Robert

Hope all is well. I'm writing you hoping the decision will be made to give us 2-3 more chinook each prior to September 15th. Last year it seems there were enough fish to do that but we were limited to one each. As a Nehalem fisherman for over 25 years I cherish this river and always look forward to my time there. One fish limit makes it very difficult to spend the time on this great river.

Also want to lobby for us sportsmen to be allow 3 wild coho this year. I think we all know there is plenty of fish.

Thanks for your time and I hope you'll pass along my thoughts.

Paul W. Hansen

Dear Mr. Bradley,

I am writing to you regarding the possibility that the fall season for Coho will look similar to last year. The consideration to get a least 2 more fish before September 15th would be greatly appreciated. Thank you for your consideration.

Regards,
Bob Mason

Hello Robert,

I am emailing you to add the daily wild coho catch limit to two. Hopefully you'll consider my proposal.

Thank you,

Michael McLaughlin
