# Options for Commercial Fishery Permit Board Member Appointments

- 1. Approve all nominations as recommended by staff in Option 1, with the exception of the Columbia River Gillnet fishery and the Sea Urchin / Cucumber fishery. For these two fisheries there were more nominees than board positions available. The staff recommendation for the Columbia River Gillnet fishery is to appoint Roger Jolma, Tim Heuker and William Gunderson. While all the nominees were qualified, this recommendation is based on their high level of involvement in the fishery. The staff recommendation for the Sea Urchin / Cucumber fishery is to appoint Mark Gmeiner, Tim Foley and Zach Fields. While all the nominees were qualified, this appointment would provide some geographical diversity for the fishery.
- 2. Approve some of the nominations and appoint selected members.
- 3. Approve none of the nominations.
