

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

1 In this document, [~~bracket and strikethrough~~] shows existing rule language proposed to be removed from
2 the Oregon Administrative Rules (OARs). New proposed text is shown with (**Bold and Underline**).

3
4 **Division 9**

5 **SALMON AND TROUT ENHANCEMENT PROGRAM AND RIPARIAN LANDS TAX INCENTIVE PROGRAM**
6 **635-009-0090**

7 **Salmon and Trout Enhancement Program Purpose**

8 These Rules guide the operation and project selection of the Salmon Trout Enhancement Program (STEP) as
9 authorized under the provisions of ORS 496.4[~~40~~]**35**, et seq.

10 Statutory/Other Authority: ORS 496

11 Statutes/Other Implemented: ORS 496

12
13 **635-009-0095**

14 **Salmon and Trout Enhancement Program Definitions**

15 The following definitions shall apply to Salmon and Trout Enhancement Program projects:

16 (1) Definitions listed in OAR 635-007-0501.

17 (2) [~~“Broodstock Development Project” means project in which adults will return to a recapture facility to provide an~~
18 ~~egg source for management programs~~]**“Acclimation” means to hold juvenile fish at a site other than where**
19 **they were reared, for a specified length of time immediately prior to release at the site, in order to cause**
20 **them to imprint on and return to the site as adults.**

21 (3) [~~“Commission” means the Oregon Fish and Wildlife Commission~~]**“Committee” means the Salmon and Trout**
22 **Enhancement Program Advisory Committee.**

23 (4) [~~“Department” means the Oregon Department of Fish and Wildlife.~~

24 (5) [~~“Educational[Project]” means project undertaken by a school or youth program.~~

25 (6) [~~5~~]**“Egg Incubation[Project]” means project in which eggs are contained and hatched and resultant fry are**
26 **released unfed.**

27 (7) [~~“Enhancement” means management activities including rehabilitation and supplementation that increase fish~~
28 ~~production beyond the existing production capability of the stock and/or habitat.~~]

29 (8) [~~6~~]**“Enhancement Project” is any project authorized by the Department in accordance with these rules.**

30 (9) [~~7~~]**“Fish Propagation” means to rear fish for release (includes incubation).**

31 (8) [~~8~~]**“Mark” means a distinctive identification such as a removed fin and/or characteristic scale pattern; a**
32 **coded-wire tag imbedded in the fish in addition to a removed adipose fin; or some other methods approved**
33 **by the Department for the purpose of identifying the origin of the fish.**

34 (9) [~~9~~]**“Stocking” means to release hatchery produced fish into state waters.**

35 (10) [~~10~~]**“Life Cycle” means:**

36 (a) Coho salmon — 3 years;

37 (b) Chinook salmon — 5 years;

38 (c) Chum salmon — 4 years;

39 (d) Steelhead — 4 years;

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

40 (e) Trout — 4 years.

41 (11) "Rehabilitation" means short-term management techniques which may include fish stocking, habitat
42 improvement, harvest management, or other work that restore fish stocks depressed by natural or man-made
43 events.

44 (12) "STEP" means Salmon Trout Enhancement Program.

45 (13) "Supplementation" means continued planting of fish to maintain or increase fish abundance in areas where
46 natural production is insufficient to meet management objectives.]

47 Statutory/Other Authority: ORS 496

48 Statutes/Other Implemented: ORS 496

49

50 **635-009-0096**

51 **Salmon and Trout Enhancement Program Advisory Committee; Membership**

52 **(1) The Salmon and Trout Enhancement Program Advisory Committee consists of nine members appointed**
53 **by the Governor through the Executive Appointments Administration application process.**

54 **(a) All citizens are welcome and encouraged to serve.**

55 **(b) Consideration should be given to the following:**

56 **(A) Ensuring that the Committee's membership reflects the demographic and geographic diversity of**
57 **Oregon;**

58 **(B) Members with experience working with volunteers, community service organizations, or involvement in**
59 **natural resource or angling education; and**

60 **(C) Including those engaging youth, underserved communities and diverse audiences, such as**
61 **communities of color, tribes, and low-income communities**

62 **(c) The term is four years, and members may serve up to two consecutive terms as appointed by the**
63 **Governor.**

64 **(d) Members shall:**

65 **(A) Be an Oregon resident;**

66 **(B) Have knowledge of Salmon and Trout Enhancement Program activities, work conducted by STEP**
67 **biologists, volunteers, and partner organizations;**

68 **(C) Be in good standing with the ODFW Statewide Volunteer Program;**

69 **(D) Complete required trainings and adhere to the ODFW Volunteer Code of Conduct;**

70 **(E) Represent the regional and statewide interests of the program and volunteers; and**

71 **(F) Investigate topics of importance to STEP and develop recommendations.**

72 **(e) Members of the advisory committee will represent the following regions:**

73 **(A) North Coast**

74 **(B) Mid-Coast**

75 **(C) South Willamette Valley**

76 **(D) North Willamette Valley**

77 **(E) Coos-Coquille-Tenmile**

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

78 **(F) Umpqua**

79 **(G) South Coast**

80 **(H) Upper Rogue**

81 **(I) Eastern Oregon**

82 **(f) If a vacant position is not filled with a qualified candidate, a member representing the public-at-large can**
83 **be appointed.**

84 **(2) The Committee shall select officers and may form sub-committees as necessary to carry out business**
85 **of the Committee.**

86 **(3) Members of the Committee will not receive compensation from the Department for service as members,**
87 **except as provided by ORS Chapter 292. Members may be reimbursed for actual and necessary travel and**
88 **other expenses incurred in the performance of official duties.**

89 **Statutory/Other Authority: ORS 496**

90 **Statutes/Other Implemented: ORS 496**

91

92 **635-009-0097**

93 **Meetings**

94 **(1) Committee meetings are public meetings and must be conducted as required by ORS 192.610 through**
95 **ORS 192.690.**

96 **(2) The Committee will meet no less than twice each calendar year to carry out the business of the**
97 **Committee.**

98 **Statutory/Other Authority: ORS 496**

99 **Statutes/Other Implemented: ORS 496**

100

101 **635-009-0100**

102 **Salmon and Trout Enhancement Program Policy and Goals**

103 (1) It is the policy of the Fish and Wildlife Commission, in carrying out the provisions of ORS 496.4~~[40]~~**35**, et seq.,
104 that a Salmon and Trout Enhancement Program shall be conducted to benefit all users of the salmon and trout
105 resources of this state.

106 (2) STEP goals are:

107 (a) Provide the greatest possible opportunity for citizen volunteer participation in achieving the Department's
108 management objectives;

109 (b) Rehabilitate and enhance natural habitat of salmon and trout;

110 (c) Rehabilitate and enhance populations of salmon and trout;

111 (d) Support and promote an education program to increase the public's understanding of Oregon's aquatic
112 resources and the environment.

113 **Statutory/Other Authority: ORS 496**

114 **Statutes/Other Implemented: ORS 496**

115

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

116 **635-009-0105**

117 **Salmon and Trout Enhancement Program Community Advisors**

118 **As identified in ORS 496.445 the Department, will assist citizen volunteers with implementation of STEP. A**

119 STEP coordinator and STEP biologist shall act as community advisors to:

120 (1) Provide technical assistance, **education, and training** to citizens responsible for implementation of
121 enhancement projects.

122 (2) Cooperatively develop enhancement projects with citizen volunteers.

123 (3) **Review and approve projects to ensure compliance with applicable rules, plans, and policies.**

124 **(4) Coordinate the implementation of enhancement projects with the activities of Department and staff and other**
125 **agencies.**

126 ~~(4)5~~ Provide educational and informational materials to promote public awareness and involvement in the salmon
127 and trout enhancement program.

128 ~~(5)6~~ Supervise the activities of citizens ~~[developing local brood stock for]~~ **undertaking** enhancement projects.

129 ~~(6)7~~ Evaluate enhancement projects with the citizens responsible for project implementation.

130 ~~(7)8~~ Coordinate grants of funds to citizens for the implementation of approved enhancement projects from such
131 moneys as may be available.

132 **(9) Provide educational and informational materials, and events to increase the public's understanding of**
133 **Oregon's aquatic resources and the environment.**

134 Statutory/Other Authority: ORS 496

135 Statutes/Other Implemented: ORS 496

136

137 **635-009-0106**

138 **Program volunteers**

139 **(1) Citizens and groups assisting with implementation of STEP projects are subject to the Departments**
140 **policies governing volunteers.**

141 **(2) The Department will provide training as outlined in OAR 635-007-0506 and 635-007-0548.**

142 **Statutory/Other Authority: ORS 496**

143 **Statutes/Other Implemented: ORS 496**

144

145 **635-009-0107**

146 **Propagation of fish through STEP**

147 **(1) The use of hatchery programs through STEP is important to provide citizen volunteer participation (ORS**
148 **496.440) and provide optimum fishery (ORS 506.109) and conservation benefits.**

149 **(2) All STEP hatchery related projects and associated propagation of fish must comply with the**
150 **Department's Hatchery Management Policy OAR 635-007-0542 through 635-007-0548.**

151 **(3) All STEP propagation projects must be implemented consistent with:**

152 **(a) A conservation plan OAR 635-007-0502(4) and 635-007-0505.**

153 **(b) For locations without a conservation plan, STEP propagation projects must meet the interim criteria**

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

- 154 outlined in OAR 635-007-0507 through 635-007-0509.
- 155 (c) Used responsibly to help achieve the goals of the Native Fish Conservation Policy OAR 635-007-0504(4).
- 156 (d) The Fish Health Management Policy outlined in OAR 635-007-0965 through 635-007-0995.
- 157 (e) The Climate and Ocean Change Policy outlined in OAR 635-900-0001 through 635-900-0020
- 158 (4) For STEP propagation projects, all eggs, fish, and any portions thereof continue to be the property of
- 159 the State of Oregon.
- 160 (a) It is unlawful to transport, hold, handle, possess, or release eggs or fish except as specifically
- 161 authorized by Department or when applicable a Fish Transport Permit OAR 635-007-0600.
- 162 (b) All fish returning to a STEP propagation project must be handled and disposed of in accordance with
- 163 OAR 635-007-0545(14).
- 164 (5) In the event of unforeseen shortages of eggs or fish, changes in facility availability or status, or need for
- 165 management adjustments the Department may implement any revisions necessary.
- 166 (6) Approval of a project that includes the use of water will be considered “certified” as identified in ORS
- 167 537.142.

168 Statutory/Other Authority: ORS 496

169 Statutes/Other Implemented: ORS 496

170

171 **635-009-0110**

172 **Salmon and Trout Enhancement Program Project Application**

173 (1) Any citizen or group of citizens may propose a project for implementation under STEP. Projects may include but

174 are not limited to: [~~Habitat improvement, egg incubation, fish propagation, broodstock development, fish stocking,~~

175 ~~spawning ground surveys, education, and data collection.~~]

- 176 (a) Improvements to aquatic habitats to provide resilience for expected future conditions.
- 177 (b) Stocking or acclimation of Department sponsored fish releases.
- 178 (c) Monitoring or research of fish populations, habitats, and water conditions over time.
- 179 (d) Education and outreach to inform the public about salmon, trout, and their habitats and opportunities to
- 180 get involved through STEP including educational classroom incubators in which no more than 500 eggs
- 181 may be incubated as an educational tool and all release locations must be approved by the Department.
- 182 (e) Propagation projects which may include but not limited to: harvest hatchery, conservation hatchery,
- 183 egg incubation, and rearing, acclimation, and release of fish.
- 184 (2) Following consultation with a STEP Biologist, the [P]proposed project[s] shall be submitted in writing on
- 185 forms provided by the Department.
- 186 (3) [~~A separate application is required for each proposed project or project site.~~]Projects which are initiated and
- 187 administered by Department do not need to apply under this section unless the Department is seeking
- 188 certification for the water right as identified in ORS 537.142 to support a project that will be implemented
- 189 with the assistance of volunteers.
- 190 (4) [~~Each project must have explicit goals, method of achievement, beginning and ending date, and, if applicable,~~
- 191 ~~evaluation plan.~~

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

192 ~~(5) Incomplete applications shall be returned to the project sponsor for completion.~~

193 ~~(6)]The Department may require any additional information it deems necessary in order to evaluate the project~~
194 ~~proposal.~~

195 ~~[(7) Applications for projects involving egg incubation or fish propagation must also comply with OAR 635-009-~~
196 ~~0425.]~~

197 Statutory/Other Authority: ORS 496

198 Statutes/Other Implemented: ORS 496

199

200 **635-009-0115**

201 **Salmon and Trout Enhancement Program Project Approval**

202 ~~(1) [All projects must comply with fish management goals and objectives as set forth in OAR 635-007-0501 through~~
203 ~~635-007-0830, and species and/or area management plans adopted by the Commission.]~~ **Approval will be based**
204 **on the Department's determination that the project complies with Department policies, fish management**
205 **goals and objectives including as applicable the criteria identified in OAR 635-009-0107.**

206 (2) All projects, prior to commencing, must be approved in writing by the Department.

207 (3) **Approval of projects shall be for a time period determined by the Department based on the type of**
208 **project.** ~~[will not be approved if the proposal, based on review by Department staff:~~

209 ~~(a) Is not based on sound biological principles;~~

210 ~~(b) Is not supported by physical and biological stream survey information;~~

211 ~~(c) Does not show a demonstrated need;~~

212 ~~(d) Proposes to use inappropriate methods to accomplish the project objectives;~~

213 ~~(e) Violates goals, policies, rules, species or basin management plans adopted by the Commission; or policies or~~
214 ~~procedures developed by the Department.]~~

215 (4) Project proposals will be evaluated ~~[according to their]~~ **by the Department prior to approval to determine**
216 **that:**

217 **(a) The proposal is consistent with relevant conservation plans developed under the Native Fish**
218 **Conservation Policy (OAR 635-007-0502 through 635-007-0509);**

219 **(b) The proposal is based on sound biological principles and uses appropriate methods to accomplish the**
220 **project objectives;**

221 **(c) Any new proposal to release or rear more than 100,000 fish has been reviewed and approved by the**
222 **Commission;**

223 **(d) The potential impact on all fish species, the environment, and contribution to the resource [-]are acceptable;**

224 **(e) All required federal, state, and local permits have been obtained;**

225 **(f) Any required fish screen, disease control mechanisms, and isolation facilities are in place and**
226 **operating;**

227 **(g) The fish and egg production meets criteria shown in previously approved programs for release size,**
228 **time, and mark rate, and disease control regulations will be met; and**

229 **(h) The applicant has sufficient resources available to ensure continued successful operations of the**

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

- 230 **project and, when applicable, adequate husbandry of fish.**
- 231 (5) The Department may prescribe such terms and conditions for project approval as it may deem necessary for
- 232 protection of naturally produced species (or stocks) **or to achieve compliance with Oregon laws or rules.**
- 233 (6) ~~[It will be the responsibility of the project sponsor to obtain all necessary water rights, access agreements,~~
- 234 ~~easements, and use permits, or any other permits needed to undertake the project.]~~ **After review of proposals, the**
- 235 **Committee will provide recommendations to the Department.**
- 236 **(7) The Department may choose to not issue project approval if:**
- 237 **(a) The propagation of the fish specified in the application will be the first introduction of that species into**
- 238 **the watershed in which the proposed facility is located;**
- 239 **(b) For fish propagation projects, the Department finds the project or operation, as proposed by the**
- 240 **applicant, is not consistent with relevant conservation plans developed under the Native Fish Conservation**
- 241 **Policy;**
- 242 **(c) For habitat, monitoring, and education projects, the Department finds the project or operation, as**
- 243 **proposed by the applicant, would tend to be harmful to existing fish populations in or below the project**
- 244 **site;**
- 245 **(d) The Department finds the applicant violated any terms of any license, permit, or operational plan issued**
- 246 **by the Department; and**
- 247 **(e) The Department finds the applicant has failed to comply with any relevant statute, rule, or reporting**
- 248 **requirements.**

249 Statutory/Other Authority: ORS 496

250 Statutes/Other Implemented: ORS 496

251

252 **635-009-0120**

253 **Salmon and Trout Enhancement Program Revocation of Project Approval**

- 254 (1) The Department may revoke **or amend** its approval of a STEP project if it determines:
- 255 (a) The project ~~[has exceeded the scope of the approved project proposal]~~ **is no longer consistent with all**
- 256 **provisions of approval, including those identified in OAR 635-009-0115;**
- 257 (b) There has been a violation of any term or condition imposed on the project by the Department, **including**
- 258 **failure to cooperate or participate with the Department in good faith or a professional manner as described**
- 259 **in the Department's volunteer code of conduct;**
- 260 (c) ~~[Continued operation of the project may adversely affect fish populations in or below the project site; or~~
- 261 ~~(d)]~~ There are not sufficient moneys available to fund the Department's continued involvement in the project.
- 262 (2) The revocation of a project's approval shall automatically invalidate any Department Permits issued for such
- 263 project as of the date of revocation and may result in confiscating (reclaiming) by the Department of any fish or
- 264 eggs used in the project.
- 265 (3) Revocation of the approval for a project is in addition to and not in lieu of other penalties provided by law.
- 266 **(4) The Department may temporarily curtail amend any aspect of the project to ensure compliance with**
- 267 **section (1). Prior to revocation:**

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

- 268 **(a) The Department will notify the Committee of the proposed revocation;**
269 **(b) The Committee may review and make a recommendation to the Department; and**
270 **(c) The Department will consider the Committee recommendations before final actions.**

271 Statutory/Other Authority: ORS 496
272 Statutes/Other Implemented: ORS 496

273
274 **[635-009-0125**

275 **Egg Incubation and Fish Program Project Proposal**

276 ~~(1) Any citizen or group of citizens wishing to obtain and incubate and/or propagate salmon or trout, and to~~
277 ~~transport, hold or release any such eggs or fish resulting therefrom, must complete and submit to the Department~~
278 ~~an application form to conduct an "Egg Incubation" or "Fish Propagation" project. All such projects shall be~~
279 ~~identified as: rehabilitation, supplementation, educational, or broodstock development. For purposes of this rule,~~
280 ~~such projects shall be defined to mean one of the following:~~

- 281 ~~(a) Rehabilitation Project — A project in which fish are released to rebuild a currently depressed run;~~
282 ~~(b) Supplementation Project — A project involving continued planting to maintain or increase fish abundance where~~
283 ~~natural production is insufficient to meet management objectives;~~
284 ~~(c) Educational Project — Classroom or youth education project in which eggs are incubated as an educational~~
285 ~~tool; the number of eggs incubated may not exceed 500;~~
286 ~~(d) Broodstock Development Project — A project in which reared fish are released and the resulting adults return to~~
287 ~~a recapture facility to provide an egg source for management programs.~~

288 ~~(2) Applications for an Egg Incubation project shall:~~

- 289 ~~(a) Be submitted prior to September 1 of each year; applications received after this date will be considered but will~~
290 ~~have a lower priority for receipt of eggs;~~
291 ~~(b) Include the following information:~~
292 ~~(A) Name, address, and telephone number of applicant;~~
293 ~~(B) Species requested;~~
294 ~~(C) Egg incubation location and proposed fry release location;~~
295 ~~(D) Type of project to be undertaken (i.e., rehabilitation, supplementation, education, or broodstock development);~~
296 ~~(E) A clear and concise statement of the operation proposed by the applicant.~~

297 ~~(3) Applications for a Fish Propagation project shall:~~

- 298 ~~(a) Be submitted prior to July 1 of each year for projects proposing to commence during the next egg take cycle;~~
299 ~~(b) Include the following information:~~
300 ~~(A) Name, address, and telephone number of applicant;~~
301 ~~(B) Species and number of eggs requested;~~
302 ~~(C) Egg source;~~
303 ~~(D) Species and number of fish to be reared;~~
304 ~~(E) Egg incubation and fish propagation location;~~
305 ~~(F) Type of project to be undertaken (i.e., rehabilitation, supplementation, or broodstock development);~~

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

- 306 ~~(G) A clear and concise statement of the operation proposed by the application; the enhancement opportunity to be~~
307 ~~undertaken; and how the project meets fish management program objectives adopted by the Commission;~~
308 ~~(H) A map of proposed hatchery site or release site, clearly indicating the geographic relationship of the site to the~~
309 ~~surrounding area;~~
310 ~~(I) Clear and concise information on facility design, operation and maintenance costs, water supply, rearing and~~
311 ~~holding facilities, fish disease considerations and any other information the Department may request;~~
312 ~~(J) Plan to evaluate project;~~
313 ~~(K) Reports, technical documents, articles and data or information of any kind the applicant intends to rely on to~~
314 ~~support the facility;~~
315 ~~(L) A copy of all leases, options, easements, or other instruments by which applicant purports to have sufficient~~
316 ~~property rights pertaining to the proposed site to permit conduct of the proposed operation;~~
317 ~~(M) A statement from the appropriate local planning authorities of the county or other jurisdiction within which the~~
318 ~~proposed hatchery or release site is located, analyzing whether or not, in the opinion of the local jurisdiction,~~
319 ~~applicant's proposed operation is in compliance with the local jurisdiction's comprehensive land use and estuary~~
320 ~~plan;~~
321 ~~(N) A projection of social consequences caused in the future by returning fish.~~

322 Statutory/Other Authority: ORS 496
323 Statutes/Other Implemented: ORS 496

324
325 **635-009-0130**

326 **Egg Incubation and Fish Program Project Duration**

327 (1) Egg incubation and Fish Propagation projects may be approved for the following length of time; all projects are
328 subject to an annual review:

- 329 (a) Rehabilitation project: one life cycle of the species reared (see OAR 635-009-0105(7));
330 (b) Supplementation project: Five years;
331 (c) Broodstock Development project: one life cycle of the species reared (see OAR 635-009-0095(7)).

332 (2) A new project proposal must be submitted and approved if the project is to continue beyond the time period
333 authorized in section (1) of this rule.

334 Statutory/Other Authority: ORS 496
335 Statutes/Other Implemented: ORS 496

336
337 **635-009-0135**

338 **Egg Incubation and Fish Program Number of Fish Released**

339 (1) The number of fish authorized for release under either an egg incubation or fish propagation project shall be
340 determined by the Department. The number shall be based upon management objectives and carrying capacity of
341 water body stocked.

342 (2) Releases from a Fish Propagation project shall not exceed 100,000 fish of each species reared, except the
343 Commission after holding a public hearing may authorize releases above these numbers.

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

344 Statutory/Other Authority: ORS 496

345 Statutes/Other Implemented: ORS 496

346

347 **635-009-0140**

348 **Egg Incubation and Fish Program General Considerations**

349 (1) It is unlawful to transport, hold, or possess live fish or eggs without an appropriate permit issued by the
350 Department.

351 (2) The Department may authorize the taking of eggs from wild fish for use in a STEP project if:

352 (a) There is a demonstrated need for enhancement on a stream and a suitable source of eggs is not available from
353 public hatcheries;

354 (b) The project cooperator is involved in an approved project for selected broodstock development which includes
355 use of wild fish;

356 (c) Facilities are available for holding adults to maturation, spawning fish, and incubating eggs;

357 (d) A knowledgeable individual is available to provide assistance in handling of adults, determining maturation,
358 spawning, and care of eggs.

359 (3) The Department may require specific numbers of smolts be returned to locations if wild fish have been taken
360 and moved to another stream.

361 (4) In the event egg shortages occur, the Department will reduce the number of eggs per approved project by an
362 equal proportion, except the Department may establish priorities for certain projects that are expected to make a
363 greater contribution to the resource.

364 (5) All eggs or fish are the property of the State of Oregon and may only be released as designated by the
365 Department.

366 (6) All fish returning to a fish propagation project must be handled or disposed of as directed by the Department.

367 Statutory/Other Authority: ORS 496

368 Statutes/Other Implemented: ORS 496

369

370 **635-009-0150**

371 **Egg Incubation and Fish Program Disposal of Fish and Fish Products**

372 (1) All fish produced as a result of a STEP project remain the property of the State of Oregon and are subject to
373 harvest in any and all public fisheries.

374 (2) All fish returning to a STEP fish propagation project must be handled or disposed of as directed by the
375 department.

376 (3) Fish and eggs collected at a STEP fish propagation project are subject to the following priorities for use:

377 (a) Natural and artificial production needs of the department;

378 (b) Needs of the STEP program;

379 (c) Needs of Cooperative Salmon Hatchery projects;

380 (d) Indian ceremonial needs pursuant to ORS 496.201 to 496.221.

381 (4) The department may give written approval for the sale of salmon carcasses or salmon eggs to the project

Oregon Administrative Rules
Oregon Department of Fish and Wildlife

382 sponsor with the following conditions and consistent with OAR 635-007-0530:
