Supplemental Information

Rogue District Wildlife Internship
Rogue Watershed District
Central Point

Working Duties: 1. Assist district wildlife staff in capturing black-tailed deer using clover traps and/or remote delivery of immobilizing drugs in the Applegate Wildlife Management Unit. This opportunity requires the ability to drive on four-wheel drive roads (50%).

2. Conduct a review of the efficacy of ODFW’s approved mitigation plans for homesite development in winter range habitat (30%).

3. Adopt a body of water, and conduct 4 repeat visit surveys for western pond turtles (10%).

4. Assist with day to day district wildlife activities (10%).
