---

**An MOU with the Grand Ronde Tribe for harvest of shellfish by tribal members in the Trask Unit and the ocean adjacent to the unit including Tillamook Bay.**

I express my displeasure with this, I do not agree, it should not should be approved I ask the board they do not consider this for further discussion. As a sportsman please do not approve this as I feel it would take away from the sport fishery harvest rates will not be sustainable if the tribes are allowed to use commercial qoutas.
