# Columbia River Action Notice

## Compact Action

### Oregon State Action

---

Oregon Department of Fish and Wildlife

May 30, 2006

---

The Columbia River Compact agencies of Oregon and Washington met today to review spring Chinook stock status and took the following actions:

#### Non-Indian Fisheries

##### *Spring Commercial Salmon Fishery*

- Adopted a non-Indian commercial salmon season as follows:

Season:                    7 PM Tuesday May 30 to 7 AM Wednesday May 31      (12 hrs)  
                                 7 PM Thursday June 1 to 7 AM Friday June 2              (12 hrs)

Area:                      Zones 1 - 5.

Sanctuaries:            Grays River, Elokom-B, Abernathy Creek, Cowlitz River, Kalama-B, Lewis-B, and Sandy River sanctuaries will be in effect.

Gear:                      8" minimum and 9-¾" maximum mesh size restrictions in effect.  
                                 Net length not to exceed 150 fathoms.  
                                 Use of monofilament nets is allowed.  
                                 Commercial shad nets (5-3/8" minimum and 6-1/4" maximum) are prohibited onboard vessels participating in the May 30 through June 2 salmon fishing periods.

Allowable Sales:      Adipose fin-clipped Chinook salmon, sturgeon, and shad.

**A maximum of three green or white sturgeon in the aggregate may be possessed or sold by each participating vessel during each calendar week (Sunday through Saturday) of the open fishing period. Maximum green sturgeon size limit is 60". The three sturgeon possession and sales limit includes both mainstem and Select Area fisheries.**

Participants:           Columbia River commercial fishers with appropriate licenses and legal gear that attended a state-sponsored workshop concerning live capture commercial fishing techniques and possess a certificate that allows participation in this fishery.

Owners or operators of commercial fishing vessels must cooperate with Department observers or observers collecting data for the Department, when notified by the observer of their intent to board the commercial vessel for observation and sampling during an open fishery.

Miscellaneous           As adopted at January 26, 2006 Compact hearing:

Regulations:           Soak times, defined as time elapsed from when the first mesh enters the water to when the last mesh leaves the water, must not exceed 45 minutes.

Red corks are required at 25-fathom intervals and red corks must be in contrast to the corks used in the remainder of the net.

Use of recovery boxes will be required on all lethargic or bleeding salmon or steelhead.

Each vessel participating in this fishery is required to have two operable recovery boxes or one box with two chambers in place. Operable recovery boxes require a flow of 16-20 gallons per minute to each chamber of the box(es). Each box must be operating during any time that the net is being retrieved or picked.

Lighted buoys are required on each end of nets being fished between sunset and sunrise.

Washington  
Reporting Rule

WDFW adopted a regulation requiring all Washington wholesale buyers purchasing fish from the winter commercial salmon fishery to send a report of their landings to WDFW by 10 AM on the day after the purchase date via either:

- a) FAX transmission to (360) 906-6776 or (360) 906-6777
- b) E-mail to [crfishtickets@dfw.wa.gov](mailto:crfishtickets@dfw.wa.gov)
- c) Telephone to 1-866-791-1281

## ***Columbia River Mainstem Shad Fisheries***

### ***Area 2S Shad Fishery***

- **Modified** the ongoing commercial shad fishery previously adopted at the January 26, 2006 Compact hearing as follows:

Gear: Commercial salmon nets (8" minimum and 9-¾" maximum) are prohibited onboard vessels participating in the May 30 and June 1 shad fishing periods.

### **Select Area Commercial Fisheries**

- **The following fisheries were adopted by Compact action in concurrent OR/WA jurisdiction waters and by the state of Oregon or Washington in state waters.**

### ***Blind Slough/Knappa Slough Fishery (Zone 74), Deep River Fishery (Zone 80)***

- Open waters in Knappa Slough and Blind Slough up to the railroad bridge are under concurrent Oregon and Washington jurisdiction and open waters of Blind Slough above the railroad bridge are under Oregon state jurisdiction.
- Open waters in Deep River up to the Highway 4 Bridge are under concurrent Oregon and Washington jurisdiction.
- Modified the ongoing commercial salmon seasons as follows:
  - **Retention of non-adipose fin-clipped spring Chinook is prohibited from 7 PM Tuesday May 30 through midnight Saturday June 3, 2006**

# Oregon State Action

The state of Oregon took the following actions:

## Non-Indian Commercial Fisheries

### *Youngs Bay Select Area (Zone 7) Commercial Salmon Fisheries*

- Open waters in Youngs Bay are under Oregon State jurisdiction.
- Modified the ongoing commercial salmon seasons as follows:
  - **Retention of non-adipose fin-clipped spring Chinook is prohibited from 7 PM Tuesday May 30 through midnight Saturday June 3, 2006**

## **FUTURE MEETINGS**

- A Columbia River Compact hearing is scheduled for 2:00 PM Monday June 5, 2006 via teleconference to review spring Chinook stock status and consider additional commercial fishing periods.
- For information concerning these decisions see May 30, 2006 Spring Fact Sheet #5.
