

Oregon Conservation Strategy Revision

Emily VanWyk
Acting Conservation Strategy Coordinator

Carolyn Eckrich
Strategy Revision Coordinator

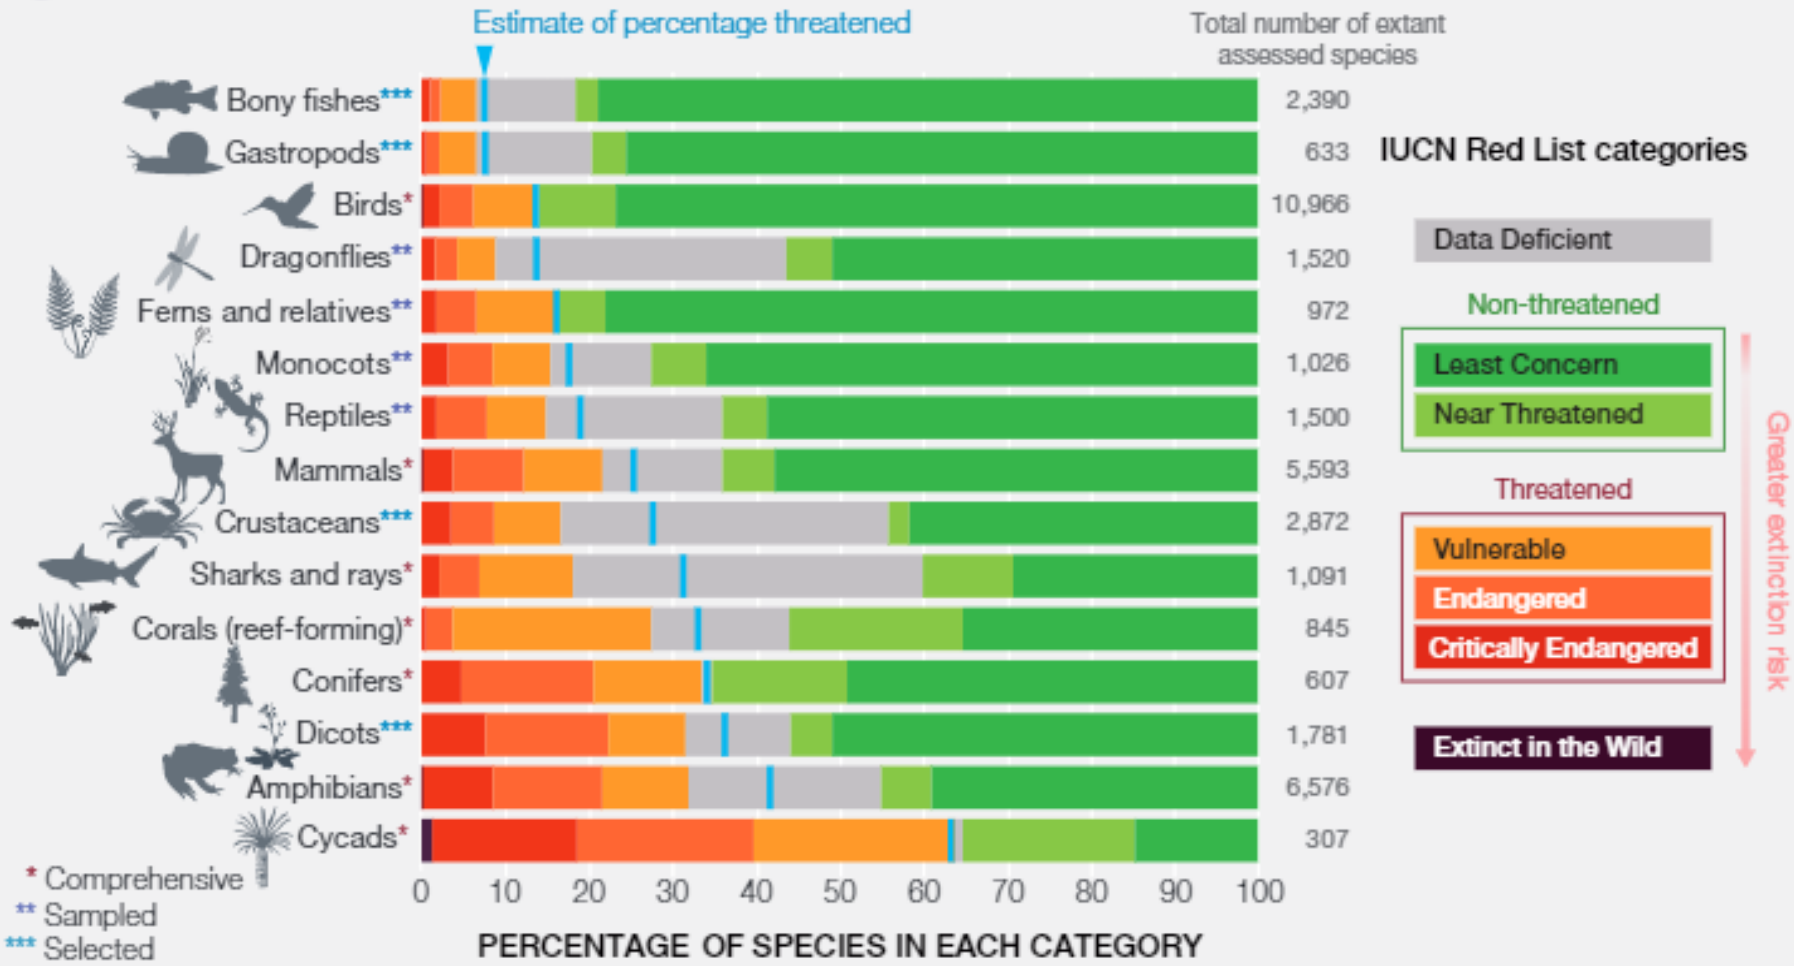

Presentation Overview

- Declines in diversity
- Oregon Conservation Strategy
- Revision planning
 - Goals of the revision
 - Opportunities for engagement
 - Timeline

Global Decline in Wildlife Diversity

A Current global extinction risk in different species groups

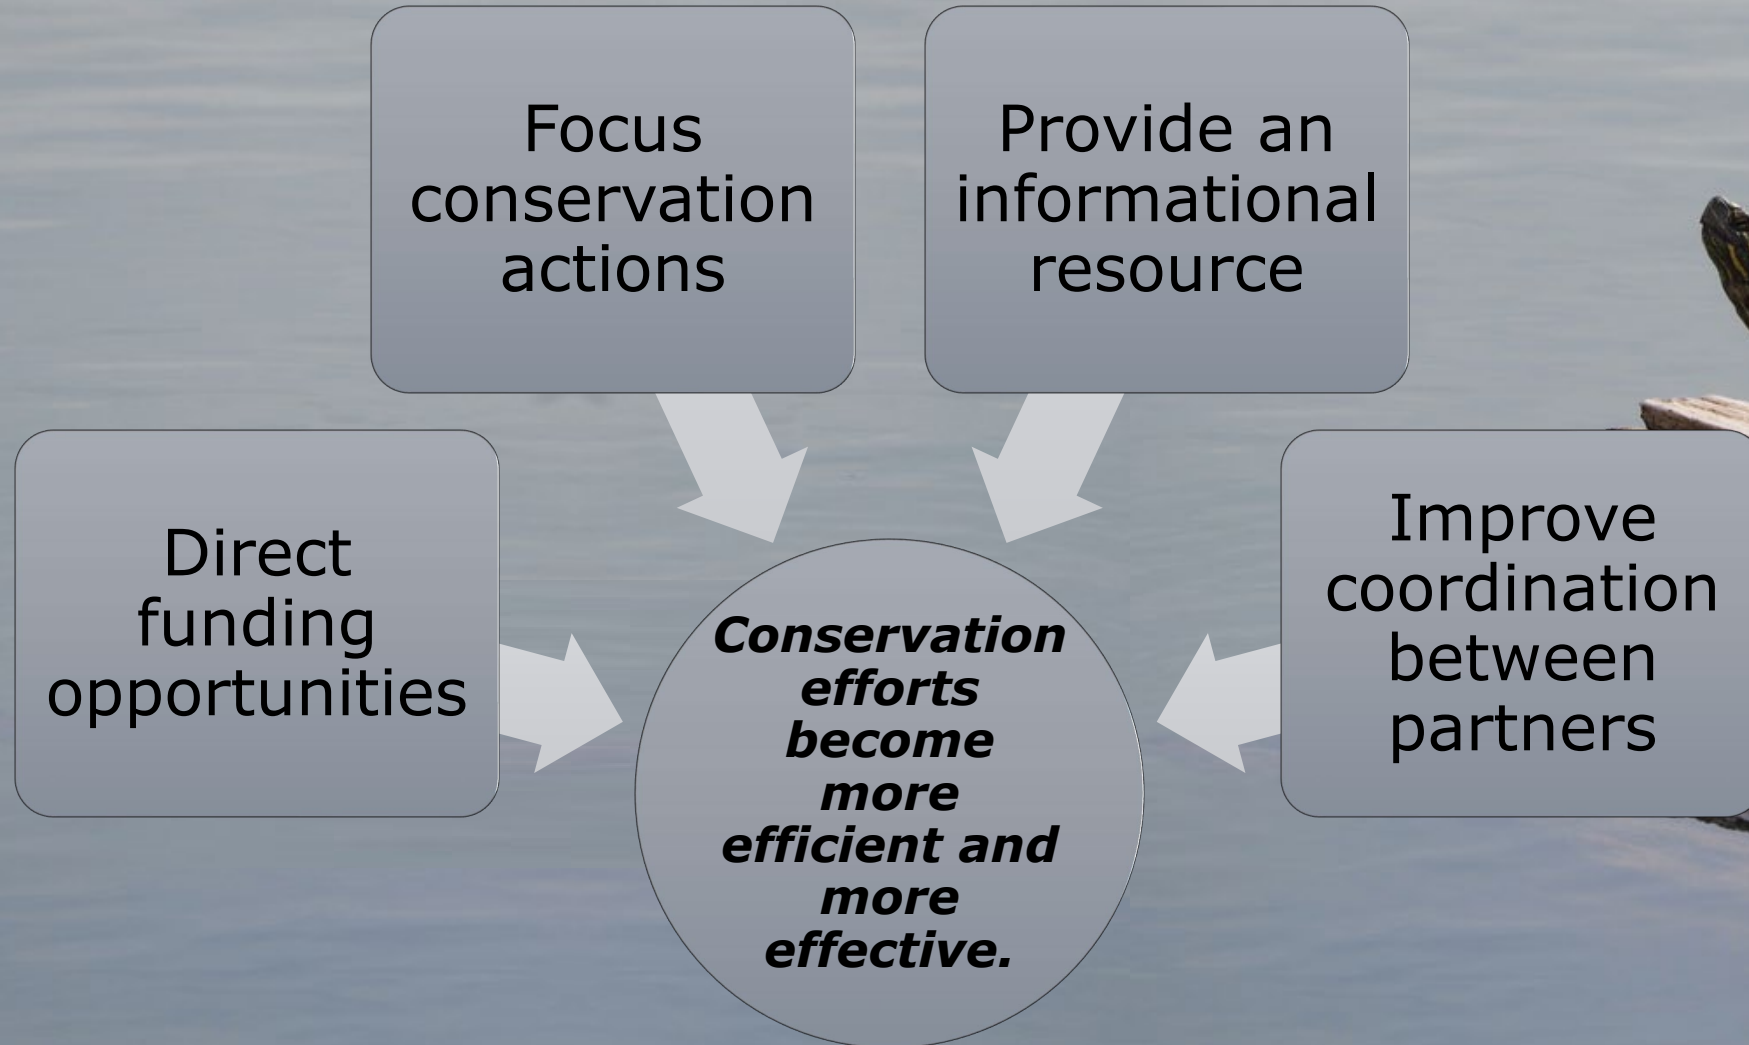

Oregon Conservation Strategy Goals

1. Maintain healthy fish and wildlife populations by maintaining and restoring functioning habitats
2. Prevent declines of at-risk species
3. Reverse declines in these resources where possible

Voluntary, proactive approach to reduce future federal and state ESA listings.

How the Strategy works

Western Painted Turtle

10 Year Required Revision

- Required to revise the Strategy every 10 years
- Condition of participation in the State and Tribal Wildlife Grant Program
- Oregon as a national leader
- Opportunity to enhance resources available and guide future conservation action

The Oregon Conservation Strategy Revision

First 10-year revision in 2016:

- Reviewed and updated all sections
- Incorporated new science, data, tools, and resources
- Facilitated access and use by developing website
- Added Strategy data layers to Compass

2026 Strategy Revision Goals

- Incorporate new science, data, tools, and resources
- Robust engagement with diverse stakeholder groups
- Incorporate climate change throughout all components
- Update resources and tools
- Update the Oregon Conservation Strategy website, Compass, and data layers provided

2026 Strategy Revision Goals

Comprehensive review and revision of all chapters:

- Key Conservation Issues
- Strategy Species
- Strategy Habitats
- Conservation Opportunity Areas
- Oregon Nearshore Strategy

Required Elements

Species

Habitats

Threats and
Stressors

Actions

Partner
