sale of Certificates of Participation, of monies to finance the release of all or a portion of the Elliott forest from restrictions resulting from ownership of that forest by the Common School Fund, or to compensate the Common School Fund for the preservation of non-economic benefits of the forest through the imposition, transfer, or sale of restrictions such as easements, use requirements or restrictions, or other methods that preserve non-economic benefits of the forest for the public such as recreation, aesthetics, wildlife or habitat preservation, or other environmental and quality of life considerations.

For the initial work required for the development of a federal Habitat Conservation Plan (HCP), the Subcommittee approved a \$300,000 increase in Other Funds expenditure limitation pursuant to an agreement with the Department of State Lands for the development of the plan. ODF will use this funding to establish four limited duration positions (3.50 FTE) including a project leader, a HCP coordinator, a threatened and endangered species coordinator, and a data manager/analyst to work with federal agencies to develop a Request for Proposal to complete all the technical work needed for completing the HCP. The Department is also expected to apply for a federal grant to help with the cost of developing the Environmental Impact Statement required for completion of the HCP. It is anticipated that the agency will seek additional expenditure limitation once the remaining project costs are better known.

#### **Land Use Board of Appeals**

For the Land Use Board of Appeals, the Subcommittee added \$11,650 General Fund to reclassify a position from Executive Support Specialist I to Executive Support Specialist II.

#### **Department of Parks and Recreation**

The Subcommittee approved an increase in the Other Funds expenditure limitation for the Oregon Department of Parks and Recreation of \$5,111,682 for the expenditure of lottery bond proceeds for the Oregon Main Street Revitalization program. The funding will be used to provide competitive grants to organizations participating in the Oregon Main Street Network. The program focuses on projects that acquire, rehabilitate, and construct buildings on properties in designated downtown areas and facilitate community revitalization leading to additional private investment, job creation or retention, expansion or establishment of viable businesses, or creating a stronger tax base. The expenditure limitation increase includes \$111,682 for bond issuance costs.

#### **Department of State Lands**

For work related to the Elliott State Forest, the Subcommittee established an Other Funds expenditure limitation of \$3,985,377 and the establishment of a Project Manager 3 position (1.0 FTE). Specifically, \$1,608,930 of the total is for paying costs associated with a custodial forest management contract for the Elliott State Forest. Under the contract, the manager will be responsible for four primary tasks: maintaining road systems for safe public access and fire protection activities; ensuring compliance with all applicable laws; conducting reforestation activities to comply with Oregon's Forest Practices Act; and providing general forest management and oversight. The manager will be the first point of contact for any questions; responsible for identifying problems specific to the property and coordinating with local officials and DSL as necessary; and manage access to the property and coordinate proper disposal of trash and removal of abandoned property.

Other components include \$608,000 for estimated cost of fire patrol assessments to be paid to the Oregon Department of Forestry (ODF) for wildfire protection, \$268,447 for a Project Manager 3 position (1.00 FTE) that will provide general coordination for the Elliott Forest as well as providing project management for the Portland Harbor Superfund Site and Goble cleanup site. Also included is \$1,500,000 for development of a federal Habitat Conservation Plan (HCP) and an Environmental Impact Statement (EIS). The HCP development will be via an agreement with ODF; that agency will lead the collaborative work with other state, federal, and private entities. The initial ODF work is anticipated to cost \$300,000, the remaining \$1,200,000 is to be administratively unscheduled until a better estimate of the total cost to develop the HCP and EIS can be established. ODF anticipates that it will apply for federal grant funding for at least a portion of the cost to develop the EIS.

The Subcommittee approved \$5,000,000 General Fund for the Department of State Lands to deposit into the Portland Harbor Cleanup Fund established in SB 5530; after deposit (payment), the money is available to be spent as Other Funds. In SB 5530, \$3,000,000 in lottery bond proceeds is also allocated for deposit into the Cleanup Fund. To spend the \$8,000,000 total subsequently available, a new \$8,000,000 Other Funds expenditure limitation is established. To pay costs associated with the issuance of the lottery bonds, the Subcommittee approved an increase in Other Funds expenditure limitation of \$57,587.

Monies in the Cleanup Fund are for the coordination and participation in any contracts or agreements relating to or arising out of the Portland Harbor Superfund Site that may include investigation of baseline conditions, investigation of key sediment sites, potential infrastructure needs related to contaminated sediments, development and administration of a comprehensive data management system for the site, satisfaction of obligations under any settlement or administrative order, work required by the United States Environmental Protection Agency in connection with the site, and other activities directly related to minimizing the state's liability for costs related to the Portland Harbor Superfund Site.

### **Water Resources Department**

The Subcommittee approved a General Fund appropriation of \$333,677 for the Water Resources Department (WRD) to fund two Assistant Watermaster positions and an Office Specialist position in Umatilla County, in the Pendleton and Milton-Freewater offices. The former Umatilla County positions were authorized in the agency's primary budget bill (SB 5542) using Other Funds expenditure limitation of \$433,677. This action assumed Umatilla County would be covering the cost of the positions via contract with WRD. However, available county resources are projected to be able to provide only \$100,000 of this amount, so General Fund will cover the remaining cost. To complete the fundshift, the Subcommittee also approved a \$333,677 reduction in Other Funds expenditure limitation.

To support pilot programs in several locations throughout the state, the Subcommittee approved an increase of \$203,870 General Fund and the establishment of a limited duration, Natural Resource Specialist 4 position (1.00 FTE). The Department was allocated \$750,000 in lottery bond proceeds during the 2015-17 biennium to make grants and provide technical assistance to local governments to establish place-based water resource planning pilot programs. Of that grant funding, \$600,000 is carried forward into the 2017-19 biennium; \$56,000 of that amount remains unobligated. The position authorized by the Subcommittee is a continuation of the limited duration position that was established in the prior biennium to assist in the administration of the program and the distribution of the grant funding.

The Subcommittee approved an increase of \$1,547,235 Other Funds expenditure limitation for making grants, loans, or providing technical assistance for feasibility studies, and for the payment of bond issuance costs from lottery bond sale proceeds deposited into the Water Conservation, Reuse, and Storage Investment Fund. Of the amount allocated to the Fund, \$47,235 is for the payment of bond issuance costs.

## **PUBLIC SAFETY**

### **Department of Corrections**

To purchase two new transport buses to replace vehicles at the end of their service life, the Subcommittee approved a one-time appropriation of \$708,788 General Fund in the Department of Corrections' Operations Division.

The Subcommittee approved an increase in Other Funds expenditure limitation of \$721,466 for cost of issuance of \$39,215,000 in Article XI-Q bonds authorized in SB 5506 for the Department of Corrections' deferred maintenance program and for technology infrastructure upgrades. Bonds will be issued in May 2018 and in March 2019.

The agency's General Fund appropriation for debt service was increased by \$1,926,252 for new debt service estimated to be paid in 2017-19. Debt service for bonds issued in 2017-19 is estimated to be \$7,616,448 General Fund in 2019-21.

### **Oregon Department of Justice**

The Subcommittee approved \$16,573,792 Other Funds expenditure limitation for project costs, which is to be financed with \$16,267,633 of Article XI-Q bonds approved in SB 5505 and \$306,159 in bond proceeds that were authorized and issued during the 2015-17 biennium but remained unexpended. The Subcommittee also approved \$32,136,210 Federal Funds expenditure limitation and the establishment of 32 permanent full-time positions (23.81 FTE). This includes personal services of \$5.8 million and services and supplies of \$43.0 million. The amount for services and supplies includes \$35.8 million total funds of contractor payments for: project management, including organization change management services; implementation; independent quality assurance; and independent verification and validation.

Unless otherwise approved by the Legislature or the Emergency Board, the positions budgeted for the project are established as permanent full-time under the following conditions: (a) the positions will be abolished on or before the completion of the project; (b) the positions are to remain in the CSEAS program (i.e., CSEAS summary cross reference) and may not be transferred to any other program or used for any purpose other than the development of the CSEAS project; and (c) the positions may not be included in any permanent finance plan action.

Other Funds expenditure limitation of \$317,367 is included for the cost of issuance of the bonds. The Subcommittee appropriated \$3,391,920 in additional General Fund Debt Service to support repayment of Article XI-Q General Obligation bond proceeds approved in SB 5505.

The Subcommittee approved \$6,916,041 Other Funds expenditure limitation and 35 permanent full-time positions (30.80 FTE) for the Civil Enforcement Division - Child Advocacy Section to represent Child Welfare caseworkers in court and provide full access to legal representation, legal counsel, legal advice, litigation support, and training. The revenue to support this package was approved in SB 5526, the primary budget bill for the Department of Human Services (DHS). DHS will be billed by DOJ no more than \$6.9 million for the increase in juvenile dependency workload using DOJ's traditional fee-for-service billing model. DOJ will also provide DHS with a monthly billing summary of the legal work performed. DOJ has committed to tracking quality assurance measures, including outcome measures.

Statewide implementation will be through a three-phase approach across all 36 counties: Phase-I will be completed by January 1, 2018 for: Benton; Coos; Gilliam; Grant; Hood River; Josephine; Lane; Lincoln; Linn; Morrow; Polk; Sherman; Tillamook; Wasco; and Wheeler Counties. Phase-II will be completed by July 1, 2018 for: Columbia; Crook; Deschutes; Douglas; Harney; Jackson; Jefferson; Klamath, Lake; Malheur; Umatilla; and Yamhill counties. Phase-III will be completed by January 1, 2019 for: Baker; Clackamas; Clatsop; Curry; Marion; Multnomah;

Union; Washington; and Wallowa counties. The final implementation schedule, however, may change depending upon the needs of a specific county. Both DOJ and DHS will work collaboratively with county District Attorneys to ensure juvenile dependency cases are handled in a consistent and coordinated manner with as much continuity as possible throughout the legal proceedings.

This investment in legal services was, in part, the result of work completed by the Task Force on Legal Representation in Childhood Dependency, which was established by SB 222 (2015). While, due to limited General Fund resources, the Legislature was unable to fund most Task Force recommendations, the affected state agencies and legal partners are committed to continuing to work on system improvements. In recognition of this commitment, the Subcommittee approved the following budget note:

**Budget Note:**

The Department of Human Services, Department of Justice, Oregon Judicial Department, and Public Defense Services Commission shall work collaboratively, at both the state and local levels, to solicit input on, develop, and implement strategies to improve the effectiveness and efficiency of Oregon's juvenile dependency systems and to determine the appropriate level of legal services. Potential strategies should include standardizing forms, streamlining processes, conforming practices, and adopting administrative or court rules. The agencies are expected to identify and begin implementing strategies no later than July 1, 2018. Options for providing more effective and cost-efficient legal and other services should also be reviewed and analyzed. The agencies will submit a joint report on the progress of these efforts to the Interim Joint Committee on Ways and Means or the Emergency Board by October 2018. In addition, each agency shall include an update, in its budget presentation to the Joint Committee on Ways and Means during the 2019 session, on its specific roles, activities, strategies, and costs to improve the effectiveness and efficiency of Oregon's juvenile dependency system.

In addition, the Legislature, under separate legislation (HB 3470), extended the sunset on the provision authorizing DHS to appear as a party in a juvenile court proceeding without appearance of an Attorney General from June 30, 2018 to June 30, 2020 to accommodate the planned implementation schedule.

The Department of Administrative Services is directed to unschedule \$4.0 million of the General Fund in the DHS budget and \$4.0 million of the Other Funds expenditure limitation in the DOJ budget pending demonstration to the Legislative Fiscal Office that the work performed, billing, reporting, and communication between the agencies is consistent with the budget cap, implementation schedule, and service level expectations for the caseworker legal representation program.

For SB 243, the Subcommittee approved implementation costs of \$123,932 Other Funds and established one permanent part-time Assistant Attorney General position (0.38 FTE) in DOJ's Civil Enforcement Division. The Division provides services to train caseworkers and certifiers on the new legal standard of abuse, advises Department of Human Services (DHS) in the preparation and adoption of administrative rules, as well as child protective services investigations, confidentiality laws, and release of records. The Division also provides advice and legal representation to DHS in all administrative appeals of those investigations and related certification actions for certified foster homes. The revenue source to

fund this expense is legal service charges billed to DHS. The roll-up costs are estimated to be \$89,084 Other Funds and one position (0.25 FTE) for the 2019-21 biennium.

The Subcommittee approved \$500,000 General Fund to support Community Assessment Centers, as a one-time increase, in order to provide child abuse medical assessments. The funding will be administered through the Oregon Department of Justice, Crime Victims Services Division, as pass through funds distributed to the statewide Community Assessment Centers network association, which will ensure equitable distribution.

To support the Oregon Crime Victims Law Center, the Subcommittee also appropriated \$175,000 General Fund as a one-time increase. This will bring total funding for the Law Center from the Department of Justice to \$554,559, including \$504,599 General Fund and \$50,000 Other Funds; the latter is from the renewal of a state grant funded from punitive damage awards.

#### Other Legislative Changes

The Subcommittee approved statutory changes to ORS chapter 286A related to the administration of the state's bond programs. Amendments clarify the Department of Administrative Services' role as the bond program administrator for the Article XI-F Higher Education general obligation bond program, including specifying the department is responsible to request bonds to be issued.

The Subcommittee also approved an amendment to ORS 283.085 to authorize the use of Certificates of Participation to finance: (i) the release of all or a portion of the Elliott Forest from restrictions resulting from ownership of that forest by the common school fund, or (ii) compensation paid to the common school fund for the preservation of non-economic benefits of the forest through the imposition, transfer or sale of restrictions such as easements, use requirements or other methods that preserve non-economic benefits of the forest for the public such as recreation, aesthetics, wildlife or habitat preservation, or other environmental and quality of life considerations.

The Subcommittee approved a project scope change for the Higher Education Coordinating Commission, University of Oregon Klamath Hall Renovation, originally approved in HB 5005 (2015), to allow the use of the Article XI-Q and Article XI-G bond proceeds to renovate Klamath Hall, an academic and research building, to bring research facilities up-to-date and accommodate increased enrollment in chemistry and other sciences. The original project plan included the renovation of one floor and construction of an additional floor that would be used to house office space and classrooms displaced due to the renovation. However, due to increased construction costs, it is more cost effective to renovate the one floor as originally proposed, but use existing facilities for the displaced functions rather than adding a new floor.

Detail of projects authorized for the Higher Education Coordinating Commission through bond financing is included below.

Senate Bill 1039 appropriates \$162,286 General Fund to the Oregon Department of Fish and Wildlife (ODFW) to provide staff support to the Council and to reimburse Council members for appropriate expenses.

**Summary of Natural Resources Subcommittee Action**

Senate Bill 1039 declares it is state policy to ensure a coordinated, effective response to ocean acidification and hypoxia. To implement the policy, the bill establishes the Oregon Coordinating Council on Ocean Acidification and Hypoxia, which has thirteen members including the Governor, several state agencies, and a broad range of academic, conservation and commercial fishing interests. The Director of ODFW or his/her designee, and the Director of the initiative for integrative marine studies at Oregon State University or his/her designee, are co-chairs of the council. Members of the council are to be reimbursed for expenses incurred in performing the functions of the Coordinating Council, from a fund appropriated to ODFW for the purpose of the Coordinating Council.

The bill also establishes the duties of the Coordinating Council, which include identification of research and monitoring activities needed to better understand changing ocean chemistry and the potential impacts of ocean acidification and hypoxia; indication of actions and initiatives to address Oregon’s vulnerabilities to ocean acidification and hypoxia; and development of a long-term coordinating strategy among state agencies, academia, the federal government and industry.

Senate Bill 1039 directs the Coordinating Council to submit a biennial report to the Legislature and the Ocean Policy Advisory Council by September 15 of each even-numbered year. The report will contain information on the Coordinating Council’s activities and recommendations. Finally, the bill appropriates \$162,286 of General Fund and provides one Natural Resource Specialist 2 position (0.75 FTE) to ODFW to provide staff support to the Council and to reimburse Council members for appropriate expenses.
