

Oregon Fish and Wildlife Commission

Meeting:
Friday, August 2, 2019 – 8:00 AM
Oregon Dept. of Fish and Wildlife
Commission Room
4034 Fairview Industrial DR SE
Salem, OR 973021

6
7
8
9 *Commission minutes are considered draft until approved by the Commission.*

10
11 Notice of these meetings had been made by press release of statewide media circulation.
12 Those attending part or all of the meeting included:

13
Mike Finley, Chairman
Bruce Buckmaster, Commissioner
Mary Wahl, Commissioner
Bob Spelbrink, Commissioner
Mark Labhart, Commissioner

Curt Melcher, Director
Shannon Hurn, Deputy Director
Erica Kleiner, Deputy Director
Mark Vargas, Interim Deputy Director
Bruce Eddy, East Region Manager
Bernadette Graham-Hudson, West Region Manager
Erin Donald, Assistant Attorney General
Anika Marriott, Assistant Attorney General
Michelle Tate, Executive Assistant
Doug Cottam, Wildlife Division Administrator
Ed Bowles, Fish Division Administrator
Casey Thomas , Captain Oregon State Police

14 **MEETING**

15 On Friday, **August 2, 2019 at 8:00 AM, Chair Mike Finley called the Oregon Fish and**
16 **Wildlife Commission** (the Commission) meeting to order.

17
18 Commissioner Jim Bittle is excused for other business
19 Commissioner Greg Wolley is excused for personal business

20
21 **DIRECTOR'S REPORT**

22 Field Reports – in written form only; *this report is available in the meeting materials and at*
23 [https://www.dfw.state.or.us/agency/commission/minutes/19/08_Aug/August%20%20Field](https://www.dfw.state.or.us/agency/commission/minutes/19/08_Aug/August%20%20Field%20Report.pdf)
24 [%20Report.pdf](https://www.dfw.state.or.us/agency/commission/minutes/19/08_Aug/August%20%20Field%20Report.pdf)

25
26 Expenditure Report

27 Staff: Erica Kleiner, Deputy Director for Administration

28
29 Revenues came in at an expected pace over the course of the biennium. Moving ahead,
30 Federal revenues will continue to lean towards flat funding or reductions. Other Funds
31 spending came in slightly below projections over the course of the biennium. The numbers
32 on the financial report are not final. Additional 2017-19 expenditures will be booked through
33 the second week in August. Expenditures could increase by around 5%. Even with
34 additional expenses, we expect our spending to land within our budgeted limitations.

19

20 21 **PUBLIC FORUM**

22 Note: This part of the agenda is for comments on topics not scheduled elsewhere on the
23 agenda. Please contact the Oregon Department of Fish and Wildlife Office of the Director at
24 least **48** hours prior to the meeting to be included in the public forum. If you bring written
25 summaries or other materials to the meeting please provide the Commission Assistant with
26 20 copies prior to your testimony. The Commission is unable to take action on items brought
27 to their attention in this forum.
28

29 *Partnering for Wildlife in Oregon Department of Fish & Wildlife - provided written*
30 *testimony*

31 *Dave Wiley, Rocky Mountain Elk Foundation*

32 *Bill Richardson, Rocky Mountain Elk Foundation*
33

34 *Columbia River Fisheries Reform - provided written testimony*

35 *Jim Wells, President; Salmon for All*
36

37 *Columbia and Snake River Fish Conservation Issues - provided written testimony*

38 *David Moskowitz, the Conservation Angler*
39

40 *Review of Proposed 2020 Traditional Archery Seasons - provided written testimony*

41 *Carson Brown, Board of Director's; Traditional Archers*
42

43 *This testimony is available in the meeting materials and at*

44 https://www.dfw.state.or.us/agency/commission/minutes/19/08_Aug/index.asp
45

1
2 **ADOPT TEMPORARY RULE**

3 Curt Melcher, Director

4
5 **1.) 635-060-0009**

6 **Successful Applicants**

7 Adopted: June 19, 2019 - Effective Dates: June 19, 2019 through June 30, 2019

8
9 A temporary rule is needed to modify 635-060-0009 (2) to extend the date identifying when
10 Controlled Hunt Tags will be available to purchase. Due to un-controllable computer issues
11 and outcome verification processes, the June 2019 Controlled Hunt Draw has been delayed.
12 Because of the unknown outcome at this time, the ability to purchase controlled hunt tags
13 based on the draw had to be extended to allow for the possibility tags could not be
14 purchased beginning June 20th.

15
16 **2.) 635-043-175**

17 **Roadkill Salvage Permit**

18 Adopted: June 21, 2019– Effective Dates: 6-21-19 through December 17, 2019

19
20 A temporary rule is needed to modify OAR 635-043-0175 to address the salvage of road
21 struck deer and elk in circumstances when enforcement personnel respond to accidental
22 vehicle collisions and dispatch the animal under their wildlife law authority. Statutory
23 language from the 2017 Legislature precludes anyone who humanely euthanizes (under
24 ORS 498.016) the road struck deer or elk, except the driver of the vehicle, from obtaining a
25 salvage permit. In several recent circumstances, enforcement staff from local law
26 enforcement, Oregon State Police, or Department have dispatched an animal after
27 accidental vehicle collision and a secondary vehicle/person has wanted to obtain a Roadkill
28 Salvage permit for the animal. Temporary rule will clarify the authority for persons with
29 authority to enforce the wildlife laws to dispatch the roads truck animal, and the opportunity
30 for the Department to issue salvage permit in these situations to general public until a
31 permanent rule amendment process can be completed. Immediate rulemaking action is
32 necessary to avoid waste of wildlife consistent with the public policy of ORS 498.042 and to
33 make use of a readily available and valuable food source.

34
35 **3.) 635-060-0000**

36 **Purpose and General Information and**

37 **635-060-0008**

38 **Application Deadline Dates**

39 Adopted: June 28, 2019 – Effective Dates: June 28, 2019 through December 24, 2019

40
41 A Temporary rule is needed to modify 635-060-0000 to change the date when Leftover
42 Controlled Hunt Tags will be available to purchase. Due to implementation of a new online
43 system, user testing, outcome verification processes, and the capability of informing the
44 public of the new online only process must be completed which has delayed the sales of
45 leftover tags. Because of the unknown outcome at this time, the ability to purchase Leftover
46 Controlled Hunt Tags had to be extended to allow for the possibility tags could not be

1 purchased beginning July 1st. Failure to change the date would result in a lack of availability
2 to purchase tags, which have been authorized by Commission for public hunter use.

3
4 A Temporary rule is needed to modify 635-060-0008 (4) to authorize the online sales of
5 Leftover Controlled Hunt Tags through the new Electronic Licensing system, which has
6 replaced the Point of Sale Licensing system which sold leftover tags through License
7 Agents. Failure to act promptly will result in serious prejudice to the public interest because
8 the tags would be otherwise unavailable.

9
10 **4.) 635-053-0005**

11 **Sage Grouse**

12 Adopted: July 25, 2019 – Effective Dates: July 25, 2019 through January 20, 2020

13
14 Oregon's sage-grouse population is conservatively managed to harvest no more than 5% of
15 the projected fall population in as many as 12 of 21 Wildlife Management Units where they
16 are known to occur. The Oregon Fish and Wildlife Commission during their April 19, 2019
17 meeting adopted the dates of the nine-day sage-grouse hunting season and the season bag
18 limit of two birds per hunter, but the maximum number of permits allowed per Wildlife
19 Management Unit is dependent on the completion of biological surveys to estimate fall
20 populations. Spring breeding population surveys are not completed until mid-May and
21 require additional time for data entry and analysis. Failure to adopt this temporary rule will
22 result in serious prejudice to the public interest and parties concerned because there would
23 be no sage-grouse hunting opportunities for upland game bird hunters due to lack of time to
24 undertake permanent rule making before completion of the controlled draw with appropriate
25 tag numbers and the start of the season. The sage-grouse hunting season is fully supported
26 by the biological data, is in alignment with Department mission and would deprive
27 Department biologists from acquiring important biological information from the wings of
28 harvested birds useful for the management of sage-grouse populations.

29
30 **5.) 635-014-0090**

31 **Trask River Angling Regulations Modified Effective June 13, 2019**

32 Adopted June 6, 2019: effective June 10, through July 15, 2019.

33
34 The 2019 run of spring Chinook salmon to the Tillamook Bay basin and Trask River is
35 reduced over recent years and appears even worse than the poor return in 2018. Angling
36 success has been poor, and all signs point to a low return of spring Chinook to the basin.
37 This regulation modification will close the Trask River in the vicinity of Trask Hatchery (200
38 feet upstream and 900 feet downstream of Gold Creek- "hatchery hole") to angling earlier
39 than scheduled. This action is necessary to protect hatchery spring Chinook broodstock that
40 hold in the river adjacent to the hatchery over the summer prior to being collected for
41 spawning. In addition to low numbers of fish present so far, river flows are very low and with
42 hot summer weather approaching, these conditions could lead to higher than average pre-
43 spawning mortality, further jeopardizing our ability to collect sufficient broodstock for
44 hatchery production.

1
2 **6.) 635-023-0128**

3 **Columbia River Recreational Summer Seasons Established**

4 Adopted June 10, 2019: effective June 16, through July 31, 2019.
5

6 This amended rule establishes retention periods for hatchery steelhead in mainstem
7 Columbia River summer recreational fisheries that begin June 16, 2019.
8

9 **7.) 635-023-0130**

10 **2019 Columbia River Fall Recreational Salmon Seasons Set**

11 Adopted June 10, 2019: effective August 1, through December 31, 2019.
12

13 This amended rule sets the 2019 fall recreational salmon season regulations for the
14 mainstem Columbia River, effective August 1, 2019. Modifications were based on *2019*
15 *Non-Treaty Columbia River Summer/Fall Fishery Plan (6/7/19)* that was developed following
16 the Pacific Fisheries Management Council (PFMC) and North of Falcon (NOF) meetings.
17 Fall fisheries in 2019 are structured to optimize the harvest of Chinook, coho and steelhead
18 within Endangered Species Act (ESA) limits and to provide a balanced opportunity for the
19 fishers.
20

21 **8.) 635-041-0045, 635-041-0076**

22 **Treaty Indian Commercial Summer Salmon Fisheries Set**

23 Adopted June 12, 2019: effective June 24, through July 31, 2019.
24

25 These amended rules authorize the sales of fish caught in Treaty Indian commercial
26 summer salmon gillnet and/or platform hook-and-line fisheries in Zone 6 both above and
27 below Bonneville Dam in the Columbia River beginning 6:00 a.m. Monday, June 24, 2019.
28 Sales of fish caught in Yakima Nation tributary fisheries are also authorized. Modifications
29 are consistent with action taken June 12, 2019 by the Departments of Fish and Wildlife for
30 the States of Oregon and Washington in cooperation with the Columbia River Treaty Tribes
31 at a meeting of the Columbia River Compact.
32

33 **9.) 635-005-0387**

34 **Netarts Bay Commercial Cackle Fishery Closes**

35 Adopted June 14, 2019: effective June 20, through December 31, 2019.
36

37 Amended rule closes the Netarts Bay commercial cackle dive fishery at 12:01 a.m. June 20,
38 2019 due to a projected attainment of the 22,000 pound annual harvest quota allowed under
39 bay clam catch limits. Modifications are consistent with requirements described in OAR
40 635-005-0355.
41

1 **10.) 635-014-0090**

2 **Nehalem River Basin Bag Limit Modifications Effective July 1, 2019**

3 Adopted June 20, 2019: effective July 1, through September 15, 2019.

4
5 This rule reduces the seasonal bag limit for adult wild Chinook salmon in the Nehalem River
6 Basin from the permanent rule of one per day and five for the period of April 1 through
7 September 15, 2019 and to one adult wild Chinook salmon for the period of July 1 through
8 September 15, 2019.

9
10 **11.) 635-039-0085**

11 **Sport Pacific Halibut All-Depth Season from Leadbetter Point, WA to Cape Falcon, OR**
12 **Reopens**

13 Adopted June 24, 2019: effective June 28, through September 30, 2019.

14
15 This amended rule re-opens the all-depth fishery for one additional day, Friday, June 28,
16 2019. This is to allow for further opportunity to harvest the quotas. The rule is consistent
17 with regulations previously implemented by the Federal Government and the International
18 Pacific Halibut Commission for the 2019 Oregon sport fishery for Pacific halibut.

19
20 **12.) 635-018-0090, 635-019-0090**

21 **Bag Limit Modifications to Steelhead Fisheries in the Deschutes and John Day Rivers**

22 Adopted June 25, 2019: effective June 25, through December 31, 2019.

23
24 The modified rules close steelhead retention for two months each in lower portions of the
25 Deschutes (Aug-Sept) and John Day (Sept-Oct) rivers, as well as reducing the daily bag
26 limit for hatchery steelhead to one fish throughout the remainder of the summer and fall in
27 each tributary.

28
29 **13.) 635-004-0355**

30 **Commercial Nearshore Fishery In-season Trip Limit Adjustments for Periods 4-6**

31 Adopted June 25, 2019: effective July 5, through December 31, 2019.

32
33 This amended rule implements in-season trip limit adjustments for the State Commercial
34 Nearshore fishery for Periods 4-6. Black Rockfish will be increased 600 pounds for all
35 remaining periods; from 1,800 pounds to 2,400 pounds for period 4 and from 1,500 pounds
36 to 2,100 pounds for periods 5 & 6. Other Nearshore Rockfish will be increased from 450
37 pounds to 600 pounds for periods 4-6.

38
39 **14.) 635-005-0290, 635-005-0355**

40 **Yaquina Bay Commercial Gaper Clam Fishery Harvest Cap Set**

41 Adopted June 27, 2019: effective July 1, through December 28, 2019.

42
43 Amended rule establishes a 20,000 pound annual harvest quota and designates a harvest
44 area.

1 **15.) 635-041-0076**

2 **Treaty Indian Commercial Summer Salmon Fisheries Modified**

3 Adopted June 27, 2019: effective July 1, through July 31, 2019.

4
5 This amended rule modifies the sales of fish caught in Treaty Indian commercial summer
6 salmon gillnet fisheries in Zone 6 of the Columbia River. Modifications are consistent with
7 action taken June 27, 2019 by the Departments of Fish and Wildlife for the States of Oregon
8 and Washington in cooperation with the Columbia River Treaty Tribes at a meeting of the
9 Columbia River Compact.

10
11 **16.) 635-013-0004, 635-014-0090**

12 **Modification to wild adult Chinook Salmon catch limits outside the mouth of the**
13 **Nehalem River.**

14 Adopted June 28, 2019: effective July 1, through September 15, 2019.

15
16 This rule extends daily and season bag limit restrictions for wild adult Chinook salmon from
17 the Nehalem River Basin to the ocean area inside of a seaward rectangle, approximately 0.4
18 miles south and 0.7 miles north of the center of the channel and 0.5 miles seaward from the
19 mouth of the Nehalem River. This regulation will be in place for the remainder of the 2019
20 Ocean Salmon sport fishing season, which ends October 31, 2019. All other regulations for
21 the marine zone remain unchanged.

22
23 **17.) 635-005-0485, 635-005-0490**

24 **Rescind Allowance to Leave Commercial Dungeness Crab Gear in Pacific Ocean After**
25 **Season End**

26 Adopted July 3, 2019: effective July 3, through August 31, 2019.

27
28 These amended rules rescind the allowance for un-baited commercial Dungeness crab gear
29 with open release mechanisms to be left in the Pacific Ocean for up to 14 days after the end
30 of the season (August 14) and increases the amount of derelict gear that may be retrieved
31 from 50 pieces to unlimited for August 15 through August 29. Therefore, all commercial
32 Dungeness crab gear must be removed from the Pacific Ocean by 12:01 AM on August 15,
33 2019, and an unlimited amount of derelict gear may be retrieved thereafter until October 31.

34
35 **18.) 635-013-0004, 635-014-0090, 635-016-0090**

36 **Bag Limits, Season Dates and Fishing Areas Set for Fall Salmon Fisheries**

37 Adopted July 10, 2019: effective August 1, through December 31, 2019.

38
39 These rules set the fisheries for adult wild Chinook salmon for the period of August 1
40 through December 31, 2019. This action is consistent with management provisions
41 specified in Oregon Dept of Fish & Wildlife's (ODFWs) Coastal Multi-Species Conservation
42 and Management Plan (CMP) and the Rogue Fall Chinook Conservation Plan for adult wild
43 fall-run Chinook salmon fisheries.

1 **19.) 635-005-0355**

2 **Tillamook Bay Commercial Gaper Clam Dive Fishery Closes**

3 Adopted July 11, 2019: effective July 14, through December 31, 2019.

4
5 Amended rule closes the Tillamook Bay commercial gaper clam dive fishery at 12:01 a.m.
6 July 14, 2019 due to a projected attainment of the 235,000 pound annual harvest quota
7 allowed under bay clam catch limits. Modifications are consistent with requirements
8 described in OAR 635-005-0355.

9
10 **20.) 635-004-0275**

11 **Federal Actions Implemented for Commercial and Recreational Groundfish Fisheries**

12 Adopted January 18, 2019: effective July 18, through December 31, 2019.

13
14 *This rule has been extended due to Federal Report not available at time of original*
15 *temporary rule expiring.* This amended rule adopts two separate actions previously adopted
16 by the federal government for Pacific Coast commercial and recreational groundfish
17 fisheries, including but not limited to 1) modifications to rules governing configurations and
18 use of groundfish trawl gear and 2) corrections to 2019-2020 groundfish harvest
19 specifications.

20
21 **21.) 635-041-0063, 635-041-0076**

22 **2019 Treaty Indian Commercial Sturgeon Fishery Set for the John Day Pool**

23 Adopted July 25, 2019: effective July 26, through August 17, 2019.

24
25 This amended rule sets a Treaty Indian commercial setline fishery in the John Day Pool and
26 allows retention and sturgeon sales from the John Day Pool Platform, Hook and Line fishery
27 beginning Friday July 26, 2019. Modifications are consistent with action taken July 25, 2019
28 by the Oregon and Washington Departments of Fish and Wildlife, in cooperation with the
29 Columbia River Treaty Tribes, at a meeting of the Columbia River Compact.

30
31 **22.) 635-041-0045, 635-041-0075**

32 **Sales from Columbia River Treaty Indian Fall Commercial Fisheries Authorized**

33 Adopted July 30, 2019: effective August 1 through December 31, 2019.

34
35 These amended rules authorize the sales of fish caught in fall Treaty and Yakama Nation
36 commercial fisheries set for the Columbia River and Washington tributaries effective
37 12:01 a.m. August 1, 2019. Modifications are consistent with action taken July 30, 2019 by
38 the Departments of Fish & Wildlife for the States of Oregon and Washington in cooperation
39 with the Columbia River Treaty Tribes at a meeting of the Columbia River Compact.

40
41 **23.) 635-016-0090**

42 **Fishing Period Restrictions Set in the North Umpqua River of the Southwest Zone.**

43 Adopted July 31, 2019: effective August 1 through December 31, 2019.

44
45 This amended rule will set a restricted daily time limit on fishing in the “fly-only” section of
46 the North Umpqua River. Beginning August 1, 2019, all fishing will need to cease from 2:00
47 p.m. to one hour before sunrise.

1 Director Melcher noted the use of the word “seize” in Temporary Rule 23 was incorrect, the
2 word is meant to be “cease”.

3
4 Action:

5 Commissioner Buckmaster moved to ratify the twenty three (23) temporary rule set forth in
6 the today’s tan agenda. Commissioner Labhart seconded the motion, and the motion was
7 carried five (5) in favor.

8
9 **Exhibit A: COMMISSION MINUTES**

10 Action:

11 Commissioner Buckmaster moved to approve the June 6 and 7, 2019 meeting
12 minutes with continued authority to correct grammar and punctuation. Commissioner
13 Spelbrink seconded the motion and the motion was carried (5) in favor.

14 **EXHIBIT B: PREFERENCE POINT RESET FOR RESIDENT DISABLED VETERANS**
15 **LICENSE HOLDERS**

16 The Commission amended Modified Preference Point System rules to give an
17 additional point to Resident Disabled Veterans license holders who are at least 65
18 years of age, in the same process as Resident Pioneer License holders.

19 Staff: Kevin Blakely, Deputy Wildlife Division Administrator

20
21 Kevin provided the Commission with a presentation on the Modified Preference Point
22 System. The presentation included information on the Preference Point System Related to
23 Pioneer License Holders; Senate Bill 593 (2019 session); and Staff Recommendation

24

EXHIBIT C: RESTORATION AND ENHANCEMENT PROJECT APPROVALS, MEMBER APPOINTMENT AND STEP ANNUAL REPORT

The Commission will be asked to approve Restoration & Enhancement (R&E) Board recommendations from May 10, 2019 meeting (cycle 19-2); Appoint Sport and Commercial Representatives to R&E Board; and will be provided a presentation on 2017-18 STEP Annual Report.

1 Staff: Kevin Herkamp, STEP/R&E Coordinator;
2 Tom VanderPlaat, STAC Member

3
4 Kevin provided the Commission with a presentation on R&E Board
5 Appointments; Cycle 2 Project Approvals; and STEP Legislative
6 Report.

7
