* For April 5, 2016 --Allowable sales were for a maximum of four (4) adipose fin-clipped adult Chinook salmon that could be possessed or sold by each participating vessel. The first four (4) adult hatchery fish were to be retained, and no additional drifts could be conducted once the adult Chinook limit had been reached. Jack Chinook less than 24 inches in total length (and also adipose fin-clipped) were allowed to be kept and sold, and not included in the landing limit.

** For June 7-8, 2016 --Allowable sales were for a maximum of six (6) adipose fin-clipped adult Chinook salmon that could be possessed or sold by each participating vessel. The first six (6) adult hatchery fish were to be retained, and no additional drifts could be conducted once the adult Chinook limit had been reached. Jack Chinook less than 24 inches in total length (and also adipose fin-clipped) were allowed to be kept and sold, and not included in the landing limit.
