

Upper Snake Spring Chinook SMU

ESA Designation:
No Designation

State Status:
No Status

Interim Assessment:
Extinct

Small irrigation dams and diversions had already reduced habitat quality in the first half of the 20th century. Passage to the Malheur basin was eliminated with the construction of Warm Springs Dam (1919) and Agency Dam (1935). All of the populations within this SMU became extinct after completion of the Hells Canyon Dam complex in 1967 eliminated anadromous passage.

Population	Exist	Dist.	Abund.	Prod.	Ind.	Hybrid
Pine	Fail					<i>Extinct Population</i>
Eagle	Fail					<i>Extinct Population</i>
Powder	Fail					<i>Extinct Population</i>
Burnt	Fail					<i>Extinct Population</i>
Malheur	Fail					<i>Extinct Population</i>
Owyhee	Fail					<i>Extinct Population</i>
