1. During spring salmon seasons in Zones 1 - 5, 4,000 total Chinook were landed, of which 3,514 were adults and 486 were jacks.
 2. All non-Indian commercial fisheries downstream of Bonneville Dam were closed to the retention of white sturgeon during 2014 based on OFWC and WFWC action.
 3. The possession and sales of chum salmon was prohibited by Compact Action on September 26, 2013 for non-treaty commercial fisheries beginning in October, 2013.
 4. One sockeye (2 lbs) was landed during the August Zone 4-5 fishery on August 6, 2014 and is included in the sockeye total.
 5. The retention of green sturgeon has been prohibited since July 6, 2006 (NMFS listed the Southern DPS as threatened on April 7, 2006 which became effective July 6, 2006).
