

East Region District Management Intern (Ontario)
Oregon Department of Fish and Wildlife
Job Number 8

- Location:** Ontario, OR
Remote housing may be available
- Pay:** \$17.32/hour
- Duration:** Not to exceed 400 hours (10 weeks) (May 2024 – July 2024)
- Job Description:** Primary duties will be to provide a student intern with on-the-job training experiences related to management of big game. Specifically, the intern will monitor bighorn sheep in three different herds in the southern end of Malheur District as part of a test and remove program to eliminate reparatory disease pathogens. This may require extended overnight stays alone in a camp trailer or tent camping.
- Other benefits of this position are to recruit and train potential employees seeking careers in wildlife management. Intern is expected to gain the ability to develop and refine academic and professional goals as well as understand the structure and operation of a natural resource agency.
- Duties:**
- Assist with monitoring bighorn sheep populations (80%)**
 - Monitor adult bighorns with GPS/VHF collars
 - Monitor lamb survival
 - Recover collars
 - Collect biological samples from mortalities

 - Assist with implementation of district programs (15%)**
 - Assist in bear and cougar harvest check-ins
 - Data organization and quality control
 - Assist staff in addressing wildlife conflicts

 - Assist with miscellaneous duties as necessary (5%)**
 - Maintenance of wildlife equipment, vehicles and facilities
 - Other duties as assigned

**Working
Conditions:**

Successful applicants must be in good physical health, possessing the ability to hike long distances over steep, rocky, and remote terrain in often inclement weather. Applicants may be required to camp overnight in remote conditions. Applicant may be housed in a camp trailer for a portion of this term. Applicant should have a positive attitude while working odd, long, and variable hours. Contact with the public and other agency personnel are frequent and a well-developed sense of diplomacy and ability to interact in a professional manner is essential.

This position requires a flexible work schedule that varies in the number of hours worked on a daily basis, but not necessarily each day, or a work schedule in which the starting and stopping times vary on a daily basis, but not necessarily each day, and does not exceed forty (40) hours in a workweek. Work exceeding 40 hours per week requires prior approval by the supervisor.

Preferred Skills:

Preference will be given to applicants that have some or all of the following skills: 1) GPS navigation and map reading skills; 2) Ability to work safely alone in remote areas; 3) Safely operate a 4WD pickup and ATV; 4) Experience with outdoor activities such as hunting, wildlife tracking, hiking, and camping; 5) Ability to handle dead animals or parts of dead animals for the purpose of taking samples.
