I am writing this to appeal the Directors denial of my 2024 Elk points reinstatement request on 11-7-24.

I was drawn for Ukiah Archery any elk and hunted the first two days of the season. On the third morning I hunted the first two hours and then recieved the back injury stated in my "Tragic Personal Circumstances" statement.

I am now recovering from back surgery that was performed on 11-1-24

I ask that you would please reconsider the reinstatement of my points.

Thank you.
