

Criteria	Score	Scoring Considerations		Notes
(1) Clarity of the proposal <i>(Out of 6 points)</i>		Well Presented	<i>Project is written clearly, with concise sentences, and contains few grammatical/spelling errors.</i>	
		Organized	<i>Project has a logical flow with relevant information located together (e.g., background, methods, objectives, etc.)</i>	
		Clear Deliverables	<i>Project clearly states needs, outcomes, and methods/tools/actions to accomplish the deliverables.</i>	
		Clear Budget	<i>Project costs are defined, justified, and are relevant to the project deliverables.</i>	
(2) Cost efficiency of the proposed actions <i>(Out of 6 points)</i>		Projects that maximize the use of funds to achieve the stated outcomes	<i>Project costs are sufficient to meet project deliverables and proposed methods/equipment/staff time.</i>	
		Reasonable application of administrative costs	<i>Administrative costs are justified based on the type, size, and needs of the requesting organization.</i>	
(3) Timeliness and/or have the necessary approvals in place <i>(Out of 6 points)</i>		Projects that will be implemented quickly	<i>Projects length is designed to be on the timeline of roughly no longer 1-3 years – if longer length is justified</i> <i>Projects schedules or order of deliverables are logical and sequential for needs.</i>	
		Projects have necessary approvals in place	<i>This could include, but are not limited to, collection permits, access permits, transport permits, building permits, land leases, etc.</i> <i>If no permits are required, applicant needs to clearly state this within their proposal.</i>	

Criteria	Score	Scoring Considerations		Notes
<p>(4) Outdoor Equity</p> <p><i>(Out of 6 points)</i></p>		<p>Projects engages Oregonians in the solution to a key conservation issue or in recreational opportunities</p> <hr/> <p>Projects reach out to and engage people who have not participated in the past because of language barriers, financial barriers, access barriers, etc.</p> <hr/> <p>Projects that seek robust engagement with individual youth or underserved individuals, especially projects that are led by traditionally underserved communities and groups.</p> <hr/> <p>Projects that seek to close gaps in equitable access to education and opportunities.</p>		
<p>(5) Impact or scale of the proposed actions</p> <p><i>(Out of 6 points)</i></p>		<p>Projects has high impact on participating individuals or the target species or habitat.</p>	<p><i>Community engagement is clearly defined in the proposal, including but not limited to, education, outreach, extension, services, etc.</i></p> <p><i>“Impact” on peoples served is described based on identified needs</i></p> <p><i>Outcomes for target species or habitat are clearly described in the proposal through metric such as number of species, number of individuals, areas of land, etc.</i></p> <p><i>“Impact” on species and habitat is described based on identified needs.</i></p>	
<p>(6) Applicant “track record”</p> <p><i>(Out of 3 points)</i></p>		<p><i>Applicant has provided examples of past completed work or needed skills that demonstrate the project team can complete currently proposed work.</i></p> <hr/> <p><i>Applicant is known to their communities of practice or place; this can include but not limited to past work with ODFW, other regional resource managers, regional educational regroups and initiatives, local/regional community outreach programs, etc.</i></p>		

Criteria	Score	Scoring Considerations		Notes	
<p>(7) Appropriate / demonstration of partner investment</p> <p><i>(Out of 6 points)</i></p>		<p>Project engages a variety of partners</p>	<p><i>Project partners are clearly described, including their roles, relationships, and impacts within their communities of practice and/or place.</i></p>		
			<p><i>Project partners are appropriate for the deliverables and/or geographic regions where work is proposed.</i></p>		
		<p>Engaging in, and providing funding for, joint projects of the department and the State Parks and Recreation Department or other state agencies as recommended by the Oregon Conservation and Recreation Advisory Committee.</p>			
		<p>Project shows commitment from participants</p>	<p><i>Project participants demonstrate commitment through allocation of resources, such as, but not limited to staff time, funding match, additional supplies/resources, etc.</i></p>		
		<p>Clear about what each partner has committed to the project</p>	<p><i>Project participant roles within the project are clearly defined through participation defining needs, achieving deliverables, and/or evaluating project success.</i></p>		
<p>(8) Measurability</p> <p><i>(Out of 6 points)</i></p>		<p>Project identified the ability to quantify the results of the project</p>	<p><i>Evaluation metric are clearly defined, either as quantitative (i.e., numbers) or qualitative (e.g., stories, changes in opinion) and justified by project deliverables.</i></p>		
			<p><i>Resources required for evaluations are described.</i></p>		
			<p><i>Timeline for evaluations are described and justified – this can fall outside the project/grant timeline.</i></p>		
			<p><i>Reporting of evaluations is clearly defined.</i></p>
