Alan,

As you remember, I called you last month regarding Mr.. Douglas DeHart's appointment to the ODFW fish screening task force. I am now submitting my support for his appointment. I cannot think of a more qualified and committed person for the privilege of serving on the fish screen task force. As you know Mr. DeHart has worked for the Oregon Department of Fish and Wildlife and for the U.S. Fish and Wildlife Service. He is qualified for this position and he has a direct personal interest in fish screening technology and operation.

Having Mr DeHart appointed to the fish screen task force will certainly allow him to continue making an important contribution to Oregon fisheries and to the Oregon Department of Fish and Wildlife.

Thank you for providing this opportunity to comment on this important task force.

Bill M. Bakke
