

## APPENDIX C

### OREGON REVISED STATUTES

#### **496.162**

##### **Establishing seasons, amounts and manner of taking wildlife**

(1) After investigation of the supply and condition of wildlife, the State Fish and Wildlife Commission, at appropriate times each year, shall by rule:

(a) Prescribe the times, places and manner in which wildlife may be taken by angling, hunting, trapping or other method and the amounts of each of those wildlife species that may be taken and possessed.

(b) Prescribe such other restrictions or procedures regarding the angling, taking, hunting, trapping or possessing of wildlife as the commission determines will carry out the provisions of wildlife laws.

(2) In carrying out the provisions of subsection (1) of this section, the power of the commission includes, but is not limited to:

(a) Prescribing the amount of each wildlife species that may be taken and possessed in terms of sex, size and other physical characteristics.

(b) Prescribing such regular and special time periods and areas closed to the angling, taking, hunting and trapping of any wildlife species when the commission determines such action is necessary to protect the supply of such wildlife.

(c) Prescribing regular and special time periods and areas open to the angling, taking, hunting and trapping of any wildlife species, and establishing procedures for regulating the number of persons eligible to participate in such angling, taking, hunting or trapping, when the commission determines such action is necessary to maintain properly the supply of wildlife, alleviate damage to other resources, or to provide a safe and orderly recreational opportunity.

(3) Notwithstanding subsections (1) and (2) of this section, except as provided in ORS 498.146 (Shining artificial light on game mammal, predatory animal or livestock while in or near motor vehicle and while in possession of weapon restricted) or during those times and at those places prescribed by the commission for the hunting of elk, the commission shall not prescribe limitations on the times, places or amounts for the taking of predatory animals. As used in this subsection, predatory animal has the meaning for that term provided in ORS 610.002 (Predatory animals defined).

#### **497.308**

##### **Wildlife holding and habitat removal permits**

(1) No person shall remove from its natural habitat or acquire and hold in captivity any live wildlife in violation of the wildlife laws or of any rule promulgated pursuant thereto.

(2) The State Fish and Wildlife Commission may promulgate rules to carry out the provisions of subsection (1) of this section that include but are not limited to:

- (a) Providing for the issuance and form of permits for the holding or removal from habitat of wildlife.
  - (b) Prescribing the wildlife species for which holding or habitat removal permits are required.
  - (c) Prescribing the terms and conditions of holding wildlife and removing wildlife from habitat to insure the humane care and treatment of the wildlife.
- (3) No person to whom a wildlife holding or removal from habitat permit has been issued shall violate any of the terms or conditions thereof.

**498.002**

**Wildlife as state property: Taking, angling, hunting or trapping in violation of wildlife law or rules prohibited**

- (1) Wildlife is the property of the state. No person shall angle for, take, hunt, trap or possess, or assist another in angling for, taking, hunting, trapping or possessing any wildlife in violation of the wildlife laws or of any rule promulgated pursuant thereto.
- (2) No person shall angle for, take, hunt or trap, or assist another in angling for, taking, hunting or trapping any wildlife while intentionally violating ORS 164.245 (Criminal trespass in the second degree) to 164.270 (Closure of premises to motor-propelled vehicles) or 498.120 (Hunting on another's cultivated or enclosed land).

**498.006**

**Chasing or harassing wildlife prohibited**

Except as the State Fish and Wildlife Commission by rule may provide otherwise, no person shall chase, harass, molest, worry or disturb any wildlife except while engaged in lawfully angling for, taking, hunting or trapping such wildlife

**498.012**

**Taking wildlife causing damage, posing public health risk or that is public nuisance**

- (1) Nothing in the wildlife laws is intended to prevent any person from taking any wildlife that is causing damage, is a public nuisance or poses a public health risk on land that the person owns or lawfully occupies. However, no person shall take, pursuant to this subsection, at a time or under circumstances when such taking is prohibited by the State Fish and Wildlife Commission, any game mammal or game bird, fur-bearing mammal or nongame wildlife species, unless the person first obtains a permit for such taking from the commission.
- (2)(a) Nothing in subsection (1) of this section requires a permit for the taking of cougar, bobcat, red fox or bear pursuant to that subsection. However, any person who takes a cougar, bobcat, red fox or bear must have in possession written authority therefor from the landowner or lawful occupant of the land that complies with subsection (4) of this section.
- (b) Nothing in subsection (1) of this section requires the commission to issue a permit for the taking of any wildlife species for which a U. S. Fish and Wildlife Service permit is required pursuant to the Migratory Bird Treaty Act (16 U.S.C. 703 to 711), as amended.

(3) Any person who takes, pursuant to subsection (1) of this section, any cougar, bobcat, red fox, bear, game mammal, game bird, fur-bearing mammal or wildlife species whose survival the commission determines is endangered shall immediately report the taking to a person authorized to enforce the wildlife laws, and shall dispose of the wildlife in such manner as the commission directs. In determining procedures for disposal of bear and cougar, the commission shall direct the State Department of Fish and Wildlife to first offer the animal to the landowner incurring the damage.

(4) The written authority from the landowner or lawful occupant of the land required by subsection (2) of this section for the taking of cougar, bobcat, red fox or bear must set forth all of the following:

(a) The date of issuance of the authorization;

(b) The name, address, telephone number and signature of the person granting the authorization;

(c) The name, address and telephone number of the person to whom the authorization is granted;

(d) The wildlife damage control activities to be conducted, whether for bear, cougar, red fox or bobcat; and

(e) The expiration date of the authorization, which shall be not later than one year from the date of issuance of the authorization.

(5) Any regional office of the State Department of Fish and Wildlife ordering the disposal of an animal under subsection (3) of this section shall file a report with the State Fish and Wildlife Director within 30 days after the disposal. The report shall include but need not be limited to the loss incurred, the financial impact and the disposition of the animal. The director shall compile all reports received under this subsection on a bimonthly basis. The reports compiled by the director shall be available to the public upon request.

(6) ORS 498.014 (Taking of wolves by State Department of Fish and Wildlife to address chronic depredation) governs the taking of wolves that are causing damage.

(7) As used in this section:

(a) Damage means loss of or harm inflicted on land, livestock or agricultural or forest crops.

(b) Nongame wildlife has the meaning given that term in ORS 496.375 (Nongame wildlife defined).

(c) Public nuisance means loss of or harm inflicted on gardens, ornamental plants, ornamental trees, pets, vehicles, boats, structures or other personal property.

## **498.022**

### **Purchase, sale or exchange of wildlife prohibited**

Except as the State Fish and Wildlife Commission by rule may provide otherwise, no person shall purchase, sell or exchange, or offer to purchase, sell or exchange any wildlife, or any part thereof.

# OREGON ADMINISTRATIVE RULES

## DIVISION 110 OREGON WOLF CONSERVATION AND MANAGEMENT PLAN

### 635-110-0000

#### **Wolf Conservation Management Plan**

The document entitled "Oregon Wolf Conservation and Management Plan" dated October 2010 is incorporated here by reference as administrative rule. (This incorporation by reference includes the body of the Plan plus its Appendix A. Other appendices are excluded.) Copies may be obtained at the Salem headquarters office of the Oregon Department of Fish and Wildlife, 4034 Fairview Industrial Drive S.E., Salem, OR 97302. This document includes program direction, objectives and strategies to fulfill management, research, and habitat needs. It is also intended as an informational document to assist resource management agencies with their wildlife program. As of January 10, 2014, those portions of the plan which authorize harassment or take of wolves are pre-empted in a portion of Oregon by the endangered status of the gray wolf under the federal Endangered Species Act. In the portion of Oregon where federal protections are reduced to a level below that of Oregon law, this plan governs harassment and take of wolves in Oregon.

Stat. Auth.: ORS 496.012, 496.138, 496.146, 496.162 & 498.012

Stats. Implemented: ORS 496.171-496.192, 497.298, 497.308, 498.002, 498.006 & 498.012

### 635-110-0010

#### **Harassment and Take of Wolves during Phase I (Conservation)**

NOTE: As of January 10, 2014, these rules are pre-empted in a portion of Oregon by the endangered status of the gray wolf under the federal Endangered Species Act. In the portion of Oregon where federal protections are reduced to a level below that of Oregon law, these rules govern harassment and take of wolves in Oregon.

(1) This rule describes the types of harassment and take of wolves allowed by persons outside ODFW during Phase I — (Conservation: 0–4 breeding pairs) as called for in chapter III of the Oregon Wolf Conservation and Management Plan. Other chapters of the Plan authorize ODFW to take wolves for other specified wildlife management purposes. For OAR 635-110-0010, 635-110-0020 and 635-110-0030, “livestock” means ratites, horses, mules, jackasses, cattle, llamas, alpacas, sheep, goats, swine, domesticated fowl, any fur-bearing animal bred and maintained (commercially or otherwise) within pens, cages and hutches, bison and working dogs. “Working dogs” means guarding dogs and herding dogs.

(2) Non-injurious harassment.

(a) Subject to the conditions specified in paragraph (c), the following persons may use non-injurious harassment against wolves without a permit:

(A) Livestock producers (or their agents) on land they own or lawfully occupy; or

(B) Grazing permittees legally using public land under valid livestock grazing allotments.

(b) Non-injurious harassment means scaring off a wolf (or wolves) without doing bodily harm, and includes (but is not limited to) firing shots in the air, making loud noises or otherwise confronting the wolf (or wolves).

(c) Non-injurious harassment is allowed without a permit under this rule only if:

(A) The wolf (or wolves) is in the act of testing or chasing livestock, is attempting to test or chase livestock or is in close proximity of livestock;

(B) The person encounters the wolf (or wolves) unintentionally (i.e., the person is not stalking or searching for wolves);

(C) The harassment in fact does not result in injury to the wolf (or wolves); and

(D) The harassment is reported to ODFW within 48 hours.

(d) Any non-injurious harassment that does not meet each requirement of this rule requires a permit in advance from ODFW.

(3) Non-lethal injurious harassment.

(a) Subject to the conditions specified in paragraph (c), in addition to state or state authorized agents, the following persons may use non-lethal injurious harassment against wolves by permit:

(A) Livestock producers (or their agents) on land they own or lawfully occupy;

(B) Grazing permittees legally using public land under valid livestock grazing allotments.

(b) Non-lethal injurious harassment means scaring off a wolf (or wolves) without killing but with some injury to the wolf. Wolves may be pursued (unintentional encounters are not required).

(c) Non-lethal injurious harassment is allowed by permit from ODFW only if:

(A) ODFW confirms wolf depredation on livestock or other wolf-livestock conflict in the area.

“Other wolf-livestock conflict” means loitering near, testing, chasing, or otherwise disrupting livestock;

(B) The applicant confers with ODFW to determine the most effective harassment method;

(C) ODFW considers the location of known den sites;

(D) The harassment in fact does not result in the death of a wolf;

(E) No identified circumstance exists that attracts wolf/livestock conflict; and

(F) The harassment is reported to ODFW within 48 hours.

(d) Permits for non-lethal injurious harassment remain valid for the livestock grazing season in which issued, provided the livestock operator complies with all applicable laws, including permit conditions. The agency shall inform harassment permit holders of non-lethal methods for minimizing wolf-livestock conflict and provide assistance upon request. Receiving future lethal control permits is contingent upon documentation of efforts to use non-lethal methods.

(4) Relocation. ODFW will authorize relocation by state personnel when a wolf (or wolves) becomes inadvertently involved in a situation, or is present in an area, that could result in conflict with humans or harm to the wolf, provided that ODFW has no reason to believe that the wolf actually attacked or killed livestock or pets. The relocation will be designed to prevent conflict with humans or reduce the possibility of harm to the wolf. The wolf (or wolves) would be relocated to suitable habitat at the direction of ODFW.

(5) Lethal take of wolves in the act of biting, wounding, killing or chasing livestock or working dogs.

(a) A person, or an agent as described in paragraph (b), may lethally take a wolf on land the person owns or lawfully occupies only if:

(A) The wolf is caught in the act of

(a) Biting, wounding or killing livestock or working dogs; or

(b) Chasing livestock or working dogs, if the person has first undertaken nonlethal actions as specified in 8(b)(C) and 8(c) of this rule, and the taking occurs during a time period in which ODFW has determined a situation of chronic depredation exists; and

(B) No person has used bait or taken other intentional actions to attract wolves.

(b) A landowner or lawful occupant of land may authorize an agent to enter the land for the purpose of taking wolves pursuant to 5(a) on the landowner or occupant’s behalf. The authorization must be in writing, be carried by the agent when wolves are taken, and must include:

(A) The date of issuance of the authorization;

(B) The name, address, telephone number and signature of the person granting authorization;

(C) The name, address, and telephone number of the person to whom authorization is granted;

and

(D) The expiration date of the authorization, which may not be later than one year from the issuance date.

(c) Any person who takes a wolf pursuant to 5(a) and 5(b) of these rules must make all reasonable efforts to preserve the scene, not remove or disturb the wolf carcass, and report the take to ODFW within 24 hours.

(6) Lethal take to address chronic livestock depredation. ODFW may authorize its personnel or authorized agents to use lethal force on a wolf or wolves it reasonably believes are responsible for chronic depredation upon livestock where each of the conditions in subsections (7) through (10) of this rule is satisfied. ODFW shall limit lethal force to the wolf or wolves it deems necessary to address the chronic depredation situation

(7) Conditions for Lethal Take by ODFW. ODFW's discretionary authority for use of lethal force pursuant to this rule may be exercised if ODFW:

(a) Designates an Area of Known Wolf Activity, the boundary of which may be adjusted as new data or information become available;

(b) Upon the designation of an Area of Known Wolf Activity, coordinates in a timely manner with potentially affected livestock producers and other relevant interests to provide information on:

(A) The provisions of the Oregon Wolf Conservation & Management Plan and associated rules,

(B) The current state of knowledge of wolf behavior, management, and conservation,

(C) Procedures for documenting and reporting wolf activity to ODFW, including depredations upon livestock, and

(D) Non-lethal measures, incentives and available assistance aimed at minimizing conflicts between wolves and livestock or domestic animals in the area of known wolf activity;

(c) Confirms an incident of depredation of livestock by a wolf or wolves;

(d) Within 14 working days of ODFW's confirmation of the first incident of depredation in an area:

(A) Designates an Area of Depredating Wolves, the boundary of which may be adjusted as new data or information become available;

(B) Concurrent with the designation of an Area of Depredating Wolves, prepares and publicly discloses an area-specific wolf-livestock conflict deterrence plan in coordination with potentially affected landowners, livestock producers and other relevant interests. The plan shall identify appropriate non-lethal measures according to which measures are likely to be most effective in a given circumstance, including the nature of the livestock operations, habitat, and landscape conditions specific to the area, as well as particular times of the year or period of livestock production. The plan shall be based on information compiled by ODFW before and/or during the planning effort on potentially successful conflict deterrence techniques, scientific research, and available financial resources and/or partnerships that may aid in the successful implementation of the plan. ODFW may update an area-specific conflict deterrence plan as new data become available.

(e) Confirms a total of at least 4 qualifying incidents of depredation of livestock within the previous 6 months by the same wolf or wolves.

(f) Issues and makes publicly available, prior to the exercise of lethal force, a written determination by the ODFW Director or director's designee to use lethal force to address a specified situation of chronic depredation, along with supporting findings that:

(A) The conditions of Sections 7, 8, and 9 of this rule have been satisfied;

(B) Livestock producers in the Area of Depredating Wolves have worked to reduce wolf-livestock conflict and are in compliance with wolf protection laws and the conditions of any harassment or take permits.

(C) The situation of wolf depredation upon livestock in the Area of Depredating Wolves is likely to remain chronic despite the use of additional non-lethal conflict deterrence measures; and

(D) The wolf or wolves identified for removal are those ODFW believes to be associated with the qualifying depredations, the removal of which ODFW believes will decrease the risk of chronic depredation in the Area of Depredating Wolves.

(8) Qualifying Contingencies and Counting Incidents:

(a) An incident of depredation is a single event resulting in the injury or death of one or more lawfully present livestock that is reported to ODFW for investigation, and upon investigation by ODFW or its agent(s), ODFW confirms to have been caused by a wolf or group of wolves.

(b) A qualifying incident of depredation is a confirmed incident of depredation for the purposes of this rule if:

(A) The depredation is outside of an Area of Known Wolf Activity or Area of Depredating Wolves. Only the first confirmed depredation by a wolf or wolves may count as a qualifying depredation,

(B) In an Area of Known Wolf Activity, the landowner or lawful occupant of the land where the depredation occurred had:

(i) At least seven days prior to the incident of depredation, removed, treated or disposed of all intentionally placed or known and reasonably accessible unnatural attractants of potential wolf-livestock conflict, such as bone or carcass piles or disposal sites, and

(ii) Prior to and on the day of the incident of depredation, been using at least one measure ODFW deems most appropriate from non-lethal deterrence measures identified pursuant to section (7)(b)(D) to protect calving operations, nursing cattle, sheep operations, or other reasonably protectable situations, not including open range situations. Once a confirmed depredation has occurred in an Area of Known Wolf Activity and while ODFW is in the process of designating an Area of Depredating Wolves and creating an area-specific conflict deterrence plan, only one additional confirmed depredation in an area may count as a qualifying depredation under this subsection.

(C) In an Area of Depredating Wolves, the landowner or lawful occupant of the land where the depredation occurred had:

(i) Complied with subsection (B) of this section, and

(ii) Prior to and on the day of the incident of depredation was implementing at least one non-lethal measure identified in the area-specific conflict deterrence plan developed under subsection (7)(d)(B) that is specific to the location, type of livestock operation, time of the year, and/or period of livestock production associated with the depredation. The conflict deterrence plan measure implemented by a landowner or lawful occupant must address wolf-livestock conflict in open range situations when that situation exists.

(c) Human presence, when used as a non-lethal measure under this rule, is presence which could reasonably be expected to deter wolf-livestock conflict under the circumstances and, regardless of the temporal requirements of sections 7(b)(B) and (C) of this rule, may be considered an appropriate non-lethal measure if it:

(A) Occurs at a proximate time prior to and in an area proximate to a confirmed depredation as determined by ODFW, and

(B) Indicates a timely response to wolf location information in situations of potential wolf-livestock conflict.

(9) Transparency and Public Disclosure.

(a) Except as provided in section (c) below, prior to using lethal force to address chronic wolf depredation, and in a timely fashion, ODFW shall document and make publicly available on at least its website:

(A) The determinations and supporting findings referenced in section (7)(f) of this rule;

(B) Information including but not limited to summaries of confirmed incidents of depredation and associated depredation investigation reports, maps of areas of known wolf activity and areas of depredating wolves, including changes and amendments to those maps, and area specific conflict deterrence plans; and

(C) Documentation of measures implemented pursuant to Section 8 of this rule. In documenting the removal of unnatural attractants and implementation of conflict deterrence measures, the Department may rely upon documented personal observation and/or written statements by the owner or lawful occupant of the land where qualifying incidents of depredation have occurred that confirm the non-lethal deterrence measures being utilized prior to and at the time of the qualifying depredation.

(b) In any signed statements and other information publicly disclosed pursuant to this section, the Department shall redact from public disclosure the personal information of landowners, lawful occupants, or other relevant individuals consistent with the Oregon public records law, ORS Chapter 192.

(c) In the case where the conditions in Section 7(f) of this rule have been met but strict compliance with the public disclosure requirements of this section cannot be accomplished without a delay that impedes ODFW's ability to pursue an immediately available opportunity to remove the wolf or wolves it reasonably believes responsible for chronic depredation prior to another depredation event on livestock, this section is deemed satisfied if, prior to the use of lethal force, ODFW:

(A) Provides email or phone notification from the ODFW Director or designee to a list of interested stakeholders communicating the findings in Section 7(f) of this rule and the Department's intent to pursue immediate lethal action based on those findings,

(B) Has previously documented and disclosed, on at least the agency's website, the information referenced in subsections (a)(A)-(C) of this section with respect to all but the most recent qualifying depredation that resulted in ODFW's determination to pursue lethal action, and

(C) Provides the remaining information referenced in subsections (a)(A)-(C) of this rule in a timely manner with respect to the most recent qualifying incident that ODFW pursues with immediate lethal action.

(10) Duration of chronic depredation lethal take authority. Take authority issued pursuant to subsection (7) expires:

(a) When the wolf or wolves identified for lethal removal have been removed by ODFW or any other party.

(b) ODFW may reinstate its take authority if ODFW confirms one additional qualifying incident of depredation within two months after the last confirmed qualifying depredation by what it believes to be a member or members of the same wolf pack and non-lethal efforts specified in Section 8 have continued to be implemented by the owner or lawful occupant of land where the additional depredation occurs;

(c) 45 days after issuance of the take authority and determination referenced in Section 7(f), unless ODFW confirms, within that time period, another qualifying incident of depredation on livestock by what it believes to be the same wolf or wolves identified for lethal removal and non-lethal efforts specified in Section 8 have continued to be implemented by the owner or lawful occupant of land where the additional depredation occurs; or

(d) If ODFW determines the wolf or wolves identified for lethal removal have left the Area of Depredating Wolves. To support this determination, data must show more than just a short-term or seasonal movement outside the area's boundary.

(e) Except as allowed under subsections (b) and (c) of this Section, any subsequent authorization or reinstatement of take authority by the Department must comply with Sections 7 through 9 of this rule, and must be based upon at least one additional qualifying depredation.

(11) Lethal take in the case of extreme circumstances. Notwithstanding sections (7) and (8) of this rule, ODFW may authorize the use of lethal force in extreme circumstances.

(a) Extreme circumstances means:

(A) Four or more confirmed incidents of depredation of livestock by what ODFW reasonably believes to be the same wolf or wolves within seven days;

(B) ODFW determines, based on evidence it makes publicly available, that there were no intentionally placed or known and reasonably accessible unnatural attractants such as bone or carcass piles or disposal sites that contributed to the incidents of depredation, and that non-lethal measures are and will likely remain ineffective; and

(C) ODFW finds that depredation has rapidly escalated beyond the reasonable, available means of ODFW and affected livestock owners to stop additional livestock losses from occurring.

(b) A decision to utilize lethal force authority due to extreme circumstances shall be made by the ODFW director or director's designee, accompanied by the findings and determinations required in section 11(a) made publically available on ODFW's website, and exercised within 14 days of the determination to exercise lethal force authority under this section, or of the last confirmed depredation, whichever comes later.

Stat. Auth.: ORS 496.012, 496.138, 496.146 & 496.162

Stats. Implemented: ORS 496.171 - 496.192, 497.298, 497.308, 498.002, 498.006, 498.012 & 498.026

### **635-110-0020**

#### **Harassment and Take of Wolves During Phase II (Management)**

**NOTE:** as of January 10, 2014, these rules are pre-empted in a portion of Oregon by the endangered status of the gray wolf under the federal Endangered Species Act. In the portion of Oregon where federal protections are reduced to a level below that of Oregon law, these rules govern harassment and take of wolves in Oregon.

(1) This rule describes the types of harassment and take of wolves allowed by persons outside ODFW (or ODFW or Wildlife Services acting as their agent) during Phase II — (Management: 5-7 breeding pairs) as called for in chapter III of the Oregon Wolf Conservation and Management Plan. Other chapters of the Plan authorize ODFW to take wolves for other specified wildlife management purposes.

(2) Non-injurious harassment of wolves is allowed under the same conditions as in Phase I (OAR 635-110-0010(2)).

(3) Non-lethal injurious harassment.

(a) Non-lethal injurious harassment is allowed without a permit on private land by livestock producers or their agents on land they own or lawfully occupy. Livestock producers are encouraged to use non-injurious techniques first. There must be no identified circumstance that attracts wolf-livestock conflict, and the harassment must be reported to ODFW within 48 hours.

(b) Non-lethal injurious harassment is allowed by permit on public land by grazing permittees who are legally using public land under valid livestock grazing allotments and upon the following conditions:

(A) ODFW confirms wolf depredation on livestock or other wolf-livestock conflict in the area.

“Other wolf-livestock conflict” means loitering near, testing, chasing, or otherwise disrupting livestock;

(B) ODFW considers the location of known den sites;

(C) There is no identified circumstance at the site which attracts wolf/livestock conflict; and

(D) The harassment is reported to ODFW within 48 hours.

(c) As to non-lethal injurious harassment on either private or public land, pursuing wolves is allowed.

(4) Relocation of wolves will be considered under the same circumstances as in Phase I (OAR 635-110-0010(4)).

(5) Lethal take of wolves in the act of biting, wounding, killing or chasing livestock or working dogs.

(a) A person, or an agent as described in paragraph (b), may lethally take a wolf on land the person owns or lawfully occupies only if:

(A) The wolf is caught in the act of biting, wounding, killing or chasing livestock or working dogs; and

(B) No person has used bait or taken other intentional actions to attract wolves.

(b) A landowner or lawful occupant of land may authorize an agent to enter the land for the purpose of taking wolves pursuant to 5(a) on the landowner or occupant's behalf. The authorization must be in writing, be carried by the agent when wolves are taken, and must include:

- (A) The date of issuance of the authorization;
- (B) The name, address, telephone number and signature of the person granting authorization;
- (C) The name, address, and telephone number of the person to whom authorization is granted;

and

(D) The expiration date of the authorization, which may not be later than one year from the issuance date.

(c) Any person who takes a wolf pursuant to 5(a) of these rules must make all reasonable efforts to preserve the scene, not remove or disturb the wolf carcass, and report the take to ODFW within 24 hours.

(6) Lethal take to deal with chronic depredation.

(a) ODFW may authorize its personnel, authorized agents, or Wildlife Services, to use lethal force on wolves at a property owner or permittee's request if:

(A) ODFW confirms either:

(i) Two confirmed depredations by wolves on livestock in the area; or

(ii) One confirmed depredation followed by three attempted depredations (testing or stalking) in the area;

(B) The requester documents unsuccessful attempts to solve the situation through non-lethal means;

(C) No identified circumstance exists that attracts wolf-livestock conflict; and

(D) The requester has complied with applicable laws and the conditions of any harassment or take permit.

(b) Subject to the conditions specified in paragraph (c) and with a limited duration permit from ODFW, the following persons may use lethal force to deal with chronic depredation:

(A) Livestock producers (or their agents) on land they own or lawfully occupy; or

(B) Grazing permittees legally using public land.

(c) ODFW will issue a permit to use lethal force to deal with chronic depredation only if:

(A) ODFW confirms that the area has had at least two depredations by wolves on livestock;

(B) ODFW determines that wolves are routinely present on that property and present a significant risk to livestock;

(C) There is no identified circumstance at the site which attracts wolf/livestock conflict;

(D) The applicant is in compliance with applicable laws and the terms of any previous wolf permit;

(E) The applicant documents use of non-lethal methods; and

(F) Any wolf taken is considered property of the state and reported to ODFW within 48 hours.

(7) "Identified circumstance" means a condition which:

(a) ODFW determines, based upon its investigation of the situation, attracts wolves and fosters conflict between wolves and livestock; and

(b) ODFW advises the landowner, livestock producer or grazing permittee to remedy; but

(c) The landowner, livestock producer or grazing permittee fails to remedy.

(8) "In the area" means where ODFW has determined the presence of the depredating wolves.

Stat. Auth.: ORS 496.012, 496.138, 496.146 & 496.162

Stats. Implemented: ORS 496.171 - 496.192, 497.298, 497.308, 498.002, 498.006, 498.012 & 498.026

### **635-110-0030**

#### **Harassment and Take of Wolves during Phase III**

NOTE: as of January 10, 2014, these rules are pre-empted in a portion of Oregon by the endangered status of the gray wolf under the federal Endangered Species Act. In the portion of Oregon where federal protections are reduced to a level below that of Oregon law, these rules govern harassment and take of wolves in Oregon.

(1) This rule describes the types of harassment and take of wolves allowed by persons outside ODFW (or ODFW or Wildlife Services acting as their agent) during Phase III (more than 7 packs) as

called for in chapter III of the Oregon Wolf Conservation and Management Plan. Other chapters of the Plan authorize ODFW to take wolves for other specified wildlife management purposes.

(2) Non-injurious harassment of wolves is allowed under the same conditions as in Phase I (OAR 635-110-0010(2)).

(3) Non-lethal injurious harassment is allowed under the same conditions as in Phase II (OAR 635-110-0020(3)), except that wolf depredation on livestock or other wolf-livestock conflict may be confirmed by either ODFW or Wildlife Services.

(4) Relocation of wolves will be considered under the same circumstances as in Phase I (OAR 635-110-0010(4)).

(5) Lethal take of wolves in the act of attacking livestock is allowed under the same conditions as for Phase II (OAR 635-110-0020(5)), except that wolf depredation on livestock may be confirmed by either ODFW or Wildlife Services.

(6) Lethal take of wolves to deal with chronic depredation is allowed under the same conditions as for Phase II (OAR 635-110-0020(6)), except that wolf depredation on livestock may be confirmed by either ODFW or Wildlife Services.

(7) The Commission will authorize controlled take of wolves by special permit in specific areas where necessary to address chronic wolf-livestock conflicts or ungulate population declines. "Chronic" means two livestock depredations have been confirmed by ODFW or Wildlife Services, or one depredation followed by three attempted depredations (testing or stalking). The Commission may also choose to authorize such controlled take on private lands where the landowner is willing to provide access.

#### **Incidental Take of Wolves**

Any person may apply for a permit to authorize take of a gray wolf (or wolves) incidental to an otherwise lawful activity, as per OAR 635-100-0170. However, ORS 496.172(4) prohibits the Commission from issuing an incidental take permit for a species that is federally listed.

Statutes implemented: ORS 496.171-.496.192, 497.298, 497.308, 498.002, 498.006, 498.012, 498.026

## **DIVISION 002**

### **DISPOSAL OF WILDLIFE AND EQUIPMENT SEIZED OR OTHERWISE ACQUIRED**

#### **635-002-0012**

##### **Disposal of Wildlife or Wildlife Parts**

Any wildlife or parts of wildlife acquired and not otherwise specifically directed elsewhere in this Division shall be disposed of as follows: Pelts or hides of furbearing and game mammals shall be disposed of in a manner determined by the Department including use for scientific, enforcement or educational purposes. Pelts or hides may be sold.

**DIVISION 044  
HOLDING, PROPAGATING, REHABILITATING,  
AND PROTECTED WILDLIFE**

**635-044-0051**

**Holding Pure-Bred Gray Wolf or Wolves in Captivity**

This rule governs the holding in captivity of pure-bred wolves in Oregon, with the objective of protecting the public's native wildlife.

(1) The only persons who may hold pure-bred wolves in captivity are those who, as of December 31, 2009, held a gray wolf or wolves in captivity under previous Oregon Department of Agriculture, Class I Exotic Canine, Exotic Animal Division 603 Rules or held a valid license or registration from the U.S. Department of Agriculture, under the federal Animal Welfare Act of 1970. These persons may hold only gray wolves, and only if they obtain authority under the requirements of paragraphs (4) or (5) of this rule.

(2) Beyond the persons described in paragraph (1), the Department will not issue any new permits to hold a pure-bred wolf in captivity.

(3) For the purpose of this rule, a wolf is considered "pure-bred" so long as it does not include any hybrid cross with a domestic dog or other canine. The Department will determine pure-bred status based on written documentation that may include breeding records, records of acquisition and disposition transactions and sworn statements.

(4) To maintain the authority to hold pure-bred gray wolves in captivity, a person described in paragraph (1) must:

(a) No later than 30 days before the expiration date printed on the permit issued by either the Department or the Department of Agriculture which authorized the person to keep one or more wolves in captivity:

(A) Apply to the Department for a captive wolf holding permit, using a form provided by the Department. Such permits will have a term of two years and may include, but are not limited to, conditions designed to protect native wildlife and human safety;

(B) Pay the Department a fee of \$100 (plus a \$2.00 license agent fee);

(C) Demonstrate to the Department that the person's wolf holding facility meets the minimum special requirement standards for Class I Exotic Canines under the Oregon Department of Agriculture rules (OAR 603-011-0725) in effect as of April 1, 2010; and

(D) Certify to the Department that the person's wolf handling facility complies with any applicable city or county ordinances and any applicable federal laws.

(b) Obtain written authorization from the Department before transferring a pure-bred gray wolf to another facility or releasing any pure-bred gray wolf into the wild;

(c) Not import, export, purchase, sell or exchange any pure-bred gray wolf; and

(d) Comply with the terms of any permit issued by the Department.

(5) Notwithstanding subparagraph (4)(a) above, a person who qualifies to hold a pure-bred gray wolf under paragraph (1) through possessing an exhibitor permit from the U.S. Department of Agriculture does not need to obtain a wolf holding permit from the Department so long as the person maintains the person's federal permit. However, the person must still comply with the requirements of subparagraphs (4)(b) and (c).

(6) The Department may revoke a wolf holding permit if the Department determines that the person has violated these rules or the terms of the permit. If the Department proposes to revoke a person's wolf holding permit, the person may request a contested case hearing within 14 days of notice of the proposal.

**Disguising Sex, Waste, and Sale**

It is *unlawful*:

- (1) To disguise the sex or kind of any wildlife while in the field or in transit from the field.
- (2) To waste any game mammal or parts thereof, except that the meat of cougar is considered inedible and need not be salvaged. The hide of a cougar must be sealed and retained.
- (3) To sell or offer for sale, barter, or exchange, any game mammals or parts thereof except deer, elk, and antelope hides, and shed or legally taken cervid antlers used for handcrafted items and cervid antlers which have been handcrafted as described in OAR 635-200-0050.

**635-065-0760**

**Other Restrictions**

It is unlawful:

- (1) To take or hold in captivity the young of any game mammal.
- (2) To hold in captivity any wildlife of this state for which a permit is required without first securing a permit.
- (3) To release without a permit any wildlife brought from another state or country, or raised in captivity in this state.
- (7) To take or attempt to take any game mammals, game birds, migratory waterfowl or any protected wildlife species of any size or sex or amount, by any method or weapon, during any time or in any area not prescribed in these rules.
