

## Agenda Item Summary

**BACKGROUND**

Through HB 2538, the 1993 Oregon Legislative Assembly created the seven-member Access and Habitat (A&H) Board. This legislation authorized the A&H Board to review and recommend to the Oregon Fish and Wildlife Commission (Commission) projects designed to improve wildlife habitat and public hunting access in Oregon. The Board may also recommend to the Commission additional Landowner Preference (LOP) tags for landowners who provide significant public hunting access or habitat improvements on their property. The 2009 Oregon Legislative Assembly reauthorized program funding through December 2019. Project proposals are typically submitted by landowners, corporations, organizations, and agencies. Applications are initially reviewed by A&H Board-appointed Regional Advisory Councils established in six geographic regions of the state. Regional Councils forward proposals to the state A&H Board with recommendations to approve or deny projects. The A&H Board provides the next level of project review and then forwards proposals to the Commission for final consideration and approval to expend A&H Program funds or allocate additional LOP tags.

**PUBLIC INVOLVEMENT**

The A&H Program provides for public involvement through the Regional Advisory Councils and A&H Board meetings. The meetings are advertised in advance, notices are published on the Oregon Department of Fish and Wildlife (ODFW) website, and agendas are mailed to interested citizens. There is an opportunity for interested parties to provide public comment during these meetings. Project proposals are also posted on the A&H website; members of the public may review the documents and provide comments at any time. The A&H Board most recently met on April 29 in Klamath Falls, Oregon.
