Dear Ms. Rae:

This letter is regarding a request from Mr. Richard Wood of Yaquina Bait Company, 138 SE 35th Street, South Beach, OR 97366, and to inform you that Mr. Wood inquired at our regular Port Commission meeting of May 25, 2010, if we could provide an in-water site within our commercial marina to locate a bait holding pen for anchovies.

Although we have not entered into any final agreement with Mr. Wood, he was informed that we will work with him on providing some site options for his consideration within the marina contingent upon him receiving all the required approvals and/or permits from ODFW or any city or state licenses or permits.

We do not purport to have acknowledged, nor do we officially support, any written campaign or petition to ODFW from Mr. Wood at this time. We are always willing to consider the establishment of a new business that will better serve our fishing fleet in the most environmentally, ecologically and most sustainable atmosphere.

Thank you for your time.

Sincerely,

Don Mann
General Manager
