

# R & E Grant Application 15 Biennium

Project #:  
15-030

## *Fish liberation truck*

### ***Project Information***

---

**R&E Project Request:** \$120,000.00  
**Total Project:** \$130,000.00  
**Start Date:** 8/10/2015  
**End Date:** 6/30/2017  
**Organization:** Oregon Department of Fish and Wildlife

### ***Applicant Information***

---

**Name:** Jack Woods  
**Address:** 3403 Cherry ave.  
salem, OR 97303  
**Telephone:** 503-947-6218  
**Email:** jack.d.woods@state.or.us

### ***Past Recommended or Completed Projects***

---

This applicant has no previous projects that match criteria.

## **Location Information**

---

### Where is it?

The project will occur Statewide

## **Project Summary**

---

### Project Summary

*Please provide a couple sentence summary of the proposal.*

Purchase new liberation truck for the East Region. (ODFW) New truck will replace truck No. 100 currently stationed in Bend. Proposal is for a three axle tractor w/fifth wheel only. No tank. We intend to trade in truck No. 100 and estimate \$10,000 trade in value towards the new truck.

### Overall Project Goals

*Describe the primary goals or outcomes of the entire project, including elements not requesting funding from R&E.*

Purchase new liberation truck for East Region fish liberations to pull 2,800 gallon tanker. (Unit 07)

### Primary objectives of R&E funding

*Please describe the measurable objectives for the R&E portion of the funding request.*

### Current Situation/Justification

*Please describe the current situation and explain why this funding is needed.*

Replacement of truck no. 100. Truck 100 is a 1991 international that has proven to be very unreliable mechanically. Ongoing repairs costs are exceeding truck value.

### Recreation and Commercial Benefit

*This project will provide benefits to:*

Recreational fisheries  
Commercial fisheries

*Explain how this project will contribute to current (and/or potential) fishing opportunities, access, or fisheries management.*

The liberation truck will become a key component to the East Region's liberation fleet and assist with the following anadromous fish transfers; Mid-Columbia Coho restoration project 950,000 Coho transferred from Cascade Hatchery and Willard NFH to Yakama Nation's Wenatchee basin; As a portion of the Lower Snake River Compensation Plan, 1,120,000 summer steelhead are transferred from Irrigon Hatchery to Wallowa and Cottonwood acclimation ponds. The East Region liberation team also is also contracted with the Confederated Tribes of the Umatilla (CTUIR) to transfer; 700,000 Coho from Cascade Hatchery to Pendleton acclimation ponds. 600,000 fall Chinook are transferred from Bonneville Hatchery to Pendleton acclimation ponds, 150,000 spring Chinook transferred from Umatilla hatchery to the Umatilla river, 120 summer steelhead are transferred from Umatilla Hatchery to Umatilla acclimation ponds. 400,000 Spring Chinook salmon are transferred from Lookingglass Hatchery to acclimation ponds on the Lostine

River, Imnaha River, Upper Grande Ronde River, and Catherine creek. Trout- Nearly ten million trout are liberated annually into water bodies within the East Region accessible to the public.

*Is this project part of an approved Salmon-Trout Enhancement Program (STEP) activity?*  
No

*This project has been identified as a priority for:*  
Basin/regional

*Identify any plan or other document that identifies this priority.*  
Liberation truck to be used in the East Region assisting with the East Region's annual master fish transfer/stocking plan.

*This project is intended to benefit the following species:*  
Fall Chinook Salmon  
Spring Chinook Salmon  
Coho Salmon  
Summer Steelhead  
Cutthroat Trout  
Rainbow Trout

*This project will benefit anglers or fishery by providing:*  
Angling Opportunity  
Education/Outreach  
Monitoring/Research  
Hatcheries/Propagation/Liberation

#### Angling Opportunity

*This project will:*  
Improve the opportunity for anglers to catch fish (better stocked fish, trapping)  
Provide new opportunity for anglers to catch fish (new pond, more fish to stock more areas, new species)  
Restore a degraded fishery

#### Education/Outreach

*This project will:*  
Educate the public about angling opportunities and fisheries in Oregon

*The main focus of this project is to:*

*Is this education/outreach associated with ODFW efforts?*  
No

*This education/outreach effort will target:*

*Number of people targeted by this proposal:*

*Estimate the average amount of time that each attendee will participate in the proposed effort.*

*Explain the duration/frequency of the proposed outreach effort.*

*Will the developed materials be available for use by other organizations or the public(i.e curriculum, teaching techniques, educational strategies, materials)?*  
No

Monitoring/Research

*This project will be used to evaluate:*

*Has this project been reviewed or developed by an individual with appropriate qualifications (i.e ODFW biometrician, research professor)?*

No

*Is this study critical to fishery management decisions?*

No

No

*Is there a plan to repeat this monitoring or research in the future?*

No

*Will the data be reported or published?*

No

Hatcheries/Propagation/Liberation

*Hatchery Name:*

East Region Fish Liberation

*This is a:*

*As a result of this request hatchery production will:*

Maintain

*This project will:*

Restore, rehabilitate, modify, or replace existing liberation equipment

Add new or upgrade liberation equipment

Improve effectiveness of hatchery operations (i.e. improve survival or return to angler)

*Fish produced at this facility are for:*

**Project Description**

---

Schedule

Activity	Date	RE Funding
Have new truck in service 1/1/2016	9/1/2015	No

Permits

Permit	Secured?	Date Expected
	No	

Project Design and Description

*Please describe in detail the methods or approach that will be used to achieve the project objectives.*

Three axle diesel truck with a GVWR of 60,000 lbs. 410 HP engine. Automatic transmission.

Fifth wheel hitch.

Engineering

*Does the project involve capital improvement, engineering, site grading or other construction?*

No

Project Management and Maintenance

What is the life expectancy of R&E funded construction, structures, equipment, supplies, data or fishery?

Who is responsible for long term management, maintenance, and oversight of the project beyond what is funded by R&E.

Will the project require ongoing maintenance?

No

Is there a plan to collect baseline data and to conduct monitoring efforts to measure the effectiveness of the project?

No

**Project Funding**

---

Funding

Have you applied for OWEB funding for this project?

No

**Applicant Signature Page**  
**Fish Restoration and Enhancement Program**  
(Oregon Department of Fish and Wildlife Applicants)

I hereby make an application for financial assistance under the terms and conditions of the Fish Restoration and Enhancement Program as described in my project application. I acknowledge that:

- This proposal is an identified priority at the  district,  region, and/or  state level and has been identified as such in the application (check box for appropriate level).
- This proposal is consistent with any applicable goals, policies, rules, species or basin management plans adopted by the F&W Commission and this has been explained in the application.
- This proposal will not be used to cover, back fill, or fund shift elements that have been cut or defunded as part of agency budget reductions. Approved deferred maintenance or projects with division approval are exceptions.

I understand that if my project proposal is approved for Restoration and Enhancement (R&E) Program funding, the following will apply:

- Applicants must sign an agreement containing the terms and conditions for the project implementation, release of funds, and documentation of completion. Non-compliance may impact future funding opportunities.
- The R&E Program will not pay for expenses which occur before the approved start date or after the end date.
- Funding is available one biennium only without prior authorization by the R&E Board.
- Applicant agrees to notify the R&E Program of all funds not needed for the project upon determination.
- Any inappropriate expenses using R&E funds will be corrected by the applicant immediately. By the close of the biennium any expenses exceeding, or not identified in, the grant approval will be reverted to a local cost code.
- Copies of all landowner, monitoring and maintenance agreements must be submitted to the R&E Program.
- Educational products resulting from projects are public domain.
- Information collected is subject to Oregon Public Records Law.
- As applicable, the project will be consistent with all federal, state, and local regulations, including the State Land Use Planning Goals & Local Land Use Plans, prior to any on the ground work.

By signing this application, I certify to the best of my knowledge that the information contained in the application are true, complete and accurate. If awarded funding the applicant agrees to follow all terms and conditions outlined in the agreement.

Project Title: East Region Liberation Truck

Applicant Name: Jack Woods Title: East Region Lib Coordinator

Applicant Signature:  Date: 6/5/15

**Manager Certification:**

To be completed by Watershed Manger, Hatchery Coordinator, Program Manager, or higher level manager.

- I concur with the statements above and the applicant has permission to request these funds.

Manger Name: Brett Requa Title: East Region Hatchery Coordinator

Manager Signature:  Date: 6/5/15
