

Confined Space Entry Evaluation Sheet

Space Identification:		
Normal Use(s):		
Potential Contaminants (contents, coatings, residues):		
Physical Hazards (falls, slips, drowning):		
Biological Hazards:		
Entry/Egress Means:		
Likely PPE Needed:		
Likely Safety Equipment Needed:		
Ventilation Requirements:		
Air Monitoring Instrumentation Needs:		
Need to Lockout/Tagout Equipment:		
Common/Possible Work Activities:		
Communication Needs:		
Rescue Procedures:		
Space Isolation Techniques:		
Potential for Hot Work (cutting, welding):		
PERMIT SPACE	PERMIT SPACE (ALTERNATE PROCEDURES)	NON-PERMIT SPACE

Check the appropriate space classification
