1. During spring salmon seasons in Zones 1 - 5, 7,235 total Chinook were landed, of which 6,460 were adults and 775 were jacks.
 2. All non-Indian commercial fisheries downstream of Bonneville Dam were closed to the retention of white sturgeon during 2015 based on OFWC and WFWC action.
 3. The possession and sales of chum salmon was prohibited by Compact Action on September 26, 2013 for non-treaty commercial fisheries beginning in October, 2013.
 4. Fall seining: beach seine = 681 total Chinook (572 adults; 109 jacks) and 58 total coho (55 adults; 3 jacks); purse seine = 2,312 total Chinook (2,191 adults; 121 jacks) and 529 total coho (509 adults; 20 jacks).
 5. The retention of green sturgeon has been prohibited since July 6, 2006 (NMFS listed the Southern DPS as threatened on April 7, 2006 which became effective July 6, 2006).
