Supplemental Information

Mid-Columbia Watershed District Internship
The Dalles

Job Description: The purpose of this position is to assist with day to day wildlife districts tasks, as well as assist with habitat management duties on the Lower Deschutes Wildlife Area.

Working Duties:

- Assisting the Mid-Columbia Wildlife District with general management activities (e.g. upland bird counts, habitat projects, and other wildlife surveys) in order to gain a wider diversity of general experience at the wildlife district level (25%).

- Assisting with habitat maintenance and improvement on the Lower Deschutes Wildlife Area. Duties to include habitat planting, fence removal, and weed control activities (25%).

- Utilizing radio telemetry to locate radio-collared animals that are missing or on mortality (25%).

- Assisting with the Upland Cooperative Access Program (5%).

- Assisting with general data entry and organization (10%).

- Assisting with district and research activities when needed (10%).

Preference will be given to candidates with the ability to work independently, especially in a remote or field setting. Frequently works outside during inclement weather (hot, cold, wet), required to work before and after daylight (at times), occasionally required to work on weekends. Overnight stays and camping are sometimes required in remote areas.
