3. If you participated in any season you must complete the form as follows, even if you did not harvest an animal. For each species and activity you report on, do not leave any boxes blank. See examples in the Furtaker Regulations.

a) County: Enter the county of harvest next to the appropriate species. If you need space for additional counties please attach additional form(s).

b) Harvest: Enter the total number harvested in each county by method of harvest. If harvest is zero, put 0. If an animal was released from a trap or hunted/treed but not harvested, enter that number in the Number Released column and not the Number Harvested column.

c) Nights trapped and days hunted should be reported for target species only, even if you were unsuccessful. In addition report the average number of traps set each night. Please refer to the examples in the 2020-2022 Oregon Furbearer Trapping and Hunting Regulations.

d) Pursuit Season: Record activity anytime you pursue, even if you have no intention of harvesting an animal.

e) Road Kills: Record all road-killed furbearers or unprotected mammals that you take into possession.
