Within the Cooperative Travel Management Area (TMA) boundaries, only roads shown in green, and the adjacent area within 300 feet of those roads is open to motorized vehicles. These travel requirements begin three days prior to the beginning of the general deer/elk archery season and run through the end of the second bull elk season. Exceptions include Elkhorn Wildlife Area Travel Management, Dry Beaver/Ladd Canyon Elk Enhancement Area, and Starkey Experimental Forest, which are permanent, and Trail Creek (10/25-11/15). The Starkey Unit includes the La Grande Watershed which is closed to motorized vehicles year-round.

Motorized vehicle travel within the TMA is restricted to designated open roads. Motorized travel on trails or cross-country is not allowed except by special permit from Wallowa-Whitman National Forest offices.

OBJECTIVES:
1. Protect soils and wildlife habitat
2. Minimize harassment of wildlife
3. Maintain adequate bull escape
4. Promote quality hunting

The green reflector (dot) system of posting open roads is used in this area. There will generally be no posting of closed roads or areas.

Visit www.OregonHuntingMap.com for an interactive map that is available on your cell phone or tablet.
Download the Geospatial PDF maps before your trip to view your location, even when you do not have cell service.

Violation Report
