COFFENBURY LAKE: A 50-acre lake in Fort Stevens State Park in Warrenton with ADA-accessible fishing. The lake has a boat ramp and docks to provide fishing access. Coffenbury Lake is also stocked with adult hatchery steelhead in the winter. Trout are stocked, and warmwater fish are also present.

CULLABY LAKE: A 220-acre lake located east of Highway 101, four miles north of Gearhart, provides two boat launches and docks for easy fishing access. Trout are stocked and warmwater fish are present.

LOST LAKE: A 15-acre lake on Oregon Department of Forestry property which can be reached by turning south on Nehalem River Road one-half mile east of Oney’s Restaurant and traveling eight miles to Spruce Run Park. Just before entering the park, there is a logging road (Lost Lake Road) heading east. Follow Lost Lake Road for approximately five miles to the lake. Trout are stocked. Note: During times of extreme fire danger, access to this lake may be restricted by the landowner.

SUNSET LAKE: A 110-acre lake located west of Highway 101, 4.5 miles north of Gearhart. The lake has a public boat ramp and dock. Trout are stocked, and warmwater fish are also present.
